### NEW LINEUP OF POWERS LOOMS AS SPLIT IS WIDENED

Great Britain, Italy, Spain May Reach Agreement, It Is Predicted

**BULLETIN**  
LONDON, Nov. 17.—Former Premier Asquith is to be premier and Lord Grey ambassador to the United States, it was believed, following a speech by Winston Churchill today at Manchester.

By DAVID M. CHURCH  
For International News Service  
LONDON, Nov. 17.—A new alignment of European powers appeared likely today as a result of the breach between England and France. Italy is supporting England and is prepared to draw into closer relations with Spain. It is possible a mutual agreement may be reached embracing Great Britain, Italy and Spain.

The new crisis affecting the Anglo-French entente has been somewhat dimmed in British eyes by the political campaign. It appears certain that Great Britain will not make any further concessions to France nor take any new steps regarding Germany and reparations until after the election, December 6.

It will be up to the new government to take definite international steps towards a new entente if the alliance between England and France is officially broken. In this connection, officials pointed today that to all intents and purposes, the Anglo-French entente has been inoperative for nearly a year. Neither England or France, however, wish to take responsibility for denouncing it officially.

**Feeling Is Growing**  
Many British statesmen do not want the entente broken off completely. But they feel that, with Italy's support and America's moral support, it is possible the new government may be able to make a move which will end the present impossible situation.

Anti-French feeling is growing in some quarters. It is believed that new penalties proposed by France may cause Germany to throw over the Versailles treaty. This would bring about new French military action, which would result in greatest chaos in central Europe.

Great Britain and Italy have exchanged views upon the various angles of the situation, and both are opposed to the occupation of Hamburg and Frankfurt.

### Bribery Hint From Attorney Roth, Claim

LOS ANGELES, Nov. 17.—Charges that Herman L. Roth, New York and Los Angeles attorney, hinted bribery to the officers who arrested him for an alleged attempt to blackmail Barbara La Marr, film actress, and Arthur H. Sawyer, her business manager, of \$20,000, were made today at the district attorney's office. Roth was at liberty today on \$5,000 bail.

The bribery hint was reported to District Attorney Asa Keyes by Charles Reimer, district attorney's detective, who headed the officers who arrested Roth. While en route to the Pasadena jail, where he was held incommunicado Thursday night, Roth whispered to Reimer that he had always played "50-50" with officers of the law, Reimer stated in his report.

### Girl, 'Perfect 36,' And 'Ordinary Man' Will Be Married

LOS ANGELES, Nov. 17.—Louie Brazzelle obtained a marriage license today to marry a "perfect 36" in the person of Miss Dolly Dixon. Miss Dixon explained she was a "perfect 36" because she was just 36 inches tall. Brazzelle is of medium height. They will be married tomorrow evening. Brazzelle stated that he and his bride planned to resume theatrical work.

### THIEVES GET DRUGS AND CURRENCY

Rob Acacia Pharmacy of Narcotics, Whiskey and Also About \$200

Narcotics and whiskey to the value of \$50 and \$200 in currency were taken from the Acacia Pharmacy, at the corner of Acacia street and Glendale avenue, by thieves who entered the store some time after 12 o'clock last night.

Entrance was gained by breaking the glass in the front door. The robbery was discovered by C. C. Harris, the proprietor, when he arrived to open the place at 7 o'clock this morning. Glass was strewn over the entire store, indicating that the thieves must have made considerable noise. At first Mr. Harris thought it was the prank of some mischievous boys, but going to the rear of the store in the prescription department, found that the lock on the narcotic case, which had been approved by the government inspector, had been forced, with twelve pints of whiskey and the entire narcotic stock missing.

**In Need of Dope**  
Apparently the intruders were after "dope" alone, as they made straight to the narcotic case. Recently Mr. Harris has been locking his money box in this case, and it was the first thing the robbers saw after forcing the lock. They took the bills and silver dollars, strewing checks, dimes, nickels and pennies over the floor. The thief or thieves wore gloves, as evidenced by the marks on the money box, indicating that they were experienced men.

Although the stock contains articles of value in other lines, nothing but the narcotic case was disturbed. Neighbors state that they heard a noise at the store about 1:30 o'clock this morning, but no one arose to investigate.

**Money on Hand**  
Mr. Harris has been in the habit until recently of carrying a large amount of money on hand to accommodate people in this section of the city who wish to cash checks after banking hours, especially workmen employed by Peter L. Ferry.

Evidently the thieves were not familiar with this, and Mr. Harris lays his money loss to the fact that the thieves accidentally stumbled on the money box while searching for narcotics.

### W. G. M'Adoo Due In Los Angeles Today

LOS ANGELES, Nov. 17.—While prominent Southern California Democrats prepared to greet William Gibbs McAdoo upon his arrival here late today from the east, reports were going the rounds that McAdoo would make a formal announcement tonight of his presidential campaign. Mr. McAdoo has practically admitted he will be a candidate, and his supporters have made a similar announcement.

### HOLD DEBATE ON LISTING SYSTEM

Dealers From All Parts of Seventh District at Gathering Here

By RALPH A. LYND  
Of The Evening News Staff  
Co-operation between members of realty boards offers the only method by which the multiple listing system of handling real estate sales can be made a success, according to the opinions expressed by realtors from all over the seventh district at the regional conference that was called to meet at the Tuesday afternoon club auditorium by Vice President Charles B. Guthrie of Glendale, this morning.

The speeches delivered by the visiting realtors, giving their experience with the multiple listing system, brought out both the advantages and the disadvantages of the system, as they had manifested themselves to the members of the boards using it, but the opinions expressed all came back to the one vital necessity for complete co-operation all along the line.

A. A. Pointer of the West Hollywood board, declared that the system works to the advantage of the broker, the seller and the purchaser, in that it enables the realtor to supply the demand for any kind of property, as the listings that come to every broker's office permit him to deliver the goods. The system was adopted by the West Hollywood board three months ago, he declared, and out of the 262 listings that have been made since that time over 30 per cent have been sold.

**Zone San Bernardino**  
George W. Holbrook of San Bernardino explained the method that has been adopted by that board in zoning the city and securing listings, and while the experience with the system there has not proven entirely satisfactory, he has faith that it will develop better in the future.

The advantages of the system, as shown by the experience of the Southwest Realty Board of Los Angeles, were explained by H. E. Nightingale, who stated that the broker gets something he can deliver, something that he can collocate 5 per cent commission on; he gets a signed listing with a definite time limit on it and it brings a closer fellowship between members of the board. Property once listed under this system cannot be advanced in price during the life of the listing, but must be delivered at the terms specified. (Continued on page 8)

### COME BACK IS STAGED BY COLT

Sinclair's Entry Hangs Up Victory in Match on Kentucky Speedway

CHURCHILL DOWNS, LOUISVILLE, Ky., Nov. 17.—Zev, Harry Sinclair's sensational "money horse," proved the better colt here this afternoon on a lightning fast track at a distance best suited for his going. Zev won by a nose.

In Memoriam, led by two lengths at the end of the half mile. At the three quarters Zev passed in Memoriam. At the stretch in Memoriam led.

**Close Finish**

Half way to the wire Zev forged ahead by a neck. Garner whipped in Memoriam and brought him up to the wire in what looked like a head. It was at first thought in Memoriam had his nose in front but the placing judges gave the race to Zev. In Memoriam was second.

The time was 2:06 3-5. The match race was for \$25,000.

That the track was plenty fast enough for the battle of champions was shown when Wise Counselor ran a mile in 1:30 2-5, to win the Kentucky Jockey Club stakes for 2 year olds.

Sinclair's Mad Play was second. Chithowee finished third. Happy Thoughts, the crack eastern filly, was out-run all the way.

### Glendale Scots Take San Diego by Storm

SAN DIEGO, Nov. 17.—The parade of the uniformed bands and drill teams of the Ancient Egyptian Order of Scots was held today. Spectators thronged the streets and crowded around the city plaza, where the bands played competitive concerts.

Later the line of march was extended to the stadium, where there was more drilling and concerts were held.

The convention will close today at the awards of honor for the best drill team and band. The departure of the 4000 delegates starts this evening, but a majority of them, it is understood, will stay over the week-end in order to make a personal and private investigation of the famous borderland joy haven, Tia Juana. The band representing Glendale made an impressive showing, and aroused much comment on its neat appearance.

## LATEST NEWS

### AMBASSADORS' COUNCIL IS POSTPONED

PARIS, Nov. 17.—Today's meeting of the inter-allied council of ambassadors to consider France's demand for additional penalties upon Germany was postponed. The date of the next meeting is uncertain, as some of the ministers have not received full instructions from their governments.

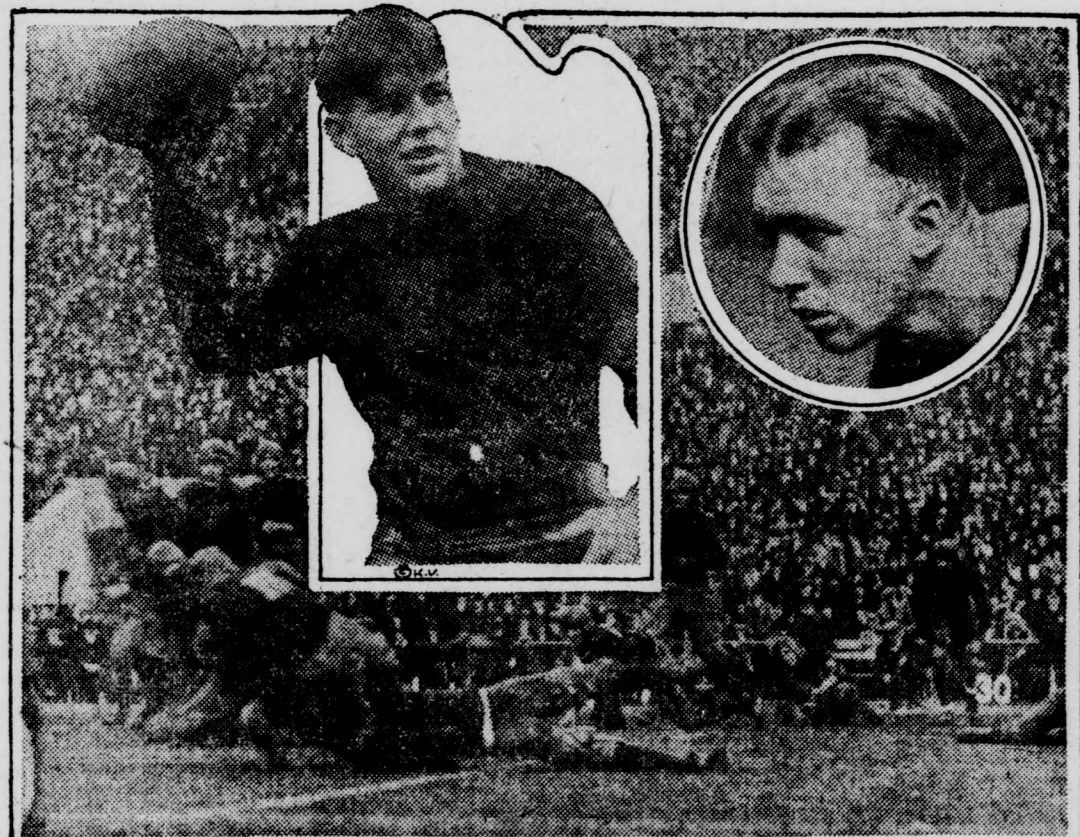

### BANDITS CAPTURE THREE FRENCH PRIESTS

PEKING, Nov. 17.—Bandits have taken three French priests prisoner near Changyi in Shantung province, the governor advised the government today. One escaped, the report stated, but two are still being held in captivity. This complicates the situation gravely as the government is at present in a deadlock with the French government over the gold franc question.

### DENY ANGLO-FRENCH ENTENTE IN DANGER

LONDON, Nov. 17.—Foreign office officials denied today that the Anglo-French entente is in danger of immediate dissolution. They said that, even if France acts alone in imposing additional penalties upon Germany, it will not mean the end of the entente. Foreign office officials were apparently more optimistic over the European situation today. They said that the delay of the allied ambassadors' council meeting might lead to modified French views. The breach between England and France remains wide, but statesmen have not lost hope it will eventually be sealed.

### Bulldog, Aroused, Hopes For Revenge For Last Year's Trouncing by Princeton

The rival captains this year, Bill Mallory of Yale, center, and "Snoops" Snively of Princeton, and scene from the 1922 struggle which Princeton won 3 to 0. Captain Aldrich of Yale is bringing down Quarterback Lourie of the Tigers.

### OKLA. EXECUTIVE QUILTS COURTROOM

Walton Withdraws From Trial: Claims Fair Hearing Is Impossible

OKLAHOMA CITY, Okla., Nov. 17.—In a dramatic address to the impeachment court this morning, Governor J. C. Walton announced that he would withdraw from the trial.

Walton, after a brief talk, arose and, accompanied by Mrs. Walton and his attorneys, marched out of the courtroom.

The state announced it would continue the trial. Walton's removal from office was considered certain, as he will offer no defense.

"I have been sitting here for ten days watching my trial," Walton declared in a voice filled with emotion.

"I don't want to criticize any member of the court. No doubt there are some members who desire to give me a fair trial."

"But it is plain to see that I can't get a just hearing in this court."

"Therefore I am withdrawing with my attorneys from this courtroom. You may proceed as you will."

### BALDWIN'S TARIFF POLICY ATTACKED

Labor and Liberal Foes of British Premier Fight Against Tories

LONDON, Nov. 17.—The British labor party jumped into the political fray with both feet today, issuing a manifesto denouncing Premier Baldwin's protective tariff policy and his program to relieve unemployment.

"A protective tariff is now ready for unemployment," said the manifesto. "It will foster a spirit of profiteering which will poison the life of a nation."

The labor party intends to restore to the people their lost rights in land," said the document. The laborites and liberals are standing side by side in the political fight against the Tories. Former Premier Lloyd George took the political warpath this afternoon, assailing Premier Baldwin and his policies in his first big campaign speech.

### CHEMICAL FIRMS IN FRENCH PACT

German Concerns Will Resume Full Production Under New Agreement

PARIS, Nov. 17.—Two of the biggest inorganic chemical plants in occupied Germany have signed agreements with the Franco-Belgian military authorities to resume full production, similar to those recently signed by dye manufacturers, the foreign office announced today.

A Mayence dispatch to the foreign office said that, beginning Monday, a German member will be admitted to the Franco-Belgian railroad commission to insure railway traffic between occupied and unoccupied Germany. The German member will represent the Berlin government.

**Mussolini's Speech Is Approved by Press**  
ROME, Nov. 17.—The press today generally approved Premier Mussolini's senate speech, urging modification of German reparations and reduction of war debts.

The premier said the best solution would be a move to make Germany's payments as easy as possible.

It was generally admitted that Italy and England are growing closer in international relations. The entire European situation is being closely watched by political leaders here.

### Coolidge Silent on Equality Amendment

WASHINGTON, Nov. 17.—President Coolidge declined to commit himself this afternoon when 200 delegates from the National Woman's party called on him at the White House and asked him to include in his forthcoming message to congress a recommendation for the adoption of a twentieth amendment to the constitution giving men and women equal rights in everything anywhere under the American flag.

The president, in a short speech, told his callers he was certain congress would lend them a sympathetic ear, but he personally expressed neither favor or disfavor on the proposed amendment.

### CROWDS SEE NUMEROUS GRIDIRON BATTLES

Eastern, Western Teams in Clashes; Tigers Battle With Bulldogs

**BULLETIN**  
YALE BOWL, NEW HAVEN, Conn., Nov. 17.—Yale found Princeton easy to overwhelm this afternoon in their annual "big game" in every period of play today before an estimated crowd of 80,000 wildly cheering football fans. The score was 27 to 0.

The Princeton tiger did not seem to have the punch displayed in the earlier season games, and with Harvard, the Blue scoring in every quarter with a varied aerial attack, backed up with consistent line plunging.

By DAVIS J. WALSH  
For International News Service  
NEW HAVEN, Conn., Nov. 17.—Fifty golden years of athletic amity and competitive bone-bruising will be celebrated this afternoon in the Yale bowl with the staging of the annual Yale-Princeton gridiron vendetta, under skies so dark as to be almost villainous.

Princeton has come here determined to avenge its defeat by Yale in 1916 and Harvard and, according to our information, will cast forward passes and caution to the four winds. Yale will fight to preserve its unbeaten slate and bury the bugaboo of chronic failure in modern football.

A crowd of a matter of 80,000, limited only by the capacity of the bowl, will sit in at the proceedings.

**Odds Favor Yale**  
The forecast is for showers, and in the event of rain, Yale, already granted pre-game advantages in everything except Vangerbig's punting, will fall fair to additional favor. A heavy field and ball will aid Yale's running attack and play havoc with Princeton's proposal to seek the open.

After a lugubrious morning, the day turned clear and calm before the game.

The prevalent odds of 10 to 2 on Yale might go as high as two to one, if the heavens weep. Reckoned on the basis of comparative records and man power, Yale is a sure thing bet. It has a better forward line, built around Millstead, Blair and Lovejoy, than Princeton can muster. It has, in our opinion, superior ends in Luman and Bingham, with Hurlman and Deaver in reserve. It has what appears to be two great backfields. And, finally, it has in Richeson a real quarterback, the first Yale football has known since the dark ages.

**Daring Exponents**  
Although Yale would seem to be in for a romp if it wasn't for the fact that Princeton is Princeton. The Tigers haven't a great football team this season, but, as a rule, they don't need one. They are the greatest opponents extant and can always match a loose ball with a Princeton arm-pit. They are, perhaps, the most daring of all. (Continued on page 3)

**A SOCIAL EVENTS**  
Meet at School  
Several matters of vital im-  
portance were discussed and  
taken up at the meeting Thurs-  
day afternoon of the Broadway  
Parent-Teachers' association of  
which Mrs. Mary Reese is presi-  
dent.  
Mrs. Reese opened the meeting,  
asking all members to give thanks  
for the many blessings they had  
received during the past year and  
this was followed by the Lord's  
Prayer.  
As a result of the membership  
drive, Miss Gunderson's room was  
awarded the ice cream cone treat.  
At this time it was announced  
that \$23.30 had been realized  
from the card party given by the  
Broadway and Wilson Avenue  
Intermediate P. T. A., for the  
benefit fund for the relatives of  
the recent fire victims.  
It was decided to serve  
luncheon on Thursday, November  
22, to the children of the school  
and also on the first Thursday in  
December as a benefit for the  
treasury fund.  
At the close of the business ses-  
sion the following program was  
presented: Vocal numbers by Miss  
Mildred Hughey, assistant musi-  
cal director of the city schools,  
accompanied on the piano by Miss  
Gladys Sharp; address on "Child  
Hygiene" by Dr. Owens; address  
by Mrs. Albert Danford, Glen-  
dale Librarian on "Good Read-  
ing"; highland fling dance by  
Bessie Smith; talk by Mrs. Wick-  
er on the Community Welfare  
chest; announcement of the pro-  
gram for National Educational  
week by Mrs. Mary Ryan, prin-  
cipal of the school; talk by Miss  
Edna Farnier relative to her re-  
cent trip to Scotland; and C. R.  
Rettberg, secretary of the club who  
gave the club's auxiliary, urged all  
fathers and mothers to attend the  
next meeting of the auxiliary,  
Thursday, November 22, at 8  
o'clock when the school will be  
thrown open and exhibits of the  
children's work on display.  
The next regular meeting will  
be held in the evening, on Decem-  
ber 20, in conjunction with the  
club's auxiliary. The pupils of  
the school will furnish the pro-  
gram.

**Needlecraft Club**  
Members of the Wilson Avenue  
Needlecraft club enjoyed a pleas-  
ant affair Thursday when six  
members of the club who cele-  
brated their birthday anniversaries  
during the month of November  
entertained at luncheon in the  
private dining room at the Egyp-  
tian Village cafe.  
The table decorations were  
pink and white button chrys-  
themums arranged in silver bas-  
kets. Pink roses decorated the  
place cards. At the end of a de-  
licious luncheon with the dessert  
course appeared a handsome  
birthday cake, decorated with  
pink roses combined with green  
effects, bearing six lighted can-  
dles, with which the guests sur-  
prised the hostesses.  
In addition to this little sur-  
prise, the guests had also planned  
an afternoon at the theatre for  
the six hostesses.  
Hostesses at the birthday lunch-  
eon were Mesdames C. S. McKee,  
Bell Taylor, Edna Lord, Frank  
Stahl, L. H. Beck, M. K. Todd.  
Hostesses at the theatre party  
were Mesdames H. H. Pettit, Jean  
Forrester, Olive Kee, John T. Mc-  
Gregor, Frank Cheney, E. E. Haw  
and Miss Olive Beck.

**Players Hosts**  
The Community Players will  
give a card party at their club  
hall, 428 South San Fernando  
road next Wednesday night be-  
ginning at 8 o'clock. Progressive  
bridge and five hundred will be  
played. Dainty prizes will be  
awarded the winners, with of  
course a "booby" prize thrown in.  
Refreshments will be served, and  
a wonderful time is expected.  
There will be informal dancing  
from 9:30 to 11 o'clock.  
An official hostess, who makes  
everybody acquainted so that  
newcomers or lonesome folks  
feel at home at once. The public  
may obtain admission to this and  
all other socials by registering  
with Mrs. L. Bradley, 131 1/2 South  
Brand, or Nanno Woods, 122 West  
Milford street and obtaining the  
usual card of invitation with the  
payment of a nominal sum for ex-  
penses.

**Plan Big Benefit**  
At the meeting Thursday night  
of the Glendale Canadian Club,  
plans were inaugurated for an en-  
tertainment to be given in Janu-  
ary for the benefit of the picnic  
fund for the annual Canadian pic-  
nic to be held at Santa Monica  
beach. The appointment of the com-  
mittee chairmen and other details  
will be announced at a later date.  
At the close of the business ses-  
sion a very pleasing program was  
presented, including readings by  
Mrs. Daniel McLean, Miss Martha  
Warfield and F. E. English; vocal  
numbers by W. Groutage, Mrs. F.  
E. English and Mrs. White. This  
was followed by old-fashioned  
square dances and the later  
popular dances.  
The next meeting of the club  
will be held Thursday night, No-  
vember 29, and will be a dance.  
All members are urged to keep  
this date in mind.

**Luncheon Hostess**  
A pleasant affair was given  
Wednesday by Mrs. J. Hartman  
at her home on North Western  
avenue, when she entertained  
with a luncheon and card party.  
Luncheon was served at 12:30  
o'clock, which was followed by  
an afternoon of "500." Mrs.  
George Hyne was awarded the  
prize for high score, Mrs. W. J.  
Siebert second, and Mrs. W.  
Echles third.  
Those present included Mes-  
dames H. Richter, W. Echles, G.  
Hartman, E. Shirik, C. Vogel, T.  
Swan, W. Sigel, W. Z. An-  
derson and Mr. and Mrs. F. S.  
Card.

**Thanksgiving Day**  
The members of the local  
W. C. T. U. celebrated their an-  
nual Thanksgiving Day Friday  
afternoon at the home of Mrs. J.  
A. Quackenbush, 1119 East Colo-  
rado street, with a very large at-  
tendance.  
Mrs. Ruby Smart, president of  
the W. C. T. U., who has been ab-  
sent for the past six weeks on ac-  
count of illness, presided over the  
business hour.  
This was followed by studies in  
government led by Mrs. C. W.  
Bacon and a program which had  
been arranged by Mrs. O. S. Pal-  
mer, consisting of two violin num-  
bers and a reading by Miss Evan-  
geline Quackenbush; the reading  
of the national Thanksgiving  
proclamation by President Cool-  
idge, and a talk by Mrs. Hughey,  
officer of the old ladies' home,  
relative to the home. At this time  
a large contribution of fruit;  
clothing and other articles was  
donated to Mrs. Hughey for the  
home as a part of their Thanks-  
giving work. A collection of  
clothing for the Japanese relief  
was also taken.  
The next meeting will be held  
November 30, at the home of Mrs.  
L. Richardson, 1856 South Brand  
boulevard.

**Birthday Party**  
Inspiration for an enjoyable af-  
fair given this afternoon by Mr.  
and Mrs. M. M. Betz at their  
home at 405 Hawthorne street,  
was the ninth birthday anniver-  
sary of their daughter, Vesta.  
Bouquets of pink flowers and  
greenery were artistically used in  
decoration. The refreshment  
table decorations were also car-  
ried out in the same color scheme.  
A beautiful birthday cake dec-  
orated in pink and green formed the  
centerpiece, and favors contain-  
ing cunning paper caps and lolly-  
pops dressed as dolls marked the  
guests' places.  
The afternoon was devoted to  
games, contests, races, a peanut  
hunt and other features.  
Mrs. D. Wallace of Los Angeles  
assisted Mrs. Betz.  
Those present besides the hon-  
oree, Vesta Betz, were Elizabeth  
Harriet Reynolds, Eileen  
Moffett, Loretta Jensen,  
Evelyn Menk, Raymond Dick,  
Robert Black, Margaret Coughlin,  
Bill Stepher, Robert Holmes, Bill  
Swaner, Fred Stepher, Eileen  
Champion, Harriett McMullin.

**Board Will Meet**  
Preliminary to the meeting  
next Wednesday afternoon of the  
Glendale Union High School Par-  
ent-Teachers' association at the  
high school, the executive board,  
headed by Mrs. C. H. Whitney,  
will meet at 3 o'clock Monday af-  
ternoon with Mrs. Pierson Han-  
ning at 235 North Orange street.  
A most interesting program is  
planned for the meeting Wednes-  
day, when faculty members rep-  
resenting the various departments  
of the school will talk on their  
work.

**Open New School**  
Members of the Magnolia Par-  
ent-Teacher Association are enter-  
taining with a house-warming in  
the new school house Tuesday  
night, November 20, at 7:30  
o'clock.  
Superintendent R. D. White  
will give an address on "Educa-  
tion" and Mrs. E. B. Moore, fed-  
eration president, will also give a  
talk, and a musical program has  
been arranged for presentation at  
this time.  
All parents and friends are  
urged to be present.

**Club Activities**  
At the meeting yesterday morn-  
ing of the Parliamentary Law  
Club held at the Glendale Public  
Library, a study of the "By-  
laws" was presented in a most in-  
teresting way by the president  
and teacher of the club, Mrs.  
Harry Greenwalt. This was fol-  
lowed by an open discussion.  
During the business session the  
club colors and motto were dis-  
cussed. Final decision will be  
made at the next meeting, Decem-  
ber 7.

**Dinner Tonight**  
Dr. and Mrs. A. E. Mack of 439  
Kenneth road are to celebrate  
their ninth wedding anniversary  
tonight with an informal dinner  
at their new home, entertaining  
guests Mr. and Mrs. W. Z. An-  
derson and Mr. and Mrs. F. S.  
Card.

**P. T. A. Speaker**  
The speaker at the Acacia  
Street School Parent-Teachers' as-  
sociation on Friday afternoon was  
Horace M. Rohok, superintendent  
of the Santa Monica schools who  
declared that universal education  
was the only hope of world peace  
and made a plea for a better un-  
derstanding between schools and  
parents.  
Miss Hazel Campbell, Glendale  
realtor and singer, read "My Fide-  
le" (Riley), and as an encore  
"Curiosity" (Dunbar).  
During the business hour, pre-  
sided over by Mrs. L. D. Torrey,  
president of the association, the  
sum of \$5 was voted for the fund  
for the purchase of books for the  
school for crippled children.  
Plans for the bazaar to be held  
Saturday, November 24, were  
completed. Mrs. Wm. B. Alexan-  
der, vice-president, will be in  
charge, assisted by the room  
mothers.  
A silver tea and card party was  
planned for early in December at  
the home of Mrs. E. B. Sutton,  
727 East Windsor road.

**Write of Trip**  
The many friends of Mr. and  
Mrs. E. W. Evans, of 1214 South  
Mariposa street will be glad to  
learn that they arrived safely at  
Covington, Ky., November 6, after  
a 3000-mile motor trip to their  
old home. Stops were made at  
Lawrence, Mo., in Kansas, and  
Indianapolis, Ind., to visit re-  
latives.  
They report a fine trip, making  
the 3000 miles with only one  
puncture. They were delighted  
to find copies of The Glendale  
Evening News awaiting them  
upon their arrival and as Mrs.  
Evans reports they "enjoyed ev-  
ery word from cover to cover and  
anxiously await the mail every  
day to get the Glendale paper." They  
send greetings of the  
Thanksgiving season to their  
Glendale friends.

**Entertaining Class**  
The meeting held Friday after-  
noon by the Loyal Women's class  
of the Central Christian church,  
at the home of Mrs. H. E. Cox,  
605 East Lomita avenue, was in  
the nature of a farewell party to  
Mrs. Cox and family, who are  
leaving soon to make their home  
in Alhambra.  
A short business session was  
held with the class president, Mrs.  
C. S. Archer in charge. This was  
followed by a program consisting  
of readings by Mrs. Wise and Mrs.  
Daugherty and songs by Mrs.  
Floyd Mercer and Mrs. Viva Lee  
Weidman. The program had  
been arranged by Mrs. Floyd Mer-  
cer.

**Birthday Dinner**  
Mrs. W. W. McElroy of 510  
South Adams street was hostess  
at a dinner one evening recently,  
celebrating the birthday anniver-  
sary of Mr. McElroy.  
A pleasurable feature of the  
affair was that it was a reunion  
of a group of friends who motored  
to Imperial valley last summer.  
There were present Mr. and  
Mrs. M. P. Harrison, Mr. and  
Mrs. T. W. Preston, Mrs. McElroy's  
sister, Mrs. W. C. Cutler of Lusk,  
Wyoming, who is wintering in  
Glendale, and Mr. and Mrs. Mc-  
Elroy.

**Heart Dr. Rogers**  
Dr. Lester B. Rogers, dean of  
the school of education at the  
University of Southern California,  
is to speak on "Patriotism" at the  
meeting of the Cerritos Avenue  
Parent-Teachers' association Mon-  
day afternoon.  
A board meeting will be held  
first at 2:30 o'clock and the asso-  
ciation meeting will begin at 3  
o'clock. In addition to Dr. Rogers'  
address there will be a piano  
solo, "Autumn Song," by Marg-  
aret Byerly. Later refreshments  
will be served.

**"States Dinner"**  
The members of the Women's  
Foreign Missionary Society of the  
First Methodist Episcopal church  
are entertaining on Friday night,  
November 23, with a "States Din-  
ner."  
This will be in the nature of a  
get-together and get-acquainted  
gathering. Dinner will be served  
at 6:30 o'clock. It is announced  
with the presentation of a fine  
program afterwards.

**Bard Section**  
Mesdames F. S. Card and B. O.  
Holbrook are to be hostesses  
Monday afternoon at the meeting  
of the Shakespeare section of the  
Tuesday Afternoon club at the  
clubhouse. The meeting will be-  
gin at 2 o'clock with the curator,  
Mrs. Walter Jones, presiding.  
The members of the Shakespe-  
peare section are to have charge  
of the dance tonight at the society  
circus.

**Come to Glendale**  
Mrs. Albert Corbett and Miss  
Lucille Corbett are recent arrivals  
in Glendale from Washington,  
D. C. They are located in an  
apartment at 112 East Chestnut.  
Miss Corbett, who is a talented  
reader and story-teller, was a  
special guest Friday night at the  
meeting of the Artists' section of  
the Glendale Music club.

**POINCARRE CHEERED**  
PARIS, Nov. 17.—Before cheer-  
ing members of the chamber of  
deputies, Premier Poincarre de-  
fended France from charges of  
obstinacy in dealing with Ger-  
many and virtually repudiated in-  
ter-allied debts.  
"They were the price of com-  
mon victory," he declared. "We  
shall pay them with class C bonds  
when Germany has paid—not be-  
fore."

**VACUUM PAPER HOLDER**  
Small vacuum clips have been  
invented for holding papers and  
cards against store windows or  
show cases.

**NASH**  
SALES  
COMPANY  
**NASHGRAM**  
NASH-LAFAYETTE  
GLENDALE DISTRICT  
With the opening of the  
AUTO SHOW  
we are preening our feathers  
so that all of our  
NASH Owners and  
prospective NASH Owners  
may rejoice with us in our  
new plumage!

**THEATRES**

**THE GLENDALE**  
"Men in the Raw," with Jack  
Hoxie, is the Universal attraction  
at the Glendale theatre today,  
a story of breath-taking facts ming-  
led with comedy relief, adapted  
to the screen from the magazine  
tale of W. Bert Foster.  
At the Glendale theatre today,  
also, are five acts of standard Bert  
Lewey vaudeville, including com-  
edy, dancing, music and novelties.  
Starting tomorrow, Tom Mix in  
"Soft Boiled" is the chief attrac-  
tion at this theatre, a William  
Fox production, offering this pop-  
ular star in a role unlike anything  
in which he has previously ap-  
peared. The hardy-fisted, west-  
erner quits fighting! He aban-  
dons chaps and sombrero for sec-  
ond-hand checks and horn-  
rimmed spectacles! So scream-  
ingly funny is this film that it is  
likely to alter the future course  
of Mix's career into comedy  
channels.

**RACY DETAILS IN  
BUREAU HEARING**  
Society Women Throng  
Session as Testimony in  
Probe Grows Spicy  
By WM. K. HUTCHINSON  
For International News Service  
WASHINGTON, Nov. 17.—The  
senatorial investigation of the  
United States veterans' bureau  
started as a solemn judicial pro-  
ceeding, was "running wild" to-  
day with the inquiry rapidly de-  
veloping a racy record of alleged  
amours and indiscretions on the  
part of men and women who have  
been familiar figures about Wash-  
ington.  
Charges of graft and conspiracy  
against Colonel Charles R. Forbes,  
former director, apparently have  
been submerged in attacks upon  
his private life. In retaliation,  
witnesses friendly to him were as-  
sailing the character of Elias H.  
Mortimer, the government's star  
witness.  
Scores of fashionably gowned  
women stormed the committee  
room today to hear more of the  
spicy testimony, although the  
hearing officially is given over to  
an investigation of the veterans'  
bureau.  
Instead of dry accounts on gov-  
ernment "red tape" women spec-  
tators wanted to hear more wit-  
nesses say "she was crying, her  
dress was torn, her eyes swollen,  
she had been beaten," or more  
whispers of an illegal operation  
and "drunken parties"—all of  
which are now in the record.  
Record Grows Spicy  
Society's delegation anticipated  
that there would be more of such  
intriguing gossip as "sweetheart,  
you are my only girl," and "he  
caught his wife riding with this  
man in the park after dark," all  
of which is now a part of the re-  
cord. Rather than dull statistics,  
they expected to hear further de-  
velopments in such events as  
"nude swimming party," the  
cable sent Forbes by a famous  
Broadway actress named "Peggy,"  
and her participation in an At-  
lantic City "hotel party," or a  
sequel to the statement, "he found  
Forbes in his wife's room," al-  
ready written into the official  
transcript.  
Crowds attending the hearing  
—particularly women—have been  
openly sympathetic to Forbes.

**RECEIVES \$200 FINE**  
A. Giovannazzi, 1443 Henry  
street, Los Angeles, who was ar-  
rested November 7 at the corner  
of San Fernando road and Ox-  
ford street by Lieutenant Nunn  
and Officer Hendrick when they  
found fifty gallons of wine in his  
Ford truck, was fined \$200 on  
each of two counts in the police  
court yesterday by Judge J. Rus-  
sell Morton of Pasadena. He was  
charged with the transportation  
of liquor and having it in his pos-  
session. Giovannazzi paid the fine.

**BIRTHS**  
A son was born to Mr. and Mrs.  
F. I. Ogden of Glendale, on Fri-  
day, November 16, 1923, at the  
Glendale Sanitarium and Hospi-  
tal.

**Princess of Japan Tea** is the  
finest blended tea in the world.  
Used in the Imperial Japanese  
household, 1.00 per lb. Sold by  
Japan Art & Tea Co.—Advertise-  
ment, 11-15-16-17.

**AUTO ON FIRE**  
An alarm turned in at 6  
o'clock last night called the fire  
department to the Standard Oil  
service station at the corner of  
San Fernando and Los Feliz  
roads, where a Ford touring car,  
the property of Howard Strub-  
hart and Harry Enoch, was on fire.  
According to a report made to  
the fire department, the gas tank  
ran over while being filled, and  
overflowing on the hot exhaust  
pipe, caused the car to ignite. The  
car was almost a total loss while  
the filling station was damaged  
to the extent of \$25.

**GETS \$250 FINE**  
Donald L. Campbell of Tu-  
junga, who was arrested on  
November 13 at the corner of  
Brand boulevard and Harvard  
street by Motor Officer Armer,  
was fined \$250 in police court  
yesterday morning by Judge Mor-  
ton. Campbell was charged with  
reckless driving. He had the cash  
with him and donated promptly.

Italy shipped 3,054,000 pounds  
of cherries to this country last  
year.

## EAST, WEST IN GRIDIRON GOES

Number of Teams Contest This Afternoon; Bears and Washington

(Continued from page 1)  
ponents of the modern game in the all too conservative east and with Vangerbig's spirals floating down the line, can be depended upon to take due advantage of every opportunity. They fight like a family itself.

Pacific Coast Elevens Are Ready for Contests

SAN FRANCISCO, Nov. 17.—With every team at the top of its form, Pacific Coast Conference football elevens will meet today in clashes expected to determine coast supremacy.

Centering the interest of far western fans is the tilt at Berkeley between teams representing the Universities of Washington and California. Neither eleven has met defeat this season and the winner of today's game will top the coast conference. Additional interest is given the contest because the winner will probably be selected to play at Pasadena, Cal., against the Navy in a post-season battle.

Stanford must win at Palo Alto this afternoon from the unbeaten University of Idaho team in order to be considered worthy of California's mantle in the big California gridiron classic set for next Saturday. University of Southern California players, conquerors of Stanford and victims of California, are expected to have no trouble in lambasting Arizona at Los Angeles.

**Advance Dodge.**  
Warriors of Washington State college will battle the Oregon Aggies at Tacoma. Neither of these teams are contenders for coast honors, having succumbed in mid-season games.

Strategic football, featured by a swift passing game and augmented by Coach Andy Smith's bag of tricks, was calculated to win for the California Bears this afternoon from Washington. Though the northern institution is credited with the best-drilled and most powerful squad in years.

Stanford is regarded as a victor over Idaho, despite the fact the Vandals have proved a stumbling block this season for all opponents.

Middlewestern Teams in Clashes This Afternoon

CHICAGO, Nov. 17.—Minnesota and Iowa, Michigan and Wisconsin, Drake and Kansas, Iowa State and Nebraska were the star acts of the mid-western gridiron bill today.

Iowa, loser of two hair-breadth decisions, against Illinois and Michigan, was favored to bring down the Gophers, an undefeated entry thus far.

Michigan, crippled by the loss of Yost's star quarterback, Uteritz, still hoped to continue its string of victories against the Badgers, although it was considered that the Wolverines have to show championship calibre to bring back a victory.

**Untarnished Record**

Drake carried an unblemished record to the Kansas fray, and Nebraska, tilters of the Notre Dame wonder team in the mid-west's best upset of the season, was expected to down Iowa State.

Illinois, with a clear string of six victories and the best claim to date for Big Ten honors, entered

## Glendale Evening News 'Does Its Bit' at Salt Lake City, States Writer

The following self-explanatory communication from Paul Millbrook of the Union Pacific system, dated at Salt Lake, was received today by the publisher of The Glendale Evening News:

Salt Lake City, Utah, November 15

Mr. A. T. Cowan,  
Glendale Evening News,  
Glendale, California.

Dear Mr. Cowan:—I am dropping you a line to emphasize the fact that The Glendale Evening News is, perhaps, a far greater pulling medium "and booster" for Glendale than even you, as its proprietor and publisher, may have imagined.

I was somewhat surprised, when I walked into the lobby of the Utah hotel here this morning and found a copy of The Glendale Evening News of November 3 lying upon the clerk's desk. The clerk informed me that the paper had been brought and left there by a guest several days ago, and that it had been read by practically everyone who entered the lobby, until it was barely legible as the result of so much handling. Upon looking on the register, I saw the name, "Mrs. Mary Alden, Glendale, Calif.," who had brought the paper with her and left it here.

That that barely legible copy of "The News" created a volume of intense interest here among those who had read it was evidenced by the fact that, upon introducing myself as a resident of Glendale,

the Mississippi A. & M. gridders today and, though Coach Zupke impressed upon his men that this was no push-over, the game generally was regarded as a sort of spot for the Illinois.

Chicago and Ohio State, neither contenders, argued it out at Stags field, and Purdue and Northwestern debated for the cellar championship of the conference.

Notre Dame, far less conspicuous than before the meeting with the Corn Huskers, contended with Butler.

Washington, and Oregon State College Teams Meet

TACOMA, Wash., Nov. 17.—State college elevens of Washington and Oregon were prepared for a hard battle when they faced each other on the Stadium field here today. The odds are all in favor of the Washington State college Cougars and their attack and latent strength is expected to carry them to victory over the Oregon Aggies.

Coach Exendine will depend on Marker and Hales to rip the Aggie line and is said to have developed a bewildering forward pass attack. The Aggies have failed all season to display offensive power but at times are strong on defense. A large crowd is expected to witness the game.

Multnomah Squad Battles With St. Mary's Fast Ones

PORTLAND, Ore., Nov. 17.—The boys from St. Mary's college at Oakland hoped to outspeed and outpass the heavier Multnomah club team in the game here this afternoon on Multnomah field. Coach Madigan relied on his fast backfield combination to out-run the clubmen, who so far have

date, I immediately had a number of guests inquiring about "the fastest growing city," "Climate" and "business conditions" were the main subjects dwelt upon, while a few wanted to know whether Glendale was incorporated with Los Angeles, and I replied with an emphatic "No."

The metropolitan sized sheet, such as this Saturday edition of "The News" proved to be, and which nearly equaled the local "Tribune" in proportion, surprised them greatly. Your "Development" section made an especially decided hit.

You can rest assured that this single, worn-out, minutely-perused copy of The Glendale Evening News received plenty of commendation and laudation, not only for its volume of "real" news and interesting departments, but also for its general style and make-up. In other words, those who know Glendale in Salt Lake City consider it some "booster" and in a class by itself, serving our community in an open, fearless, independent and commendable way.

Very respectfully yours,  
PAUL MILLBROOK,  
Union Pacific System,  
Salt Lake City, Utah.

been undefeated. Open play was expected to predominate for the field is dry and fast. Both teams were reported to be in good condition.

Arizona Wild Cats and U. S. C. Eleven in Contest

LOS ANGELES, Nov. 17.—Definitely out of the running for western football honors after its defeat by the University of California last Saturday, the University of Southern California grid eleven today tackled the Arizona "Wild Cats" at the Los Angeles Coliseum.

The "Wild Cats" are declared to have a ferocious aggregation in keeping with their name, but the Trojans are expected to take their measure in easy fashion. "Gloomy Gus" Henderson, Trojan mentor, refused before the game to state whether he would start his regulars or second string men against the Arizonans.

Practically nothing is known of the Arizona crew. Captain Clark, of the Wild Cats is known to be a dangerous man as a plunger, punter and passer. Arizona is expected to depend on an aerial game.

Squabble Over Officials Of Game Receives Denial

SAN FRANCISCO, Nov. 17.—Reports that a controversy had arisen over the officials for today's game between Washington and California at Berkeley were denied today by Rufus Klawans, secretary of the Pacific Coast Football association, which names the officials. Confusion arose, he said, because a set of officials selected last spring was not entirely approved by Washington and the officials who will work today were not selected until last week. The officials today will be: Varnell, referee; Huebel, umpire; Reave, head linesman, and Case, field judge. Reave is a Boston State man and Case is of Illinois.

Snapping Turtle Is Vicious After Death

OLEAN, N. Y., Nov. 17.—The body had gone into soup two days before, but the head of a snapping turtle displayed at the Elks' Club still had all the power in the bite of its teeth. Today Patrick Collins knows more about turtles.

A party of Elks captured the turtle in the mud of Olean Creek and took the prize to the club. The steward cut off the head and turtle soup was served. The steward kept the head and demonstrated its bite with a stick. "That's a mighty weak bite," said Collins, and he placed a little finger between the teeth. Two men, with sticks, were able to pry open the jaw after several minutes. Now there's a bandage around the digit.

SEIZE TWO STILLS

LOS ANGELES, Nov. 17.—Two new copper stills, seized by deputy sheriffs early today in an abandoned automobile in Florence avenue, were held at the sheriff's office awaiting proper identification by their owner. The stills are apparently in good working order, the officers said.

The stills were discovered when R. R. Bechtold, who reported to Compton officials having seen a machine in Florence avenue with no lights and on the wrong side of the road.

LOOTED BY BANDITS

LOS ANGELES, Nov. 17.—Locking their victim, O. A. Fowler, owner of a jewelry store in Moneta avenue, in a closet yesterday, two youthful bandits pillaged the store and escaped with \$2500 in valuables.

Flourishing revolvers the bandits entered the place and ordered Fowler to put up his hands, he told the police. He was then marched into a closet and the door locked. The bandits escaped in an automobile.

## COMMENT That's All

Need of Loaded Shotguns. Just Farmer, Not Politician. People for Real Economy. Glendale's S. P. Station.

By Gil A. Cowan

Almost daily we read of a sensational bank robbery, payroll holdup, not to mention the more bold banditry which goes on at the cashiers' desks of many industrial concerns.

Time was when people thought twice before they essayed holdup for a livelihood. Now even drunken men go out carelessly and threaten to shoot up the shop if their demands are not complied with "pronto."

Perhaps the power of force has a potency on the peoples of all nations. When they see the nations going out and boldly seizing the treasured possessions of another—and no one to say they nay—they perhaps feel justified in their deeds.

However, the writer opines there should be a standing committee with sawed-off shotguns to await on the association of burglars and bandits and offer them a little advice that will carry weight of a few buckshot.

We believe a bank messenger, cashier or other trusted employee of any concern is perfectly justified, before man and God, in shooting first rather than be assassinated in cold blood while in the pursuit of his honest duties.

Exploding a popular theory that Governor Richardson cannot be convinced as to the economy of providing this state with all that is necessary for the good of its people, this writer heard G. H. Hecke, director of the state department of agriculture, tell a luncheon club in El Centro, Thursday, that the governor had given the agrarians all that they asked.

In other words, after his budget makers had slashed some of the requested appropriations, the governor, Friend W. Richardson, on advice of his own agricultural council, put back into the budget bill those requests which Mr. Hecke deemed reasonable—and Mr. Hecke, by the way, is an extremely practical man. As he explains it, "I am a farmer, not a politician."

It might be well if this state had more farmers like Mr. Hecke and fewer politicians who are out organizing so-called "progressive leagues."

The writer scans the lists of those active in the organization of a movement designed to put Governor Richardson's policy of economy and efficiency in a bad light. We have met the gentlemen before.

Indeed, Senator H. C. Jones of San Jose, Lieut. Gov. C. C. Young and a few others we note are those who did not have their own sweet way at Sacramento last spring.

Well, they will have the pleasure of letting the "dear people" hear their howl, and if we are not mistaken the result will be in favor of continued economy with efficiency.

For, when all else fails the mere threat of economy begets dollar for dollar service from public officials when the least bit of charity means the pork barrel has been opened wide.

The Glendale Southern Pacific station is now taking form. We advise Glendale enthusiasts to go see it.

And we venture you will arrive at the same conclusions of others who have inspected the building. First, it is a most beautiful edifice, inspired by the city in the minds of the railroad officials, no doubt.

Second, it will be too small in capacity to handle the passenger and freight business we predict the Southern Pacific will have in Glendale.

However, be that as it may, if we are too late to enlarge the building let us ask that room be left in which to build a big front porch.

Which ought to help out a lot on sunny days!

Posse Searching for Boy Who Broke Jail

YUBA CITY, Cal., Nov. 17.—A posse of police officers and citizens is searching for Frank Taylor, 17, charged with the shooting of A. Pasta in Sutter county, who escaped from the Sutter county jail here today by slipping past Under Sheriff Walter Shelley, seizing keys and locking the jailer in the jail.

Taylor secured a gun from the sheriff's office and held up I. N. Rodefer, a passing autoist, and forced him to drive to Marysville, where he left the car in the heart of the business district. There the young bandit leaped on the running board of a car driven by H. C. McKiernan and compelled him at the point of a gun to drive him as far as the Crepsa ranch near Spenceville. There the bandit ordered McKiernan to drive away telling him he knew the foothill country well.

McKiernan said Taylor told him he would kill if necessary and that he had spared Rodefer only because of the fact he was an old man.

News of the escape has been wired Auburn, Grass Valley and Nevada City, where Taylor is believed to be headed for.

COUNCIL TO MEET

PARIS, Nov. 17.—The allied council of ambassadors will meet Monday to resume discussions of the French proposals of additional sanctions upon Germany, it was announced late today. The French cabinet also will meet Monday.

It is a nobler deed to hurt others than to stand by and allow others to hurt themselves.

## Sacrifice Sale of Furs!

Tuesday and Wednesday

The unseasonably warm Fall weather has greatly retarded the sale of Furs and Fur garments and consequently wholesale furriers are anxious—in fact, many of them are obliged to turn their stocks into cash now.

Taking advantage of this condition by making a spot cash proposition enabled us to bring these Furs to Glendale shoppers at a tremendous reduction and gave us the privilege of performing a service for our customers right at the height of the season, and also in time for Christmas shopping.

As a gift possibility a Fur piece is unsurpassed. These Furs will go on sale Tuesday morning and the specially low prices will be in effect on Tuesday and Wednesday.

LA CRESCENTA  
CHILD'S WELFARE  
SPEAKER'S THEME

P-T. A. Members Hear Juvenile League Representative Deliver Talk

Fewer mothers were present yesterday at Parent Teachers meeting than usual, but a fairly large number were in attendance. Mrs. Young, past president, at the request of Mrs. Augier, president of the year, in a few words told of her visit to the first district conference, which was held on October 25 in the First Baptist Church in Los Angeles. Mrs. Young, who has attended many such conferences, said this was the finest she ever had attended and that at the next one, which is to be held in Monrovia on January 10, 1924, she would have several of the La Crescenta mothers with her as these meetings are of intense interest to the intelligent mother of every school child.

A vote taken to change the day of meeting from the third Thursday to the fourth, was unanimous, and the next meeting of the executive board will be held on that date. This meeting will be an open one and in conjunction with the regular Parent Teachers Association and every mother is urged not only to come herself, but bring her neighbor.

It was announced that Mrs. Mary B. Darrow, at the next meeting will give a short talk on books for the parents who are contemplating giving books for Christmas gifts.

Children Give Program

The children, of third and fourth grades, under their teacher, Miss Edith Rhae, gave a short program, beginning with the flag salute in which all the mothers joined. The children as a class sang "Columbia," following with that typically childish song, "The Ginger Bread Man." A short recitation, entitled "Thanksgiving," was well done by the classes.

Mr. Blauford announced that Monday being teachers' institute, there would be no school on that date. All parents were invited to attend both morning and afternoon sessions to be at 9:30 a. m. and 1:30 p. m. respectively at the Glendale Union High School.

Mrs. Augier then presented the speaker of the afternoon, Mrs. E. K. Foster of the Juvenile Protective League of Los Angeles. Mrs. Foster is an old family friend of Mrs. W. Van Dusen and it was through her efforts the P-T. A. had the pleasure of hearing such an able speaker.

Mrs. Foster, who has had fifteen years' experience in her work, began her remarks by saying she was a post graduate mother, who had now to mother other motherless children which is the natural instinct of all mothers.

Two Kinds of Mothers

The speaker said as she did not like to make speeches, she hoped the mothers would make it a conference by asking her questions, and talking things over with her. In speaking of mothers, Mrs. Foster said there were two kinds, the instinctive animal mother, and the intelligent one. The first mothered and loved her child as long as it was little and helpless, then as an animal does, left it to its own devices when it was capable of talking and walking; the second mother grew with her child, helping him along the way, and learning from it, the many lessons all children unknowingly teach adults.

To Mrs. Foster's mind, the lone child is the most pitiful child in existence whether from the rich classes or the very poor, or the neglected middle class. Voluntary existence in children leads to repression. The only thing to do apparently in these cases is to give the child a companion if not his equal in years, then in intelligence.

The solitary child, Mrs. Foster stated, was literally the starved child, imaginary of times being long, when it should be playing with its own kind.

Mrs. Foster illustrated this point very aptly when she said, "We were in Scotland visiting and had with us our grandson, an American child. The son of the Scotch cook came with his mother to the house each day, scrubbed and shining. To keep the two boys happy and contented it was decided to allow them to play together. The wee Scotsman came in his ruddy face wreathed in happy smiles of anticipation; he had not, however, been in the room more than an hour when he was crying with all his power and asking, 'Why do you not play with me?' His mother answered the question very quickly. 'He dinna ken yer talk.' And this was true, he did not understand the American way of speaking English, but, when the little American learned to speak with the Scotch burr, the day was saved. The young Scot had taught the lesson that every child must have one of his own kind to play with."

Mrs. Foster told the mothers, that, had she her way there would be no such word as "don't." Supervise your children at their play, chaperone the older ones, but, don't repress them and above all, don't be always saying "don't."

Child's Two Growth

Of the two growths in children there are the beautiful and hideous. The beautiful is the natural, normal growth of the happy, healthy child, while the hideous growth is that of the perverted, distorted, repressed child. These are the kind who form the base of the seventy-five motherly complaints the Juvenile Protective League receive, and, as Mrs. Foster stated, not one-third of those children are naturally vicious and bad; also that not all come from the poorer classes, but a great part from the very rich homes.

Questions asked by the mothers on picture shows, parties, use of

Note for Fifty Million Marks Shows Kirk Party Nears Troubled Germany

A note on the Reichbank for fifty million marks pinned to a letter written by W. B. Kirk in Zurich, Switzerland, hinted of the Kirks' departure for Germany. In writing of anticipating the journey into Germany, Mr. Kirk says:

"Yesterday I met an American who had just been in Germany for three weeks and from what he says it must be anything but pleasant there just now, so we are not hurrying to cross the line. We will go to Basle this afternoon and to Freiburg Friday noon, which is our first German stop."

"As stated in my last letter, our stay in Lugano was very enjoyable and beneficial, undoubtedly accentuated by the beautiful weather which we had. Just after I had mailed the letter, however, another rainstorm came in for a day, but it had cleared when we regretfully took our departure at noon on Monday."

Enjoy Italian Climate

"Had we not felt the necessity of making our visit to Germany before the season grew so late that cold weather would be on us, we would certainly have prolonged our stay in Lugano for a week or two, because the Italian lakes section has a perfect fall climate and Lugano is one of the most beautiful spots we have ever seen."

"We had been at the Victoria hotel there so long that we had gotten well acquainted with it, from the landlady and his sons to the servants, and our leave-taking was like going away from home."

"By the way, this proprietor, C. Janetti, is from the oldest race of people in Europe, so he claims. They are the ancient Etruscans, who were in northern Italy long before the Romans, and who were driven into the high Alps, where some of them still live. They call their language 'Romage' (pronounced Rummage). Mr. Janetti showed me parts of an old Bible printed in 1737 in this language. It seems to be somewhat like the Latin."

Autumn Tints on Trees

"Our electric train gave us another inspiring ride from Lugano to Lucerne. The woods are now getting into the 'yellow leaf,' which, if anything, adds to their beauty. The combination of the annuals and the evergreens is very picturesque, as you know, and that combination exists all over Suisse. The last rain had brought fresh snow to the mountain peaks and we had views of pine and fir trees low enough down for us to see their snow mantles, which was a reminder of the days of our youth."

"Through tunnels and up and down mountain sides we wound and wound for the entire four-hour journey. As we got higher the air began to get chilly and has since not returned to the warmth experienced south of the big range. The engineering of these railroads is marvelous. The grades seem to be so easy that splendid time is made nearly everywhere. The roadbeds, the magnificent bridges, the dry tunnels, every bit of it seems perfect."

"We came under the Alps in the famous St. Gotthard tunnel, the first of the long tunnels, bored before they had modern machinery, which is such a great saver of time and labor, so its building was a long and tremendous job. I don't know its length, but we were fifteen minutes coming through it, running, I think, thirty miles an hour."

More Swiss Scenes  
"I believe I have described the country, quaint towns and typical Swiss scenery as well as I am able, and we had a continuation of it, with the addition of numerous waterfalls, which we had previously seen a few of. Most of them were tiny, but came from splendid heights, and some were large and exquisite."

"On the way the wife remarked, 'I have never felt that I could have any realization of how heaven will look like we came to Switzerland.' That's a good description of it. We saw several of the quarries from which the granite is obtained, and saw miles of the solid granite fences which I mentioned. I think, however, that I exaggerated their height just a little. I believe they are not over three and a half feet in height. But they also use granite posts, six by six, and six or seven feet high, for the trellises of their vines. They grow a great many chestnuts in Switzerland."

"I have never seen so many of these trees in any other country. We had a chilly reception when we reached Lucerne, but our hearts were warmed when we received cosmetics, etc., were most ably answered by Mrs. Foster."

Supervise your pictures, let the exhibitor know you will only have the best, don't let the children go too often. As to parties, the difficult part was the fact the other girls went and why not? All parents have to take care of this question sooner or later and must meet it with parental diplomacy and firmness."

The use of cosmetics is the natural impulse of every child to be what they think beautiful, and the wise mother will set the example by not using them herself. Mrs. Foster concluded her remarks with the biblical quotation And a Little Child Shall Lead Them."

Bulletins of the Juvenile Protective League were distributed and all mothers asked to lend their aid in the league's splendid work."

Community Sing

Tonight is the night of the Community Sing in Montrose and all the residents of the valley are cordially invited to attend and help get the organization on its feet. It is expected Dr. Marion Tracy Whiting will be present to give her assistance and co-operation at Montrose school house at 8 p. m.

The La Crescenta Branch of the Los Angeles County Free Library will be open tonight from 7 to 9 instead of Saturday on account of the masquerade to be given by the Woman's Club.

FIRST PERIOD IN DRIVE NEARS END

Campaign For Subscriptions Approaching Close of Primary Phase

By J. A. MALCOLM  
Salesmanship Club

One week from tonight will see the first of the first period of the big salesmanship campaign now being conducted by The Glendale Evening News. Just six more working days in which to get the subscriptions that will make you a winner of one of the big prizes. The crucial test is now at hand. If you ever expect to do anything big in this campaign right now is the time to do it. Club members should bear in mind that a few clubs of subscriptions will make a great difference if they are brought in before the close of the first period one week from tonight.

A little effort right at this time will be worth a great deal to those who work hard during the remaining few days of the first period. After the close of the first period the subscriptions will lose about one-third of their voting power and this means that unless you work hard now you will have to secure that many more subscriptions later on to catch up with the leaders and the subscriptions are easier to get now than they will be later.

Efforts Is Needed

Some members seem to think that it is a hard matter for them to win, but the man or woman who makes a special effort during the coming week they will readily see how easy the subscription getting becomes, and those who work hard are sure to be winners if they go after the subscriptions in the right manner.

Just to show you how easy it would be to win one of the best prizes we want to call your attention to the fact that twenty subscriptions for two years each, if turned in by next Saturday night, would give you 500,000 credits. That sounds like a whaling lot of credits and it is, and yet you can get that many credits by Saturday night if you will get out and work hard.

The best way to win is to make up your mind that you are going to work hard and use every effort possible to get the subscriptions and then go after them in a manner that will coincide with that determination, and if you do that you will be surprised to see how your friends will rally to your support and help you on top.

Campaign Nears End

The campaign will soon be over, and next Saturday night will, to a certain extent, tell the story, for those who make the best records during the first period are bound to be among those who will answer the roll call the final night of the campaign and receive one of the grand capital prizes.

The campaign department will remain open until nine o'clock Saturday night, November 24, in order to accommodate the club members who wish to work late. Club members will be waited on in turn. If possible it is a good idea to turn in whatever subscriptions you have early in the day and then come back again later and make the final turn in.

The standing of the club members is growing every day and ere long it is predicted that some of the club members will have a half million credits to their favor. Right now is the time to do your big work and it's a case of NOW or NEVER.

CLEAR FORBES IN HOSPITAL AWARD

Witness Absolves Bureau Head of Responsibility for Placing Contracts

WASHINGTON, Nov. 17.—Colonel Charles R. Forbes, former director of the United States Veterans' bureau, was absolved of all responsibility for the award of hospital contracts during his administration by Colonel Edward S. Walton, U. S. A., testifying today before the senate investigating committee.

Colonel Walton declared that the army quartermaster corps and the navy bureau of yards and docks made all practical awards of contracts and that Colonel Forbes merely approved their recommendations.

Colonel Walton denied that Forbes or any other employee of the Veterans' bureau had ever obtained a complete set of construction plans in advance of the public request for bids. His testimony was in direct contradiction of charges brought against Forbes by Elias H. Mortimer of Philadelphia, the government's star witness.

Radio Invention to Aid Spread of News

NEW YORK, Nov. 17.—Transmission of news by radio has been made practical by perfection of devices that will effect a revolution in the newspaper world. Editor and Publisher announced in its issue out today. The new developments, startling in their importance, greatly increase the amount of news that may be transmitted, overcome the delays due to land wire breakdowns and insure the news sent out can be received only by papers with the proper receiving apparatus—an ordinary model of a typewriting machine.

ARRANGE BUDGET FOR LOCAL CHEST

More Solicitors Are Needed To Take Part In Work Here Next Week

At a special meeting of the board of directors of the Glendale Welfare Chest, held yesterday afternoon at the Chamber of Commerce, the official budget of the chest for the year to be held November 20 to 23, inclusive, was ordered published for the information of the public. The total budget, with the amount of the allotments made up to date, is as follows:

American Red Cross	\$ 3,000.00
American War Mothers	300.00
American Legion Auxiliary	400.00
Boy Scouts	7,300.00
Bureau Catholic Charities	2,000.00
Children's Home Society of California	500.00
Children's Hospital Society	1,000.00
Christian Circle Club	600.00
Community Service	5,000.00
Glendale Welfare Council	1,000.00
Jewish Charities	100.00
Salvation Army	2,500.00
Women's Christian Temperance Union	300.00
Young Men's Christian Association	8,000.00
Total Allotments	\$32,000.00
Contingent fund	\$ 7,400.00
Total budget to be raised	\$40,000.00

The contingent fund of \$7400 is to be created for the purpose of having funds available to meet any emergency relief work, and thereby avoid the necessity of making special drives any time for any purpose, and to defray the nominal expenses of the campaign.

The campaign managers need the assistance of more solicitors and desire the names, addresses and phone numbers of all persons who will assist to cover the districts in which they live. All those willing to work one day or more will please phone the secretary's office, Glendale 3063, and, if possible, attend the mass meeting to be held Monday night at the Union High school auditorium at 7:30 o'clock, at which time full instructions will be given to the workers.

CABINET TO MEET

PARIS, Nov. 17.—A Brussels despatch to the Times this afternoon said the Belgium cabinet would meet Monday afternoon to consider the decision of the allied council of ambassadors on France's proposals that further sanctions be placed on Germany if she refused to extradite the former crown prince and submit the military control.

If the ambassadors' council does not agree with the French program, the dispatch added, Belgium will participate with France in exacting sanctions.

Confidence is more often destroyed by superfluous words than through errors.

ONLY THIRD OF MILLION NEEDED

Ninth Milestone In Race For Ten Million Mark Is Now Near

Increased activity during the week-end at the office of Building Superintendent H. C. Vandewater has brought the total for the year to \$8,665,336. Only one third of a million more is needed in order to pass the ninth milestone in the race for the ten million mark for 1923.

Applications to erect buildings to the value of \$553,899 have been received so far this month, and if this average is maintained, November will join the ranks of the months when permits passed the million dollar mark.

The following permits were granted yesterday, in addition to one of \$150,000 to the Glendale Sanitarium and Hospital, as chronicled in Friday's issue of The Glendale Evening News:	
W. R. Vanderwood, 6 rooms, 601 North Isabel	\$ 6,000
J. W. Birney, stores, 1009, 1009 1/2, 1011 South Brand	5,000
E. J. Hester, garage, 628 Perry Stradley, 6 rooms, 814 Sycamore Canyon Road	4,000
B. R. Owen, 5 rooms 1915 Orchard	3,500
A. Cott, 5 rooms, 515 Walnut	3,000
Sam G. Meyer, 5 rooms, 1110 Sonora	2,500
Mrs. William Griffin, 3 rooms, 131-A West Garfield	2,000
Charles Pennebaker, 3 rooms 1141 Irving	1,800
A. R. Esche, additional pump, 1241 East Broadway	1,200
Phillip Pallegren, addition and alterations, 224 West Magnolia	450
Phyrene Anderson, addition and garage, 1158 Rosedale	200
E. G. Leyhe, addition, 139 South Adams	200
O. M. Thomas, garage, 1629 North San Fernando road	125
Jennie Secon, 5 rooms, 531 West Dryden	100
Charles Purcell, wash house, 905 East Harvard	100
L. Roth, garage, 537 Palmer drive	100

PAINTERS TO MEET

All master painters of Glendale are invited to be present at a meeting and smoker to be held at Odd Fellows' hall, 201-A West Broadway, Monday evening, November 19, at 7:30 o'clock under the auspices of the Master House Painters' and Decorators' association of Los Angeles, affiliated with the international association. Short talks will be made detailing the benefits to be derived by belonging to the association, how the public can better be served by such an organization, and how it works to the painters' mutual benefit.

The snake has no "stinger," the forked projection from its mouth is its tongue, but the glands over its upper teeth force the poison through the teeth into the wound.

# COMEBACK STAGED BY MAD MUSICIAN

**Composes New Work While He Is Supposed to Be In Throes of Madness**

ROME, Nov. 17.—Don Lorenzo Perosi, celebrated maestro of sacred music, who, according to eminent specialists and music critics, has been of unstable mind for several years, has returned to public life and in so doing has had a glorious revenge on the critics and doctors.

His reappearance was at the cathedral at Farniano, when he conducted a performance of his well-known work, "The Passion of Christ."

This he followed with a new work, "The Psalm of David," which was received with frantic delight by the critics and acclaimed by them in glowing terms.

## CROWDS THROG CIRCUS OPENING

Tuesday Afternoon Club's  
Show Riot of Color With  
Many Attractions

A riot of color, a medley of attractions and a tempting array of holiday gift possibilities, describes the society circus now in progress at the Tuesday Afternoon Clubhouse on North Central avenue and Lexington drive.

The beautiful club home proved a most compelling inspiration for Mrs. A. H. Montgomery, chairman of ways and means, and her army of helpers and this year's big benefit has indeed far surpassed other affairs of the kind in previous years. From the humming, buzzing gay midway, to the last booth within doors interest confronts one on every hand.

Every club committee, section and member has co-operated with Mrs. Montgomery's general plan and success has marked every event of the affair from the opening hour yesterday morning.

**Crowd at Opening**  
A large crowd awaited the opening of the doors and this crowd was materially augmented by others who arrived in time for the noon luncheon and afternoon events. Then another big crowd began to arrive late in the afternoon to stay for the chicken pie dinner and the evening's festivities.

The success of yesterday was a fine background for today and by the final event tonight, the awarding of the Ford automobile by Ruth Roland, moving picture star, every section of Glendale will have been represented at the circus by hundreds of adults and youngsters.

A dancing party will be one of the features of tonight's program.

The club women and their guests have been especially attracted by the showing of fine lace at the Old Book Shoppe, with the Travel Section, the Bible Section and The Fine Arts Section in charge.

These laces belong to Baroness Ottily de Ropp of 520 South Brand boulevard and she is selling them to secure funds to bring her son, Baron Egon de Ropp, and wife, and little boy, to America from Russia.

**Haunted by Fear**  
In telling of this great ambition and desire Baroness de Ropp says, "They have suffered so much during the past years that their great desire is to join us in California, untroubled by the continual fear of being arrested or executed."

"Our little grandson prays morning and night to 'Boshka' (dear little god) to bring him to America where the children are so happy."

Baroness de Ropp is offering five pieces or sets, a handkerchief of real muslin from India, ordered for the wedding of her great-granddaughter, who married in 1895; small collar and cuffs, old Point de Venise, given to the father's mother in 1850 on the christening of her youngest son; a Rosanna (Venetian) collar; knitted lace "corsage" (front piece), a wedding present from the sister of her great-grandmother; a mantilla, black Chantilly lace in her family for over sixty years.

## C. E. Brown Here to Sell Glendale Realty

Glendale acquired a loyal booster and live realty salesman when C. E. Brown decided to leave his home in Madelia, Minn., and come to California to become a Glendalian, and the Consolidated Realty company, at 105 East Colorado street, have secured a valuable asset to their business in engaging Mr. Brown as manager.

Mr. Brown was in business in Minnesota for twenty years before the lure of California brought him west, and since coming to Glendale he has engaged actively in the realty game.

"Boosting for Glendale, 'the fastest growing city in the United States,' is getting to be a habit with me," says Mr. Brown. "I love Minnesota, where I have countless friends, but I'm also in love with California and Glendale."

## Izen Demonstration Being Continued

So successful has the demonstration of Izen, the magic fluid that once applied to bright metal surfaces keeps them lustreous and clean, that the Alaco Pacific company has continued the demonstration at the Monarch Auto Supply company, 204 South Brand boulevard, Glendale, for another week. Izen is not a polish or a lathering fluid, but a preservative of metal that when applied makes every kind of polished metal stay bright. It is especially recommended for silverware, metal parts on automobiles, washing machines, vacuum cleaners, musical instruments, yachts and metal signs.

## BALL GAME SUNDAY

With the Glendale Triple A team playing at Anaheim, local fans will not be deprived of their regular weekly treat, however, for the re-organized Glendale Athletic club team will take on Bonni's Dancers at Verdugo park tomorrow afternoon. They have their work cut out for them if they expect to win their first game, as the invaders boast some of the best semi-pro players in this section of the state in their line-up. "Lefty" Bacon, formerly with the K. C. team, will be on the mound for the Athletic tribe, with Falkner doing the receiving.

## Mayor Robinson Calls On All People to Observe National Education Week

Starting tomorrow, Sunday, November 18, the people of Glendale will be asked to celebrate the third National Educational Week, a nation-wide movement under the auspices of the United States Bureau of Education and the National Education Association, co-operating with the American Legion, which conceived and fostered the idea.

The committee of the local American Legion post, consisting of Eugene J. Wix, chairman, Richardson D. White and Rev. Charles M. Calderwood, is working with the school officials of Glendale to make the week a big success.

On Sunday, the first day, each minister has been asked to make the subject of his remarks the proper observance of the week, and the benefits to be derived therefrom.

**Speakers to Aid**  
Principal George U. Moyses of the high school, and Richardson D. White, city superintendent, aided by their assistants, have secured the services of several local speakers who are interested in educational work and qualified to speak on the subject, who will address the various organizations of the city, such as fraternal societies and luncheon clubs. The speakers, time and place of addresses will be announced from day to day during the week as they are decided upon definitely.

In conjunction with educational week, Mayor Spencer Robinson today issued a proclamation addressed to the residents of Glendale, as follows:

"American Education Week was first observed by the American Legion in 1921. This year again the American Legion in conjunction with the United States Bureau of Education and the National Education Association, are calling upon the people of the nation to observe American Education Week."

"The purposes of this great educational movement are to create a deeper and more universal interest in education, to remove illiteracy, to promote physical education and health service, to equalize educational opportunities throughout the United States, to Americanize the foreign-born, and above all to pave the way for a higher type of Americanism."

**Aids in Solution**  
"The American Legion and the organizations co-operating with it in this movement have dedicated themselves to the task of educating the youth of the country. This is a serious effort towards a solution of democracy's problems. These same men fought for the principles of democracy during the great war and their effort in educating the youth of the country springs from that deepest of patriotic motives that was expressed by the sacrifices rendered by them for democracy's sake during that war, a patriotism that must find its greatest strength in day to day continuous service in times of peace. Realizing the importance of saving for the world its principles of democracy for which they fought, they have dedicated and each year re-dedicate themselves to the task of making America truly American and making good citizens of all our aliens, to educating the American people to the dangers and evils of that radicalism that seeks to undermine and destroy our Government, to building America for the future, a future of greatness who is destined to attain, but which she can only attain through genuine education, enlightenment and the practical, unselfish service of us all."

"You will find every day of American Education Week devoted to this educational program. How long it shall take us to accomplish the purpose for which we are striving depends on you, fellow citizens. It is for you to determine how long it shall be before the people of this nation shall dwell together as a people united in thought, sympathies and community of purposes, cherishing one flag, one speech, and one ideal of government."

**Designates Dates**  
"Now, therefore, I, Spencer Robinson, Mayor of the City of Glendale, designate the week of November 18 to 24 for the observance of American Education Week in this city and I recommend that every citizen visit the schools at least once during this week and that they co-operate with the local post of the American Legion and the school authorities in furthering the cause of education."

"In witness whereof, I have hereunto set my hand, this 16th day of November 1923."

"SPENCER ROBINSON,  
Mayor of the City of Glendale."

**MAY BE EXEMPT**  
WASHINGTON, Nov. 17.—American firms doing business in the Orient may be exempted from paying income taxes to the United States, it has been learned officially at the White House.

The exemption is being urged to place American companies on a parity with companies of other foreign nations which are not required to pay income taxes to their home governments. President Coolidge is understood to favor the exemption plan.

**WOMAN ARRESTED**  
NASHVILLE, Tenn., Nov. 17.—Mrs. W. A. Weaver, "mystery woman" in the shooting of Captain W. S. Coburn by Philip E. Fox, in Atlanta, ten days ago, has been arrested here and is held pending orders from Georgia authorities.

The arrest was made at the request of Atlanta officers, who said that she disappeared from that city "about the time Coburn was killed." Nashville police reported that she had "been in hiding."

A wood that is immune to the attack of the terebo is Angelique, according to recent tests conducted in Dutch Guiana and it is said to owe its resisting qualities to the presence of fine particles of silica in its fibers.

Peanuts are more popular in Spain than in America.

**INJURED IN CRASH**  
George W. Sanford, aged 79, a resident of North Sycamore Canyon road, was struck by a car driven by Rush Irwin of El Paso, Texas, while crossing Broadway near Brand boulevard this morning at 8 o'clock.

The muscles of Mr. Sanford's legs were torn, and he also suffered facial abrasions. He was removed to the Glendale Sanitarium and Hospital, where, in spite of his advanced age, he is reported as resting comfortably.

Mr. Irwin was on his way to his home in Texas, from Westgate, when the accident occurred.

## THREE ONE-ACT PLAYS OFFERED

High School Pupils Give  
Clever Presentation of  
Dramatic Work

"Standing room only, and not much of that" were the words given out at the three one-act plays which were presented last night in the high school auditorium by the senior dramatic classes. The room was packed "way beyond capacity" with a large number standing.

The plays were a huge success. The acting was very good for amateurs and the parts were well carried out. The first play, entitled "Miss Molly," was a clever comedy and well presented. Harry Murphy as Reginald Peters, a crabbed woman-hater, and Paul Cunningham as Joe, the colored gardener, played their parts exceptionally well. Florence McLaughlin as Molly and Valera Trimmer as the governess also showed good talent. The play itself deals with a woman-hater, upon whom the care of four males is suddenly thrust. Molly adds to the trouble by trying to pretend she is someone else and a general mixup occurs, which is finally straightened out.

**Those Who Played**  
The cast: Reginald Peters, a misogynist, Harry Murphy; Annie, his sister, Mildred Sooy; Julian Howett, his ward, Harwin Mann; Molly, who causes the trouble, Florence McLaughlin; Cissie Saunders, who tries to be governess, Valera Trimmer; Joe, the colored gardener, Paul Cunningham; Pearl White, who is also dark, Bessie Rigg; Lady Elusia Miston, "of the nobility," Marie Henshaw.

"The Lord's Prayer," the second play, was well carried out, although it was a heavy drama for high school pupils to undertake. Charlotte Busby as Mademoiselle Rose showed excellent acting as the woman whose faith is shaken when her dearly loved brother, a priest, is shot down in cold blood by the French Commune rebels. How she is won back to forgive others is brought out during the story.

The cast: Zeele, the housekeeper, Isabel Tousey; Mere Blanch, a neighbor, Zelma Bunting; Mademoiselle Rose, Charlotte Busby; Monsieur Le Cure, Arden Glasgow; Jacques, a rebel, Glenn Roberts; an officer, Charles Worley; a soldier, Horace Anderson.

**Do Good Work**  
The third play was a very clever satire upon a rehearsal of "Dawn," called "Good Night."

The play deals with a rehearsal for a play to be given by the Ladies' Society for the Uplift of the Drama. The players all acted their parts well and created much laughter in the audience.

The cast: Mrs. Payne-Dexter, the director, Gladys Hopner; Sara, the stage carpenter, Sara Trump; Kathryn, who plays the part of Molly, Kathryn McNary; Grace, who plays the part of Dick, Ned King; Thelma, who plays the part of the doctor, Thelma Knudson; Mabel, who plays the part of Maggie, Mabel Welch; Mrs. Stone, Mabel's mother, Margaret E. Brown.

Several selections were played by the high school orchestra between the plays. "Black and White," "Spanish Dance" and "Turkish March" were played between the first and second plays, "Czardas" and "Danse Africain" between the second and third, with "Our Columbia Forever" as the exit march.

## Glendale Avenue Is Winner Soccer Title

The Glendale avenue boys captured the senior championship in the inter-school soccer schedule, when they downed the boys of Wilson avenue with a score of 3 to 0 on Wilson field yesterday afternoon. These teams have battled to a tie in four games preceding this one. Fulton Beatty is credited with two goals and Harry Doi kicked the third.

Lineups were:  
Wilson avenue: Robert Heck, captain; Earl Richardson, Earl Flock, William Hallam, Richard Randall, Kent Turner, Orville Shinn, Frank Wyckoff, Arthur Hudson, Ralph Morgan, George Hall.

Glendale avenue: William Chamberlin, captain; Fulton Beatty, Donald Hamilton, Carl Fick, Oldham, Charles Meach, Harry Doi, Ralf Gilman, Everett Dixon, Richard White, Royal Stiggle.

C. E. Willebrandt refereed.

**GAME AT ANAHEIM**  
Mike Donlin leads his crew of wreckers to Anaheim tomorrow afternoon for the second round of the Triple A season. Quinn and Arnold have been working out all week, and are in better shape to pick this Sunday than they were last, although their showing against the Palms-Culver City outfit was very good. Their teammates fell down on them in the latter part of the game and the Palms to tie the score after the bat boy had the bats packed away in the bag.

Quinn's ankle, which he hurt in the fifth inning turning first, is in good shape again and he will probably start the game for Glendale, with Mickey O'Brien on the receiving end, as usual. The game starts at 2:30.

**U. S. SHIP ASHORE**  
TUTILA, Samoa, Nov. 17.—The American barkentine Mary Wilkeman, while attempting to leave Pago-Pago harbor, drifted onto a reef near the entrance. Efforts to refloat her have been unsuccessful. Her officers and crew were landed here safely.

**TWO ARE KILLED**  
ESSEN, Nov. 17.—Two civilians were killed, two policemen probably fatally wounded and twenty-five persons injured in a riot between jobless crowds and the police at the Krupp works yesterday.

## TELL TRUTH WHEN AFTER U. S. JOBS

Applicants Warned Against  
False Replies to Civil  
Service Examinations

WASHINGTON, Nov. 17.—Following close upon the arrest and conviction of two Washington men for swearing to false information in making applications for Federal positions William C. Deming, president of the United States Civil Service Commission has cautioned applicants not to take liberties with the truth when seeking Government positions.

During the last year, Deming said, 825 persons were added to the Commission's "barred list" for swearing to false information concerning their age, health and education.

The majority of these barred persons, he said, were declared unsuitable because of their laxity with the truth. Six offered bribes in exchange for jobs; the same number forged medical certificates, giving themselves a clean bill of health. Twenty-eight were discovered cheating in the examination room; only two were found disloyal to the Government.

"More than 200,000 persons were examined during the year, and these debarment figures do not by any means reflect upon the caliber of Civil Service applicants in general," said Deming. "But it is evident that there is still a surprisingly large number of people who think the Government can be easily deceived. On the contrary, the Government's ways of determining the truth are so many and so certain that the Civil Service Commission has experienced little difficulty in eliminating the unfit."

In conclusion, Deming said where an applicant is disposed to tell the truth, no matter how injurious it may seem to his prospects, the Commission has adopted the policy of affording him every consideration.

**TWO ARE KILLED**

ESSEN, Nov. 17.—Two civilians were killed, two policemen probably fatally wounded and twenty-five persons injured in a riot between jobless crowds and the police at the Krupp works yesterday.

## RESPECT FOR AUTO LAWS PREACHED

Attitude of Some Parts of  
State Regards Speed  
Trap Regretted

Respect for all existing motor-  
ing laws is a plank in the plat-  
form of the Auto Club of Southern  
California, which that organiza-  
tion wishes to serve as a basis for  
the conduct of the autoing public  
in bringing about greater safety  
on the highways.

It is pointed out by club offi-  
cials that disaster results from  
those who obey the laws that  
please them and seek to evade  
those which happen to displease  
them.

In an editorial appearing this  
month in the club's official maga-  
zine, it is stated that the attitude  
of some communities, or their offi-  
cials, toward the speed trap pro-  
vision of the new California ve-  
hicle act is to be regretted. It  
is pointed out that there is no  
loophole of excuse for those who  
would evade any of these provi-  
sions.

Many communities, say the club  
officers, have accepted the law  
and are living up to its provi-  
sions, but others are expressing  
their disapproval by adopting the  
policy of nullification. Such in-  
stances of law enforcement offi-  
cers invoking technicalities to jus-  
tify breaking the law are danger-  
ous and demoralizing.

**Sound Principles**  
It is stated by the club that this  
organization did not ask the legis-  
lature to enact the provisions  
against speedtraps. It is not re-  
sponsible for the law, although it  
recognizes that the principles un-  
derlying it are sound and that the  
law is well calculated to serve the  
purpose for which such laws are  
intended, that is, to prevent acci-  
dents, rather than to turn the  
forces of the law into revenue  
collection agencies.

The speed trap provision of the  
law renders invalid in court any  
(Continued on page 2)

## No Such Thing as Saturation Point, Declares Official

Edward S. Jordan, high  
priest of optimism and busi-  
ness missionary for the Na-  
tional Automobile Chamber  
of Commerce, talked to Los  
Angeles dealers the other  
day. As usual, he delighted  
to discuss that bugaboo, the  
saturation point.

"In 1916, when I organ-  
ized my own business," he  
said, "I was told that there  
were 3,200,000 motor cars in  
this country and that the  
saturation point was just  
around the corner."

"That was seven years  
ago, and there are now about  
13,200,000 cars, or 10,000-  
000 more than there were  
seven years ago. Do people  
still tell us that we are  
through today, that it is the  
end of the business? Why,  
it is ridiculous to talk about it."

"The automobile man today  
has an endless market—  
there is absolutely no end to  
the demand for new auto-  
mobiles. You can deliver all  
the new automobiles you can  
manufacture, if you can find  
dealers sufficiently equipped  
financially and mentally,  
with sufficient money and  
brains to cope with the sec-  
ond hand car proposition. I  
say that, while we built  
4,000,000 automobiles in the  
year of 1923, we will build  
more than 4,000,000 in  
1924."

## Climb in High Gear Puts Strain on Car

The higher-gear hill climber is  
first cousin to the scorchers, and  
both are bound to become wiser  
as time goes on.

These statements are made  
with the full understanding that  
the modern automobile is made  
to climb almost anything but  
trees. But to climb a steep hill  
on the high gear imposes the hard-  
est kind of work not only on the  
engine, but also on every other  
part of the car. The lower gear  
ratios are provided for hill climb-  
ing and they should be used for  
it.

## TRAFFIC LAWS OF CHINA PECULIAR

How Would You Like to Be  
Driving Car in Far  
Off Orient?

"For way that are dark and for  
tricks that are vain, the heathen  
Chinese are peculiar."

Bill Nye would have agreed  
heartily with this if he could read  
of the traffic laws in China as  
they are today.

In the first place, traffic runs  
along the left side of the street,  
which is the opposite to the  
American custom.

There are so many Chinese on  
the streets that one would natu-  
rally suppose the law would re-  
quire motorists to drive slowly.  
On the contrary, they may drive  
as fast as they wish—it is up to  
the coolie to get out of the way.  
However, if the motorist happens  
to bump a high-class Chinese or  
a foreigner, woe be unto him, for  
the law takes its full course and  
for such offense the motorist will  
nine times out of ten, find himself  
in jail, and Shanghai jails aren't  
very nice when one shares them  
with numerous coolies.

**Few Accessories**  
Few accessories are used on  
cars in the Orient, but then the  
cars are, for the most part, not  
worth dolling up. As long as  
they run on all four wheels noth-  
ing is done to them. When re-  
pairing is imperative only that  
work is done which is absolutely  
necessary.

The roads are narrow and con-  
structed of cobblestones, except in  
a small town district. Cars and  
tires do not last very long there.

The traffic officers are Sikh  
policemen, who stand at the main  
corners in a sort of dejected man-  
ner and wave their hands spas-  
modically, first in one direction  
and then in the other. Rickshas,  
machines and street cars wait im-  
patiently sometimes while a Sikh  
policeman settles a dispute among  
(Continued on page 2)

## CAR DEALERS WOULD CUT EXPENSES

Appleby Plan Considered at  
Meeting Recently Held  
in City of Detroit

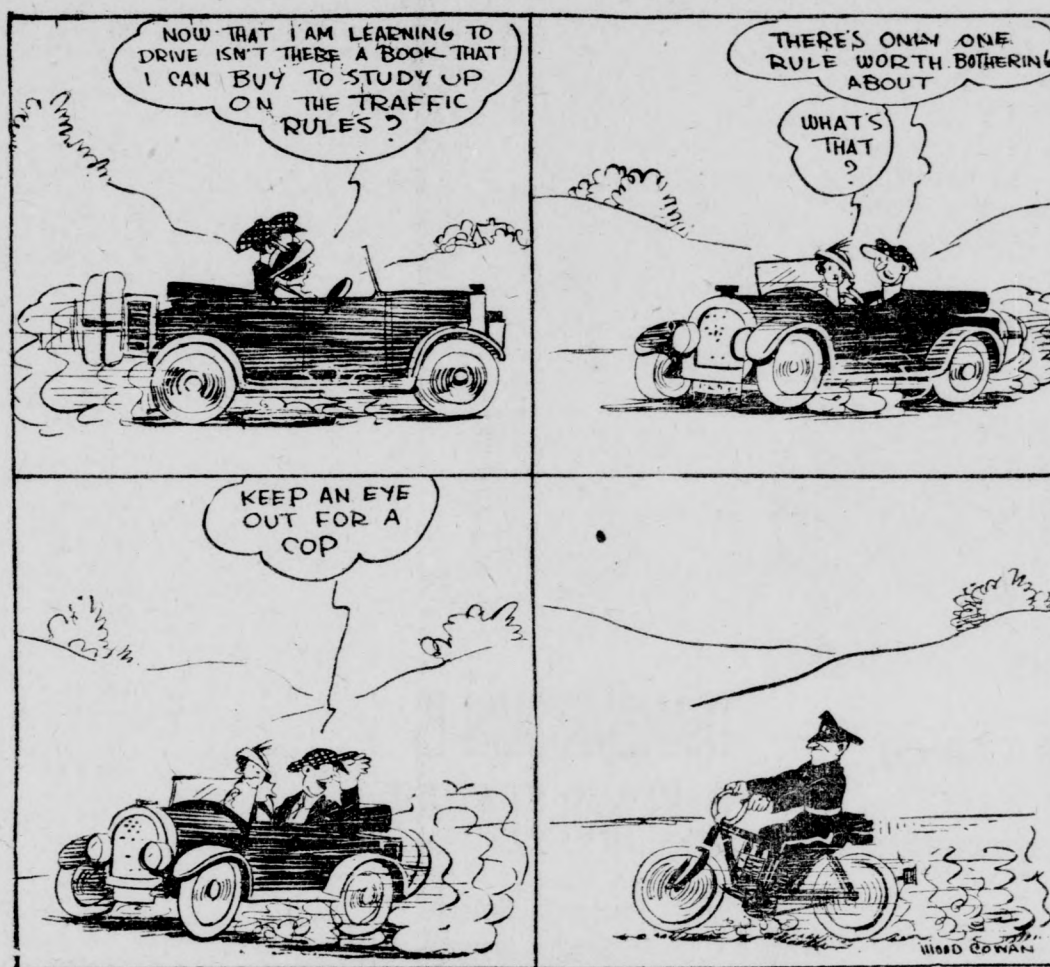

DETROIT, Nov. 17.—Greater  
efficiency in automobile retail  
merchandising as a means to pro-  
vide the dealer with a legitimate  
return from his business, was  
urged at a meeting of dealers and  
distributors and factory repre-  
sentatives in Detroit, conducted  
under the auspices of the National  
Automobile Dealers' association.

A more accurate appreciation  
of costs and a more searching ac-  
counting of expenses involved in  
operating were sought so that all  
needless expense in the conduct  
of business might be eliminated.

Dealer mortality was needlessly  
high last year. Approximately 25  
per cent of automobile dealers  
failed or went into other lines.  
Greater efficiency in the building  
of retail business is sought prin-  
cipally to keep the thousands of  
high class men in the retail busi-  
ness and forestall their departure  
into other lines where intelligent  
effort brings more lucrative re-  
sults. With competition looming  
keener than ever and with the  
immediate issues facing the in-  
dustry more of a sales problem  
than a production question, every  
effort is being employed to pro-  
vide the dealer with an adequate  
return on his business.

**Used Car Plan**  
Keen interest is being displayed  
in the Appleby used car plan,  
which seems to be the closest so-  
lution to the so-called "used car  
problem." The originator of the  
idea is James E. Appleby, an au-  
tomobile dealer in Orange county,  
California. The plan has been  
operated very successfully during  
the last year in Southern Califor-  
nia. It divorces the new car  
dealer from the used car business  
and stabilizes the used car mar-  
(Continued on page 3)

## ONE GOOD RULE TO OBSERVE

## Must Aid Pedestrian Hit by Auto, Ruling

SACRAMENTO, Nov. 17.—An  
automobile driver must stop and  
render aid to a pedestrian run  
down on the highway, regardless  
of whether he is injured or not,  
according to a ruling of the third  
district court of appeal.

The ruling was made in dismiss-  
ing the appeal brought by Joseph  
Huber, charged with failing to  
stop and assist Stephen Begley,  
who was struck by Huber's ma-  
chine near Westwood.

The Australian dingo is a real  
dog, but learns to bark only from  
imported canines.

## Turn Tail to Storm to Keep Engine Dry

When caught in a driving rain  
storm and forced to stop until the  
worst is over, wetting of the coil  
and other electric equipment un-  
der the hood can be prevented by  
turning the back of the car to the  
wind. This also obviates a lot  
of annoyance from leakage  
around the windshield.

When making an improvised  
cover for the gas tank filler  
pipe to take the place of a lost  
cap, be sure to allow some open-  
ing for air, otherwise the vacuum  
feed system will not operate.

## October Registration Of Cars Sets Record

SACRAMENTO, Nov. 17.—  
Registrations of automobiles and  
receipts of the Division of Motor  
Vehicles, for October show an  
enormous increase over the cor-  
responding month in 1922, accord-  
ing to a statement issued by Will  
H. Marsh, chief of the division.

For October, 1923, registrations  
number 71,796, against 51,714 in  
October, 1922, an increase of 20-  
082 machines.

Collections for the same corre-  
sponding periods are: 1923,  
\$184,012.23; 1922, \$130,267.53,  
or an increase of \$53,804.70,  
which is at the rate of 40 per cent.

## URGE KEEPING TAB ON GAS TAX PAID

Hundreds of Claims for  
Rebates Are Pouring in,  
Says Official

SACRAMENTO, Nov. 17.—Cal-  
ifornia gasoline consumers enti-  
tled to refunds under provisions  
of the Breed gas tax were urged  
in a statement issued today by  
State Comptroller Ray L. Riley to  
refrain from submitting their  
claims for payment until after the  
first of the new year.

Hundreds of rebate claims al-  
ready have poured into his office,  
Riley said, though no funds are  
yet available to make the request-  
ed payments. Gasoline produc-  
ing companies are required by the  
Breed law to pay their tax in quar-  
terly installments, the first of  
which is not due until January 1.  
In view of the customary period  
of grace, said the comptroller, no  
money for refund purposes will  
be at hand before February 1.

**Not Large Amounts**  
"Rebates under the gasoline tax  
law," said Mr. Riley, "will, in my  
opinion be in comparatively small  
amounts, though we anticipate a  
very large list of requests for such  
refunds from gasoline consumers  
who do not operate vehicles over  
the highways, and consequently  
are exempt."

"Statistics recently compiled  
show that approximately 80 per  
cent of all gasoline sold in Califor-  
nia is poured directly into the  
tanks of automobiles, so it is ob-  
vious that the list of exemptions  
will not include sums of any great  
magnitude."

Mr. Riley estimated that not  
more than 10 per cent of the gas-  
oline sold during the next year  
will be exempt from taxation.  
Since the state expects to collect  
a toll of \$18,000,000 from the tax  
during the present biennium re-  
funds for the next twelve months  
can be liberally calculated, he  
said, \$900,000.

Though the rebate clause in the

GLENDALE MOTOR CAR CO.  
124 West Colorado, Glen. 2430

THE UNIVERSAL CAR

## New Roadster

Business men—with whom the runabout has always been very popular—are well pleased with the changes embodied in this model.

Always rugged, the car has been made decidedly trimmer and more comfortable.

This result is obtained by raising the radiator and enlarging the cowl, making a decided improvement in looks and providing more leg room.

A well designed top and slanting windshield do their share toward adding a finished, clean-cut appearance.

Make it a point to see the other new models also on display in our show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

## OLDFIELD OKEHS 4-WHEEL BRAKES

All Cars, Light or Heavy, to Adopt This Feature, Veteran Claims

"The average buyer of an automobile wants to know just what he can expect of his car," moralizes Ray L. Galvin, sales manager of Tanner & Hall, Ltd., Buick distributors, 237 South Brand boulevard, "and this applies especially to any new mechanical features that are embodied in the new cars that are manufactured each year."

"Expert testimony that is available on the subject of four wheel brakes is doing much to convince hesitant ones that this feature of a car's mechanism is here to stay and that it proves up on every claim that has been made for it."

"Barney Oldfield, one of the world's best posted authorities on anything pertaining to automobiles, said, in a recent statement regarding four wheel brakes, 'They are not alone safe, but after you drive a car equipped with them you will understand what real braking ability is like. Four wheel brakes must come on all cars, light or heavy. One of the big advantages of four wheel brakes is that adjustment is not needed for long periods. You cannot lock four wheel brakes.'"

"Oldfield made that statement after inspecting the four wheel brakes on a Buick," Mr. Galvin added.

## TRANSMISSION IS OAKLAND FEATURE

Safety Factor In Descent of Steep Grades Insured By New Device

The glamor of four-wheel brakes and their wonderful advantages have more or less clouded the greater truth about the new Oakland for 1924, according to Thos. E. Ricketts, Glendale Oakland dealer.

"The new Oakland 6-54 is so replete with innovations that one hardly knows where to start in to tell about them," says Ricketts, "and each of these new features are equally as important as the adoption of four-wheel brakes as standard equipment."

"The transmission in this new car is equally important when one stops to consider its advantages. First of all it permits of a quick and easy shifting of gears at any speed without noise. Further than this it permits the shifting of gears from high to second gear at a speed of forty miles an hour. This may at first seem of little value, but to anyone who has piloted a car in the mountains of California, this is an advantage that must be recognized. In the descent of a grade it often happens that a car gains headway faster than the driver realizes. This results in the emergency application of brakes with serious damage to them, when, if the driver had been able to shift from high into second or even into first, as is possible with the new Oakland, he could have brought the car under control by the use of compression."

## Urge Keeping Tab on Gas Tax Paid State

(Continued From Page 1)

Breed bill promises little consolation for the motorist, in light of Mr. Riley's figures, the Internal Revenue Department offered good news to the automobile owner today with announcement that all taxes paid under the Breed statute constitute a legal deduction from income tax returns. Motorists were instructed in the announcement to keep record of all gas taxes and itemize these in submitting income exemption figures.

Though the State Highway Commission plans to undertake repair and maintenance work on the California road system as soon as funds are available from motor vehicle collections and the gasoline tax, Comptroller Riley indicated in his statement that little from the latter source for at least ten months.

## EXPERTS AT HEAD OF GRAY FACTORY

Men Behind Latest Sensation of Automotive World Rated as Leaders

In connection with the public showing of the new models of the Gray car, by the Dixie Packard Company, local Gray dealers at 510 East Broadway on Saturday evening, November 24, interest of Glendale business men naturally centered in the personnel of the organization which is commanding so much attention in the motor car field.

Inquiry reveals the fact that the president of the company is Frank L. Klingensmith, who received his first experience in the motor car industry with Ford, back in 1905, when he was employed as a bookkeeper. At the time of his resignation in 1921 to assume the presidency of the Gray Motor Corporation, he was vice-president and treasurer of the Ford company, and along with Mr. Ford and his son Edsel, was one of the three directors of that organization.

Frank F. Beall, the vice-president of the company, and in charge of the manufacture of the Gray product, was for years widely known as the vice-president of the Packard Motor Car company, and an expert of international repute on heat treating and metallurgy. He is a member of the American Society of Mechanical Engineers, the Royal Society of Arts, (London), the International Society of Engineers, the Society of Automotive Engineers, and many other similar technical organizations. The list of the directorate includes the names of men who are prominent in business and financial circles in the east.

Show Many Gray cars as they do, ideas which have been retained as the best through years of experience, both in the manufacture and sales distribution of a product," said W. H. Daniel, of the local Gray company. "It is no wonder that the Gray's achievement has been the talk of the motor world and the buying public. They have incorporated in its production features which are regarded as essential to any leading car, and yet at the same time have produced a car the price of which is well within the reach of the ordinary citizen. The different models cover a wide field and we are able to please any one from the lady of the house with a shopping car, the head of the family with a business car, to the family car, both in open and closed models."

"We have in stock, and they will be on display at our public showing November 24th, the latest product of the Gray factory, and that means the latest thing in motor cars."

Mr. Daniel received today a further report from the Contest Board of the American Automobile association, covering the official test by that body of the Gray car, particularly in regard to the gasoline consumption.

## Report on Test Run

The report of the board states: "The car used in the trial was picked from stock, no particular choice being made and was in no way prepared especially for the test. It had stock equipment in every respect."

"The entire test was in charge of Captain A. B. Walton, of Detroit, Michigan, representing the contest board, A. A. A. The car was driven by Mr. Leo De Clark, an employee of the Gray company. The weight of the car with two passengers and complete equipment was 2450 pounds."

"The car left San Francisco, California, September 12, and arrived in New York City, October 10, covering the total distance of 4819 miles with a total gasoline consumption of 142.53 gallons or an average of 33.81 miles per gallon. This performance is sworn to by the representative of the A. A. A."

Preparations are being made to handle a large crowd at the public cars at the local agency has been showing, as the demand for Gray without precedent.

## Autoists' Death Toll to Reach 20,000, Said

There will be more than 20,000 deaths of autoists in 1923 in the United States, due to the disregard for the laws which the public in many instances is showing, according to figures compiled by J. A. Christie, terminal superintendent of the Santa Fe at San Francisco, and published in the Oakland Tribune.

"There were more than 16,000 deaths in 1922 due to disregard for the law in a majority of cases," said the official, "and from the number that have already been added to the list this year I feel safe in saying they will mount to over 20,000 by the end of December."

"More than 1,800 of these deaths have been upon the railroad rights of way, and there probably will be 3,000 such deaths this year."

"The disregard for the laws of 'safety first,' and the state laws which give the safety element to automobilism, are not alone disregarded, but the utter disregard for all law in this country is a matter of grave concern."

## FORBID IMPORTATION

China has prohibited the importation of wireless apparatus under an old decree that the government shall control all electric communication.

**DRYING BLUEPRINTS**  
In a new machine for drying wet blueprints they are drawn around a gas heated copper cylinder, which also delivers them free from wrinkles.

## CHEVROLET CARS THROUGH HIGHWAYS

Increase in Numbers Follows Enlargement of Plant Capacity, Claim

"During the last year or two the Chevrolet slogan, 'Just Count the Chevrolets,' has been on everyone's tongue. Everybody, it seems, has been talking about the remarkable increase in the number of Chevrolet cars seen on city streets and country roads. Stand on any corner for ten minutes and the number of Chevrolets that pass is surprising. Notice the cars parked in any block or in any parking space, and the proportion of Chevrolets to the total is a matter of comment by everyone."

"All this is due to the tremendous increase in the manufacturing facilities of the Chevrolet Motor Company," says C. L. Smith, Orange and Colorado Streets, local agent.

**Production Increased**  
"In 1921, 77,605 Chevrolet cars and trucks were sold in the United States, in Canada, and for export. In 1922, more than three times this number were made and sold, or 242,373. In the calendar year of 1923, nearly two times the 1922 total will be sold."

"Production capacity has been increased to approximately 2,500 cars per day this year, an increase of several hundred per cent within the short space of three years."

"During the past three years the growth of Chevrolet manufacturing facilities has been nothing short of phenomenal. Each of the seven older plants manufacturing or assembling Chevrolet cars, trucks and parts has been enlarged and its capacity increased, and five entirely new plants have been added."

**Largest Plant at Flint**  
The main plant at Flint has been increased to a total floor space of 1,335,000 square feet. The St. Louis assembly plant totals 1,127,800 square feet. The Oakland assembly plant has been increased to nearly a half-million square feet, while the Tarrytown assembly plant now exceeds this by 50 per cent. A large plant formerly devoted to other General Motors Corporation business at Janesville, Wisconsin, has been changed into an assembly plant for Chevrolet, with floor space of nearly a half-million square feet. And, in addition, new plants have been erected at Buffalo, N. Y., and Cincinnati, Ohio, totaling together over a half-million square feet.

## China's Traffic Laws Are Most Peculiar

(Continued From Page 1)

some coolies, then, with a start, wakes up and sends the held-up traffic on once again.

Most machines do not seem capable of breaking any speed laws. However, there are some very honest to goodness machines on the streets, driven by chauffeurs, and they for the most part are observant of the speed laws or, at least, they watch the movements of other cars so as to avoid a collision.

**Gasoline at a Dollar**  
Gasoline sells for a dollar a gallon, China money, or about 50 cents in gold. However, you can hire an automobile all day for \$5, but why use an automobile when you can have a ricksha for 50 cents a day and be carried somewhere between ten and twelve miles an hour.

Altogether, motoring in the Orient isn't very comfortable sport, though most of the well-paid foreigners own automobiles or "motors," as they say over there. If you drive outside of the cities and have a breakdown, then your troubles begin, for there are not many garages in that country. In fact, the only place cars are used is in a short radius of the larger towns.

## Complete Respect for Auto Laws Is Asked

(Continued from page 1)

evidence as to speeding secured by officers unless they were in uniform in full sight on the highway at the time of the alleged infraction of the speed limit law. It has been properly held that motor vehicle regulations are intended primarily to prevent accidents, and that when they are used solely as a means of producing revenue, the administration of the law and all justice is cheapened.

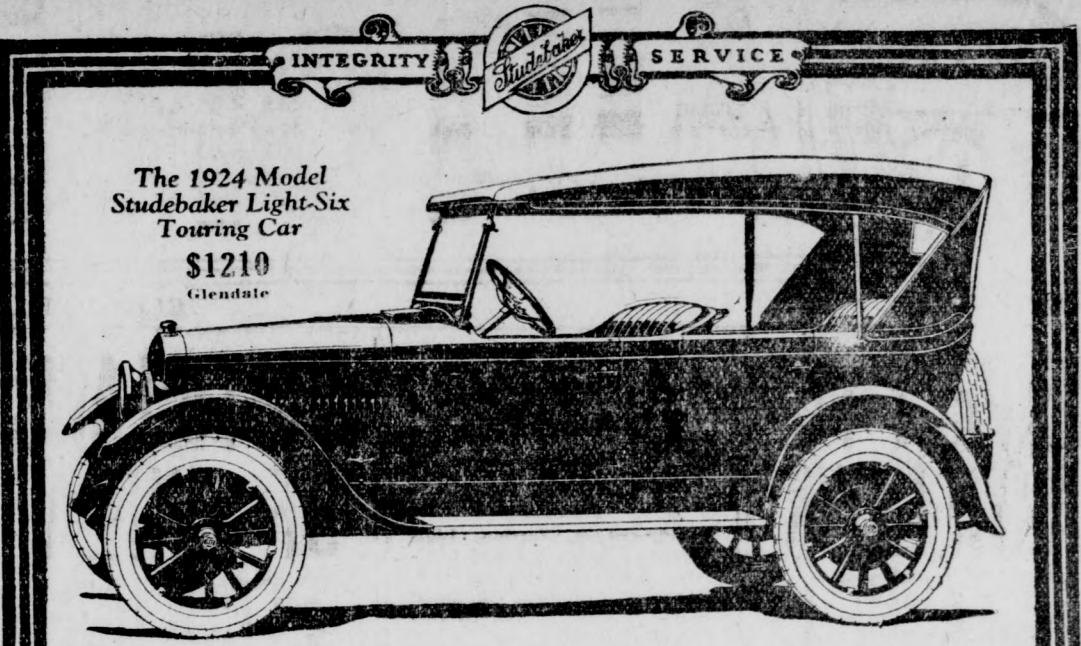

Common variety of erasers are made by specially treating the

## MAXWELL OFFERS NEW CLUB SEDAN

Latest Product Will Sell at  
Prices Almost Equal to  
Open Car Figures

The efficiency of Maxwell manufacture in producing motor cars is well illustrated in its ability to offer its newest model, the Club Sedan, of standard sedan body size, at little more than open car cost.

The extent of this manufacturing efficiency is proved by statistics which show that the Club Sedan has greater frame depth, more spring length, more cubic feet inside body measurement and a larger motor of more power than any car in its field, in addition to equal tire size. These factors of performance, durability and comfort are not even equalled in many corresponding models built to sell in a considerably higher field.

"They all go to show that the Club Sedan is an outstanding value in a market which is offering the public more for its money today than ever before," declares Lyman P. Clark, of the Glendale Motor Car Company, 124 W. Colorado street, Maxwell and Chalmers dealers.

"The Club Sedan is the product of the same organization, headed by Walter P. Chrysler, chairman of the board of directors, that is bringing about a complete revolution in the style of every automobile selling in the low and medium priced fields. Maxwell proved, in bringing out its present good Maxwell line, that splendid appearance can be incorporated into a car of low cost."

The car already appears destined to enjoy the largest demand of any model the corporation ever put out. Although production of it has been more than doubled since its first announcement only a few weeks ago, Maxwell continues to be unable to satisfy the demand for it.

Sign Posts Increase  
Motoring Pleasures

Few motorists realize the big part the friendly sign post plays in making pleasant the motor journeys of visitors in Southern California. The native motorists of these highways with hardly a thought, but to the new comer they are the beacon lights of comfort and safety.

When it was announced some time ago that Southern California highways might boast of a "sign a mile" the news heralded a very definite service. The most active agent in the sign posting is the Automobile Club of Southern California, which has extended its friendly activities through neighboring states to the Mississippi river. This marking of the principal travel lanes has been followed out so completely that now the great service organization for motorists is able to announce that it has placed a highway sign in excess of one for each member. All of which means something when it is considered that the roll call of the auto club has passed the 90,000 mark.

CLEANS WINDSHIELDS

Operated by an automobile's engine, a new automatic windshield cleaner travels from side to side removing moisture from the full width of the glass.

## AUTO MECHANICS ATTEND LECTURES

Smith-Sloan Sends Service  
Men to Series of Clinics  
On Care of Cars

"The Willys-Overland Corporation have given ample demonstration of their new progressive policy in the past year in bringing to the front the remarkable value in their Willys-Knight car today which has enabled it to climb close to the top in motor car registrations not only throughout California but through the United States as a whole," says George T. Smith, of Smith-Sloan, Inc., 228 South Brand boulevard, local agents.

In line with this policy they have now turned their attention to the building up of their service and looking after the welfare of their customers. The factory recently inaugurated service clinics in the principal distribution points of the country in order to train a host of head service men in giving attention quickly and accurately to the minor difficulties which all motor car owners have more or less to contend with.

Smith-Sloan, Inc., local dealers in these cars, have prided themselves on building up a permanent organization all working with the same interests at stake, that of providing the best possible attention to their customers' wants. W. B. Wilson, who has been with this firm for three years, is service manager, spent the entire week of November 4th to 11th attending this clinic in Los Angeles which lasted not only throughout the days but evenings as well. The head mechanic of this firm, Jack McAtter, also attended the clinic several days. The men attending the clinic state that the information obtained is of untold value in their daily work.

## FORD CAR HANDY IN TRAFFIC JAM

Short Wheel Base, Small  
Turn Radius Insure Ready  
Response to Driver

Motor car purchasers, careful to consider safety elements in automobile construction, are giving more and more attention all the time to cars in which the operations necessary for proper control in traffic are reduced to a minimum, according to Jesse E. Smith, local Ford agent, 115 West Colorado street.

All of which brings home the fact that nothing contributes a greater element of safety in motoring than the utmost simplicity in those parts of the car upon which the control depends, thereby freeing the driver from as much exertion and distraction as possible.

A notable example of how this can be successfully carried out is found in the design and operation of the control of the Ford car which gives the driver exceptional command in traffic, in mud and sand—in fact in every place where facility of control is all-important.

The short wheel base and small turning radius insure easy turning of corners and convenience in maneuvering in and out of parking spaces.

There is no excessive motion of the steering wheel and action being direct gives the driver the "feel" of the road and facilitates steering.

Car Dealers Seek  
to Reduce Expenses

(Continued from page 1)  
ket, something which has not yet been accomplished except in isolated localities. The Appleby plan is now in vogue in thirty cities on the Pacific coast and has been successfully operated in Iowa.

Every indication points to a production of 4,000,000 motor vehicles this year. Detroit factory wheels are turning at a rapid rate, with production running well in excess of this time last year. Dodge Brothers' production took a considerable jump in the last 10 days, daily output approximating 750 cars. Cadillac, too, is operating at a record clip.

Ford comes to the front again with a new high record, surpassing every productive mark ever set in the industry with an output for the week ended last Tuesday totaling 42,217 cars and trucks. Daily output now averages more than 1000 cars and trucks. The Ford record for the week is 502 greater than the best week in the company's history.

The Lincoln factory also set a new high mark, producing 223 cars during the same period.

**Hupp Anniversary**  
November marks the fifteenth anniversary of the founding of the Hupp Motor Car corporation. During this time more than 200,000 cars have been built and sold. Reports about motor row that Paige would soon announce a "light" car are emphatically denied. The new Jewett plant on Warren avenue is nearly ready for occupancy. All outside construction work was completed this week, making it possible for incoming shipments of machinery to be unloaded at its doors.

Chalmers announces the adoption of hydraulic four-wheel brakes of the lock head type. Studebaker report issued at the close of the third quarter shows that the company sold 122,586 cars during the first nine months of this year, as opposed to 90,252 during the same period of last year. Sales for third quarter totaled 40,695 cars, according to the factory.

## STUDEBAKER ADDS NEW CLOSED CAR

Light-Six Coupe Seats Five  
Passengers in Comfort,  
Equal to Sedan

A light-Six five-passenger coupe which admirably combines sedan comfort and roominess with the sociability of the coupe has just been announced as an addition to the Studebaker line, according to Stephen C. Packer, of the Packer Auto company, 245 South Brand boulevard, San Fernando Valley distributors.

The five-passenger coupe body is mounted on the standard light-Six chassis. It is distinguished by its beauty of line, roominess, excellence of body construction and high quality of its equipment.

The new light-Six coupe seats five passengers in perfect comfort. The rear seat extends clear across the full width of the body providing ample room for three. The driver's seat and auxiliary seat are identical in size and cushioning. The auxiliary seat is of an improved bucket type and can be folded out of the way when not in use, making it easy and convenient for all passengers to enter or leave the car.

The body is of Studebaker construction and in every detail will be found evidence of the highest quality of materials, specifications of ample dimensions and painstaking craftsmanship.

Upholstery is of Chase mohair, floor carpets in harmony.

Start Practice for  
Turkey Day Classic

Practice officially starts Monday for the 250-mile racing classic on the Beverly Hills bowl Thanksgiving Day. This was the announcement from the offices of A. M. Young, secretary-manager of the Los Angeles Speedway today. Indications point more strongly than ever to a record-breaking average for the 122 cubic inch race cars. The best mark to date for 250 miles is 113.2 miles an hour, made by Harlan Fongler, "the new boy wonder" of the speedways at Kansas City. The world's record for 250 miles, regardless of piston displacement, is 115.65 miles per hour, established last February by Jimmy Murphy

Approach your first drive in the new V-63 Cadillac with great expectations. Let the things that you expect from this car exceed anything which you have previously experienced.

**WAIT**

Mr. Rollin White, one of the founders and formerly Chief Engineer for the White Motor Co., builders of the famous White Truck, has designed and now has ready for delivery the Rollin Four

The Rollin has several features not found in any other car. Among these is forced feed lubrication to the crank shaft, cam shaft, clutch bearings, and the engine gears.

We will have a car on display early in December and in the meantime are booking orders for delivery beginning next month.

Read these carefully and compare with any car, regardless of price:

Four cylinders, 3 1/4 x 4 1/2.

Four main bearings.

Four cam shaft bearings.

Aluminum connecting rods.

Aluminum pistons with four rings.

Full force feed to all engine bearings and clutch.

Heavy duty clutch, 9-in. in diameter.

Wheel base, 112 inches (rides like 120).

Four wheel internal brakes, 12-inch drums.

(Compare these with the less expensive external brakes. We are using the same type as Packard, Cadillac and Duesenberg.)

Disc wheels.

Balloon tires, 30x5 1/4.

Same electric equipment as Packard "8".

Double crown fenders.

Genuine leather upholstery in open cars; finest quality fabrics in closed cars.

### New Jewett Brougham, \$1325

Cleverest 5-Seater—Baked Enamel Finish

HERE it is! The really comfortable, moderate priced 5-passenger Brougham—the new Jewett! Experienced motorists everywhere express approval of its clever seating arrangement; and they prefer the combination of stout wood frame body with separately baked enameled steel panels.

The lasting lustre finish of this New Jewett Brougham will always look well. Each steel body panel is dipped 3 times in finest black enamel, then baked, then fastened to the extra-strong wood frame—wood, because wood absorbs vibration, reduces noise to nil. There is the rich black gloss ALL OVER THE CAR that you sometimes see on the fenders of other cars. And it needs no attention but washing.

Both front seats fold forward. Easy entrance and exit; ample leg

room. Rear seat 46 1/2 inches wide—room for three big people, in comfort. You'll agree that this is the cleverest 5-seater among all closed cars.

The New Brougham is a Jewett through and through—a strong, rugged car, not a flimsy light six. It has the same amazing performance that astounds old-time motorists. Its full 50 h. p. Paige-built motor gives the most spirited performance you ever saw in any car. Passes most any car on any hill. Goes from 2 to 60 miles an hour in high; accelerates from 5 to 25 miles an hour in 7 seconds in high. [Try that with ANY other car!]

Drive this New Jewett Six Brougham. Never in our experience has \$1325, factory, bought so much car. Just telephone us for a demonstration. (602-B)

## BURBANK

### VICTIM REFUSES TO REMAIN DEAD

Wakes Up in Undertaker's  
Wagon After Physician  
Says Life Is Gone

One of the most remarkable accidents ever written on the Burbank records befell Al Steelman on Tuesday night, November 13, when, following a collision of his motorcycle with a milk truck at the intersection of Pioneer and Magnolia avenues, he received injuries which caused a Lankershim doctor to pronounce him dead—but came to life on the way to the undertaker's and insisted on having a further examination, which revealed the fact that, though badly bruised and cut, he would in all probability live.

The victim of this curious twist of luck is a nephew of Dr. C. S. Steelman of Glendale. He is now at his home in the Sunset apartments, where his young wife of a few months, formerly Miss Shriner of Magnolia avenue, is greatly relieved over this fortunate termination to what might have been a tragic accident.

Proposes School Bonds  
Superintendent L. F. Collins has proposed in an address before the Women's club that an issue of bonds be voted for school purposes, not to exceed \$124,000, the maximum amount which may be allowed within the assessed valuation of \$7,134,425 for the Burbank school district.

The exact amount to be asked will be made public by the school board following a full consideration of the subject, he stated. In the course of his remarks Superintendent Collins clearly showed why more room was needed, pointing out that the enrollment in the five elementary schools is now 1565.

His remarks were well received and it is believed that this is the only logical solution to the present overcrowded condition in the Burbank schools.

Penny May Cost \$300  
The peculiar-minded citizen who persists in substituting pennies for fuses when the latter blow out is served notice by Engineer F. Curt Miller that an or-

## EAGLE ROCK

### REALTORS HOSTS AT BIG BANQUET

Board's Independent Activity  
Near End; Barbour Tells  
Of Organization

Presaging the end of their independent activities, the Eagle Rock Realty board was host last night to scores of prominent realtors and guests from Southern California, at a large banquet held in the Presbyterian church, President W. R. Johnston presiding.

Henry R. Barbour of Long Beach, new president of the California Real Estate association, was the chief speaker, telling how two years ago he was one of the organizers of the Eagle Rock board and feels a definite interest in it.

He was introduced by Tom Fingerhull, secretary of the Los Angeles board, who acted as toastmaster. Edwin Hart, president of the Los Angeles board, was then presented and furnished information regarding his board, stating that it would be to the advantage of the local realtors to merge their activity with the larger organization.

It was brought out that following the closing of the Eagle Rock Realty board at the first of the year, a number of its members plan to join the Los Angeles board. Glen D. Willaman, secretary of the state association, and editor of the magazine, California Real Estate, outlined further angles of the plan to merge the small board within the larger.

During the evening a number of musical numbers were rendered. Mrs. G. J. Wiedoff favoring with violin solos, accompanied by Mrs. Page Noll, sister of Rudy Wiedoff, said to be the world's greatest saxophonist. Shirley Allen led in community singing.

Recover Stolen Car  
A Studebaker touring car owned by F. Dahl of Santa Ana was located at 5 o'clock Tuesday morning, November 13, by Officer Hiller, at Lundsford drive, just off Colorado boulevard. It was stripped of accessories, tires, battery and other parts. The car was removed by the Automobile Club of Southern California.

The fire benefit for Clarence Edwards and J. J. W. McGahan, Glendale victims of the tragic conflagration of October 13, is still open, with \$177 raised to date, of the \$250 set by the Chamber of Commerce. It is reported by Mrs. J. C. Reiter, and all interested in swelling this sum to the pledged amount are urged to bring or send deposits to the Chamber of Commerce rooms in the city hall on East Colorado boulevard.

Finance has been passed setting the fine for this offence at \$300 or under.

Officers are intent on abolishing this practice and intend to bear down like the proverbial "ton of brick" on future offenders. Mr. Miller points out that this practice is just as sensible as tying down the safety valve of an engine.

## HOLD INSTITUTE ALL DAY MONDAY

Schools Close as Teachers  
of District Assemble for  
Conference

All of the local grammar schools, in addition to the high school will be closed Monday, the occasion being the regular Teachers' Institute, which will be held in the high school auditorium.

At the morning session, starting at 9:30, Principal George U. Moyle, as district superintendent will preside. In the afternoon, at 1:30, Richardson D. White, city superintendent, will be in the chair. Mr. Wheat, representing the county office, will be in attendance.

The two principal speakers for the institute are F. M. Fultz, formerly of Santa Barbara, and H. P. Wilson, superintendent of the Berkeley schools.

Musical Program  
In the afternoon at 1:30 the following musical program will be rendered by the high school organizations:

- (a) Spanish Dance No. 2..... Moszkowski
- (b) Dance Negre (Sambas Holiday)..... Tschakoff
- High School Orchestra
- Piano solo, Shepherds and Shepherdesses..... Godard
- Amy Bainbridge
- (a) When Billows are Rocking..... Geibel
- (b) A Health to all Good Fellows..... Chaffee
- Boys' Glee Club

### Rubber Hose Damages Car's Smooth Surface

While the commonly used rubber hose is perhaps the best method of cleaning the lower portions of the car, such as wheels, running gear and mudguards, it is positively injurious when used on the body and highly finished surfaces. The force with which the stream of water impinges on the surface causes the sand and dirt adhering to the body to be driven into the varnish, destroying its brilliancy, and no amount of polishing and rubbing will restore its former lustre. The body should be washed with lukewarm soap water and immediately dried with a soft chamois.

## BRITISH EXPERT

### LAUDS CADILLAC

Thoroughness of Attention  
to Details Impresses  
English Visitor

What English experts think of the Cadillac is shown in an article published recently in The Motor, the leading automobilizing publication of Great Britain, in which the author relates what he saw on a visit to the Cadillac factory. "Many people," he writes, "have the idea that all American cars are constructed with a minimum of handwork, and in most cases this is quite true. In the case of the Cadillac, however, I was very much interested to note the great amount of handwork employed in the construction of this car."

"At the time of my visit there were approximately 7,000 men on the payroll, and of these no fewer than 500 men were solely employed on inspection work. They have full authority, backed by the management, to 'scrap' whatever in their judgment should be so treated, thus ensuring accuracy and careful workmanship."

"Accuracy" is the motto posted throughout this factory, and this motto is lived up to. Among other new machines installed here I noticed over thirty automatics for grinding transmission gears to ensure silence. This is done on the driving side of the teeth.

W. H. Court, of the Court Motor Company, local agents, 235 South Brand boulevard, asserts that, in view of the high class production the Cadillac is, it is remarkable that the company should be producing well over 100 cars daily.

## GETS AGENCY FOR NEW ROLLIN CAR

Motor Sales Co. to Distribute  
White's Latest Product  
In This Territory

The appointment of the Motor Sales Company, 406 East Colorado boulevard as agents for the Rollin car that is to be placed on the market within the next few weeks, is announced by E. S. Reggs, manager of the firm, which also holds the Franklin agency in this territory.

The Rollin car, which is designed by Rollin White, manufacturer of White trucks, is a car that includes mechanical features, Mr. Reggs asserts, that are only to be found at present in cars of high price. It has a cam shaft that is carried on four liberal size bearings; it has, force feed lubrication through the crank-shaft to all main and connecting rod bearings, and to the front cam shaft bearings, and to the clutch shaft bearings and to the gears, thus embodying an engineering departure that stamps the Rollin as being in a class by itself.

Another feature is the four wheel brakes, of the internal expanding type, which will be a part of every car; the Firestone balloon tires; 30 by 5 1/2 inches; disc wheels, while the finish of the car is in keeping with the character of its mechanical excellence and with the reputation of its designer, who is admitted to be one of the leading figures in the motoring world today.

Mr. Reggs expects to receive his first Rollin car by the middle of December or sooner, when he plans to hold a special formal display of the car for the benefit of Glendale motorists.

## OLDSMOBILE SIX NOW ON DISPLAY

Car That Crossed Country in  
High-Gear on Exhibit  
At Local Agency

The new six-cylinder Oldsmobile touring car, that has been eagerly awaited here since the first announcement of its manufacture, has arrived at the showrooms of C. H. Hunter, local distributor, 208-210 West Broadway, and is attracting an immense amount of attention.

This Olds Six is the first car that has ever crossed the continent in high gear. Cannonball Baker completing the trip from New York to Los Angeles after driving 3380 miles with the low, second and reverse gears removed from his machine.

On his trans-continental trip Baker encountered every kind of difficulty, from mud to mountains, snowstorms to desert heat, but through it all the Olds Six pounded its way without a falter, averaging 28.8 miles to the gallon of gasoline and using only 18 ounces of lubricating oil on the entire run.

"A record like this," Mr. Hunter declares, "could only have been made by a car that is built to stand the roughest kind of usage, a car that is inherently honest from axle to axle, and the economy it has shown stamps it as one of the most remarkable automotive products in the history of the industry."

## LOTS OF MONEY

Motorists contribute \$500,000 annually in fines toward the expenses of the city of New York in one of the magistrate's courts.

### October Registrations Show Good Increase

A comparative statement of registrations and receipts of the Division of Motor Vehicles for the months of October, 1922, and October, 1923, show, according to the statement of Will H. Marsh, chief of the division, an increased registration over 1922 of 20,082. The registrations in 1923 amount to 71,796 against 51,714 one year ago.

The total collections for the same corresponding periods are: 1922, \$184,012.23; 1923, \$130,207.53, or an increase in revenue for the department in 1923 of \$53,804.70. The statement shows an increased percentage in collections amount to 40 per cent.

Despite this enormous increase in registrations and collections the department was operated with a pay-roll decrease for 1923 over 1922 amounting to \$3,381.48. Pay-roll for the month of October, 1922, was \$29,082.57 against \$25,701.09 this year.

News Want Ads produce results.

### Newspaper Under Car Will Reveal Leakage

To tell whether the engine is leaking gas, oil or water, it is a good plan to spread a newspaper under the front of the machine when leaving it over night in the garage. Water and gasoline will soak through the paper, while oil will tend to remain on top. The odor of the saturated piece of paper will enable the driver to distinguish between water and gasoline. A certain amount of kerosene, however, will be found on the paper. This is due to condensation of the kerosene content in the modern gas we buy. This collects in the intake manifold when the engine cools and runs back into the carburetor, from where it overflows to the floor.

## PLANNING PLANTS

Several hydroelectric plants are planned for French territory in Southern Morocco for lighting and to supply power to a number of phosphate works.

### Emergency Brake Aids Escape From Mud Hole

Getting stuck in the mud is usually a nightmare for the average motorist. When he lets in the clutch one wheel spins around madly digging deeper into the mire while the other remains unconcerned. Or it may be that the wheels elect to exchange roles. Of course he can resort to wrapping the chains around the wheels to serve as mud hooks, but that's a job for a mud hen.

The simpler plan is to set the emergency brake so as to just bind the wheels a bit. This offers each wheel enough resistance so that the power dashes back and forth from one wheel to the other and is forced to actuate each one gradually rather than be diverted by the differential entirely to one wheel.

## RADIO IN CHINA

## Daily NewsLetter

General News and Gossip from Staff Writers at Home and Abroad.

TODAY—New Schools for Denver.  
By MICHAEL F. DACEY  
For International News Service

DENVER, Nov. 17.—With additions to three elementary schools completed and construction work progressing on ten other school buildings, Denver's extensive building program is well under way today.

A year ago Denver endorsed a bond issue of \$6,150,000 to be expended on the city's school system, with a provision that an additional \$2,400,000 would be required to complete the program.

The final plans and specifications for two senior high schools, one junior high school and three elementary schools are nearing completion, and those should be under construction shortly, according to announcement of the Denver Board of Public Education, and when construction work is begun on these latter sixteen of the twenty-three new schools to be built under the program will be in process of construction.

The Board of Education announces that unusual precautions have been taken to secure for Denver school buildings that are modern, efficiently planned and well constructed. Local architects were selected to prepare plans and specifications, no one firm being given all or even a major portion of the work. Twenty-one different architects were employed for the twenty-three projects.

The result of this manner of awarding the architectural work, according to the board, is already evident in the variety of exterior design and high quality of interior arrangement and detail. Also, an organization has been perfected to standardize those features that should be alike in all schools—such as size of classrooms, window area, ceiling height, blackboard, etc.

In order to be doubly certain that the construction used in the new Denver school buildings is safe and economical, the Board of Education has retained an engineering firm to check all plans and specifications from the standpoint of construction engineering. This firm follows the process of construction in each building to see that the specifications are strictly adhered to.

The heating, ventilating and plumbing plans of the buildings are also under the supervision of a specialist, and every safeguard has been taken to insure against faulty sanitation of the buildings.

The Denver school system, headed by Lucius F. Hallock, wealthy real estate holder, operates under an administration entirely separate from the city government. The Board of Education is now located in its new administration building, in the downtown section, declared by many to be the most ideal school administration building in the West. It houses the health, education department, including a dental clinic; the census department.

### RECOMMENDS FOLEY KIDNEY PILLS

"Your medicine worked a miracle for me," writes Mrs. C. Biron, 140 Fayette street, Lynn, Mass. "I was all run down, had all kinds of winter, also kidney trouble and after taking a few boxes of your medicine my cough and backache left me. I can eat and sleep well. I canvass and recommend it at every house I enter." Prompt relief secured from kidney and bladder irritations, rheumatic pains through using Foley Kidney Pills. Insist on the genuine—refuse substitutes.

### "CAP" STUBBS—That's Why!

## COUPLE HAPPY THOUGH MARRIED

### Breakfast Apart, Is Tip From This Wife

Claire Whitney, who says her marriage to Robert Emmett Keane has been a success because they never gazed at each other across the morning coffee and paper.

NEW YORK, Nov. 17.—A few old fashioned folk in this day of new fads and fancies, are trying to remain happy though married. Most of these, however, have adopted new ideas to make the old theory work out, if we take the word of one of the few happy couples of stardom—Robert Emmett Keane and his wife, Claire Whitney. They are well known vaudeville headliners.

They have solved the problem of how to think beautiful thoughts of each other and ward off the stormy scenes which frequently shake the average household.

"How do you do it? Miss Whitney—Mrs. Keane—was asked recently.

"Simple," says the dainty actress.

"Just lay down a few laws."

Now wait a minute. The lady doesn't refer to those about hubby going to lodge one night a week, inviting the boys home to supper, or "attending conferences" with the boss—and two other old poker pals.

"We just figured out the little

things that go to wreck a home and we avoid them," she says.

"The first cloud in the average happy home gathers over the breakfast table when hubby hides behind his paper, ignores wife's plea for a little pin money, and then growls about the coffee."

"So we just decided never to have breakfast together."

"Absence makes the heart grow fonder—for others near you. So we agreed never to go in separate acts."

"And then we found that most stage couples come to a parting of the ways in their dressing rooms—over some petty remarks made on the way off stage. Acts will go wrong at times. Every actor and actress has his off days. So we just decided that we would not speak to each other for five minutes after the curtain goes down on our act."

"A soft answer may turn away wrath. But a wait of five minutes nips the wrath word in the bud."

So there you are. Try these on your piano.

## On the Spur of the Moment

By ROY K. MOULTON

**ROSY WITH ROMANCE**

Sometimes life turns painter, With pigment, paint and pall, And tints in hues Of somber blues Existence, weak and frail, But sometimes life grows bright—

With optimistic glance— His kindly mirth Then tints the earth All rosy with romance!

Oh, life—non-union painter— Retain your darker shades For sadder times And colder climes— But ho, for lads and maids There's just one combination— This craftsman should advance—

For youth will hint The only tint Is rosy with romance! —Arthur L. Lippmann.

"Speaking of railroad service in Georgia," said a traveling salesman of Baltimore, "one day I was waiting for a train in a small town of that state. One hour, two hours, three hours passed, but no train pulled in. I was about to negotiate for a vehicle to drive me to the place I wished to make when the station agent said:

"I wouldn't go to that trouble, sir. The train'll be along soon now."

"What makes you think so?" "Well," he answered, "I'm pretty sure of it. Here comes the conductor's dog now."—Everybody's.

Well, there's one relief. If Henry Ford does get elected, they'll never erect an equestrian statue in his honor.

We are informed that the square meal of the future will consist of nothing but vibration. In that case a man who drives a flivver will get his board free.

Often, when a preacher attempts to save a man's soul from hell, he has to call in a doctor.

## Uncle Wiggily Bedtime Stories

—BY HOWARD R. GARIS—

UNCLE WIGGILY'S JACK O'LANTERN

Along came the Fuzzy Fox, hungry for ears. Uncle Wiggily kept very still and made no sound. The Fox looked at the grinning yellow face.

"Oh, my goodness!" he barked. "Only a Jack-o'-lantern! I thought Uncle Wiggily was here. Well, I guess he got away! No ears for me today," and off trotted the Fox.

"Ha! Ha! I fooled him!" laughed Uncle Wiggily. Then he

took the Jack-o'-lantern off his head and hopped home with it to Nurse Jane, who cut it up and made a pie of it. And a very good pumpkin pie it was.

Now if the little teaspoon doesn't try to grow big like a soup ladle and get so proud it won't play with the egg beater, I'll tell you next about Uncle Wiggily and Nannie's heads.

"Oh, my goodness!" he barked.

### Delegates Leave for School League Meet

Miss Frances Ahl, of the faculty of the high school, and Gwenllian Warner and Barbara Taylor, representatives of the local branch of the Girls' High School League, left yesterday for San Diego for the convention of the league to be attended by delegates from every city in southern California. Mrs. Moyle, vice principal, had originally planned to attend also, but was unable to do so on account of the press of business at the high school.

The Frazees, formerly of Glendale, will entertain Miss Ahl, and the two league representatives will be the guests of the president of the Girls' League of the San Diego high school. At the conference many problems confronting the league will be thoroughly discussed and definite action taken.

### Council Creates Four Commercial Districts

The city council at its Thursday meeting created four new commercial districts, the tract in each case being a small one transferred to conform with adjoining property, or at the request of the owner.

The following property is included: Glendale avenue, Monterey road north; corner Sycamore canon road and Sierra avenue; Palmer at Adams street; and Central avenue from Los Feliz road to Cypress street.

## MONTROSE RAILWAY RUSHES RECONSTRUCTION

Extensions on G. & M. Will Be Completed by Jan. 1, Officials Claim

Work of reconstructing the Glendale-Montrose railway line begun in September, is nearing completion, and by November 20 the officials expect to have their cars in operation over the extension at La Crescenta to the new terminal at Pennsylvania avenue. The plans call for through service to Los Angeles, and this is expected to be established about January 1, 1924.

As soon after the first of the new year as possible a new schedule will be adopted. Electrification of the Union Pacific line in Glendale is expected by January 1, and this will complete the link between Montrose and Los Angeles from Glendale.

A new schedule, according to plans previously announced by the officials of the company, will give Montrose and La Crescenta twenty-minute service between 6:30 and 8:20 a. m. and from 4 to 7 p. m. Between 8:30 a. m. and 4 p. m. cars will be run every half hour, alternate cars going clear into Los Angeles, giving through service every hour. An owl car will leave Los Angeles at midnight.

**Thirty-Cent Fare**  
Single one-way fares from the western terminus will be 30 cents, including transfers to any part of Los Angeles. Round trip tickets will be sold for 50 cents. Thirty-ride family books will be sold on the ninety-day plan for a price that reduces the rate to approximately 20 cents, and an individual book, good for sixty days, will cost approximately 18 cents per ride.

In the neighborhood of \$150,000 is being spent by the Glendale-Montrose Railway company

the city, in the church Wednesday night at 7:30 o'clock; Y. P. M. V. Friday night at 7:30 o'clock.

**Tropico Presbyterian**  
Church at corner of Central avenue and Laurel street; Dr. James Winnard, pastor; Sunday school 9:30 o'clock; morning worship 11 o'clock.

**Ananda Ashrama**  
Extension of Vedanta Centre of Boston, north end of Penny street, corner of La Crescenta. Swami Paramananda of India, founder and head. Sunday services will be suspended during Swami Paramananda's absence. The Ashrama will be open to visitors Sunday and Thursday afternoons and visitors will be welcome.

**Holy Family Catholic**  
Church, corner of Elk and Louise streets. Rev. Michael Galvin, parish priest; Rev. Patrick Curran, assistant. Masses at 6:30, 8, 9:30 and 10:30 o'clock. Rosary service closing with benediction at 7:45 o'clock. For the convenience of the congregation, four masses will be held every Sunday.

**Church of the Nazarene**  
Church at 417 East Acacia avenue. Rev. Henry Scheideiman, pastor; Sunday school 2 o'clock, Mrs. Alice Evans, superintendent; preaching service, with sermon by Rev. Scheideiman, 3 o'clock; young people's meeting 7 o'clock; evangelistic service 8 o'clock; prayer meeting Tuesday night at 7:30 o'clock and Friday at 7:30 o'clock.

**Latter Day Saints**  
Services in K. of P. hall at the corner of South Brand boulevard and Park avenue. Teacher training class, Clara M. Pinkston, instructor, 9 o'clock; J. H. Krenke, superintendent. Sunday school 10 o'clock; preaching service 11:30 o'clock; relief society on Tuesday, 2 o'clock; Viola D. McIntyre, president; Beehive class Tuesday at 3:30 o'clock, all young women from 14 to 21 welcome. Hyacinth Lambert is beekeeper.

**Central Avenue M. E.**  
Church at South Central and Palmer avenues. Rev. Leo C. Kline, pastor; Dr. Joseph Marple, musical director; Mrs. Casper Tuttle, pianist; D. C. Bear, superintendent; Mrs. Elsie Moore, chorister; L. Baker, president of Epworth League; Sunday school 9:30 o'clock; morning worship 11, sermon by Rev. Kline; Epworth League 6:30 o'clock; evening service 7:30 o'clock, sermon by Rev. Kline.

**Broadway Methodist Church**  
South  
Church at Broadway and Cedar. Rev. L. J. Millikan, pastor. Will J. Myers, musical director. J. N. McMillin, superintendent. Sunday school 9:45 o'clock; morning service 11 o'clock, sermon by pastor, Rev. Millikan.

## SCOT MUSICIANS GO TO SAN DIEGO

Glendale Pyramid Band Will Compete for Prizes at Annual Convention

Costumed gorgeously in Egyptian style uniforms, Glendale's forty-five members of the Scots band, recently organized by G. O. Russell, left yesterday afternoon for San Diego, where they will attend the national convention of the Ancient Egyptian Order of Scots, and compete with other bands in Class A for the prize offered the best aggregation of melody-makers.

Just prior to leaving Glendale for Los Angeles, where they are trained for San Diego at 3 o'clock in a special Santa Fe car, the band paraded up Brand boulevard, giving local residents an opportunity to glimpse the gorgeousness of their uniforms, which, incidentally, were made in Glendale.

With the band went Miss Olive Middleton, acclaimed queen of the recent Scots circus. And Chief John D. Fraser, of the police department, swinging his drum major's baton, marched at the head with William Osterman, director of the outfit.

**List of Musicians**  
Others in the personnel making the invasion of the southern city are:

G. O. Russell, manager and organizer; Cornet: F. A. Turney, J. H. Toms, J. J. Burke, J. E. Housman, J. C. Lott, G. O. Russell; clarinet: E. H. Klein, Arthur Yeager, Clive Yeager, R. M. Curns, Geo. Pierce, Wm. M. Conroy, R. L. Crossland, R. Kuykendall, Virgil Corder, E. D. Crawford, H. G. Harriek; bass: E. W. Kinzley, Bert Potter, C. M. Burke, Harry Painter; baritone, J. A. Becker, W. Jolley; bassoon: Geo. Ferrit; French horn: J. F. Johannsen, R. F. Arnold, C. T. Palladine, R. B. Thomas; oboe: Wm. J. Wilson; saxophone: Earl Floyd, Edward Holzer, A. C. Currie, E. H. Gray, G. H. Conroy; trombone: C. Bell, W. S. Murphy, L. W. Hubbard, C. C. Francis, Ralph Webster; piccolo and flute: E. F. Maxwell; drums: R. W. Biddlecom, Wm. Ballou.

for the freight locomotive that has already been delivered, four passenger cars with a seating capacity of fifty-five each, and a building of offices and a power house sub-station. The passenger cars are on the way.

**U. P. Improves System**  
In electrifying the Union Pacific through Glendale that company is spending nearly \$100,000 on the road bed, \$62,000 for wiring, and another \$100,000 for a freight and passenger depot at Glendale and a parking area and a switch yard. Total cost of rebuilding and equipping the whole line will be between \$400,000 and \$500,000, according to P. L. Hatch of the Glendale-Montrose railway.

About December 1 the work of rebuilding the tracks on Glendale avenue north from Cerritos avenue will begin. Ninety-pound rails will replace the sixty-pound rails now in use. The roadbed is to be ballasted with rock and four and one-half feet of paving laid on each side of the tracks.

J. C. Merwin, J. N. Richards, George and John Carson of Montrose have recently completed a transaction whereby they become owners of 100 acres of land formerly owned by Myra Hershey. They plan to subdivide and sell their property.

**Ohioans Invited to Join Local Society**

All former Ohioans, who are now residents of "Glendale," the fastest growing city in America, are urged to become affiliated with the "Buckeye society" of which C. N. Wilder is president, which meets once a month for a social get-together and jolly good time. These meetings are held the last Wednesday night of every month at the I. O. O. F. hall, 201 West Broadway. Dances, picnics, musical programs, entertainments, socials and other forms of entertainment are being scheduled by the social committee and officers for the coming year.

The next meeting will be held November 28. All Buckeyes are urged to come, and get acquainted. You are sure to meet your old friends and make new ones. A hearty welcome and good time is assured everyone.

**BIDS ARE SOUGHT**

Bids for the contract to carry mail to and from the Glendale postoffice to the Pacific Electric station at Brand boulevard and Broadway, and to and from the Southern Pacific station, are asked by Postmaster D. Ripley Jackson. Full details of the conditions attached to the contract can be secured from Postmaster Jackson.

Calves are born with eight milk incisors and the premolar teeth.

Glendale Pictures In Art Department

Glendale is to be represented in the art department at the Arcadia annual exposition November 27 to December 1, on Ross field, former balloon school location, by productions by local artists and by Mrs. D. F. Reichard of 1344 Valley View road, who is to serve as one of the judges.

One whole building is to be devoted to the art department, and the exhibit promises to be distinguished by the fact that it will represent every medium of art expression, oils, water colors, prints and sculpture, and that it is sponsored by every art organization in California.

Mrs. Reichard is known for inaugurating the exhibit of fine art compositions in the city schools of Glendale. While president of the Central Avenue Parent-Teachers' Association she launched this idea, and now as treasurer of that organization she is arranging additional exhibits, one of which is hung at the school now. Mrs. Reichard is also one of the charter members of the Glendale Art Association.

**Artists to Judge**  
Serving with her on the judging board at the Arcadia fair will be Anthony Anderson of Los Angeles, noted critic; Julia Bracken Wendt, sculptress of the Otis Art Institute; Dana Bartlett, president of the California Art Club; Henri De Krais, president of the California Watercolor Society, and Lieut. C. T. Kane, commanding officer of Ross field.

There will be four general prizes awarded and a special cup for the best piece of art in the art exhibit.

Harold Swartz of 4116 Verdant street, Glendale sculptor, is to make a portrait bust of the young woman winning the queen contest at the exposition.

## Glendale Heights Extension Offers Investors and Home Seekers Bargains

These pictures show the development work in and about the close-in subdivision known as Glendale Heights Extension. The property provides large and slightly lots, only 20 minutes from Los Angeles, via Adams street, York boulevard, Verdugo road and San Fernando road. The tract is located just south of Glendale Heights, which sold out in record time a year ago and where prices have greatly increased, it is announced.

## SIGHTLY LOTS IN CHOICE LOCATION

Close in Subdivision Put on Market; Well Known Men in Charge

Situated at the intersection of Palmer avenue and Adams street, Glendale Heights Extension, announced today as a choice close-in subdivision, offers home-seekers large, slightly lots only twenty minutes from Los Angeles via Adams street, York boulevard, Verdugo road and San Fernando road.

The developers of this property (Continued on page 3)

## FLOOD OF IMMIGRANTS MOST SERIOUS PROBLEM CONFRONTING SOUTHLAND

New Residents Pouring Into California Bring Assurance of Steadily Continuing Prosperity, Reports Show

A survey of auto camps throughout the country would reveal information of startling importance to Southern California, in the opinion of Roy L. Kent and others who have recently returned from long motor trips.

In one camp alone, at McPherson, Kan., according to the Daily Republican of that city, under a table headed "Strangers in Our Midst," was a list of tourists covering the days October 20 to 23. In a total of ninety, fifty-seven gave Los Angeles county as their destination, while twenty more gave some other point in Southern California. Only thirteen of the ninety were going elsewhere.

Think of the situation that exists the length and breadth of the United States, when out of ninety motorists passing through one little auto camp in Kansas, during three days, seventy-seven were headed toward the great Southwest! Picture America as from some vast mountain top, seeing in relief the north, the south, the east, as well as the west; and behold! along each highway, pouring in from the byways, long black lines of automobiles bound westward.

### Migration Thrills

There is something intensely thrilling about that migration. It is the modern gold rush—with Southern California the El Dorado of their dreams. The grandeur of the 'Days of '49' is with us again. We are in the midst of a picturesque period in California history that, when a decade or two hence is over, will perhaps never come again.

"In the next ten or twenty years Los Angeles county is going to become the great metropolitan area of the west, taking rank beside New York, Boston and Chicago," declared Hugh Pomeroy, secretary of the county planning commission, at the weekly noon luncheon of the Glendale Ex-

change club, November 7. "We are at present entering the transition period. Agriculturally, Los Angeles county, still at the top of the list, will pass; when that time comes, it will have arrived industrially."

"So fast is Los Angeles county growing," the speaker offered in fun, and yet seriously, "you have to lie to tell the truth about it! Are we looking far enough ahead? Are we preparing to care adequately for our tremendous increases in wealth and in population?"

Mr. Pomeroy's chief interest is in obtaining better transportation facilities. But many other problems must be met, if we are to keep faith with this great hoard of tourists pouring into Southern California—and into Glendale, one of its richest gems.

Right here in this city, at the present time, the rental situation is critical. Apartments, bungalow courts, duplexes and hundreds of bungalows and houses are needed. If we continue to fail to supply this need, we do not deserve the influx of wealth and population we now enjoy.

The sewer situation a short time (Continued on page 3)

Several big building projects are contemplated for Central avenue, Glendale, it is reported today.

Building permits in Glendale for the year, to date, are now at the \$8,651,786 mark—and still soaring.

## Have You Seen Crestview Manor OF GLENDALE

A perfect setting for the home that will be the garden spot of your heart. Crestview Manor is the place for the wife and kiddies—for there is plenty of room for your favorite shrubs, roses and sweet peas—and oh, my! the fun and the place for the kiddies to play.

**CHOICE HOMESITES FROM \$2900 and up**

which overlook the entire Kenneth Road district

From Crestview Manor you have a wonderful panoramic view of Glendale to the Southeast; Griffith Park to the Southwest; a vision for miles of the San Fernando Valley and the restful grandeur of the Verdugo Mountains to the North.

—Each lot has a generous frontage of from 60 to 200 feet; has a high elevation; is covered with beautiful flowers. Mountain Street, a scenic drive of rare charm, runs through the center of the tract.

—The restrictions of \$10,000 guarantee homes of rare architectural beauty. Crestview Manor is located immediately north of Campbell Heights—bounded by Bonnie Brae on the south.

### TO REACH CRESTVIEW MANOR—

Drive out Kenneth Road to Ben Lomond Drive; turn to the right to the end of street. As the number of these homesites is limited, MAKE YOUR RESERVATION AT ONCE, if you would be certain of securing a choice location.

## HOUSE PLANS FOR HOME PLANNERS

Cleverness Outwits  
Small Space Pitfalls

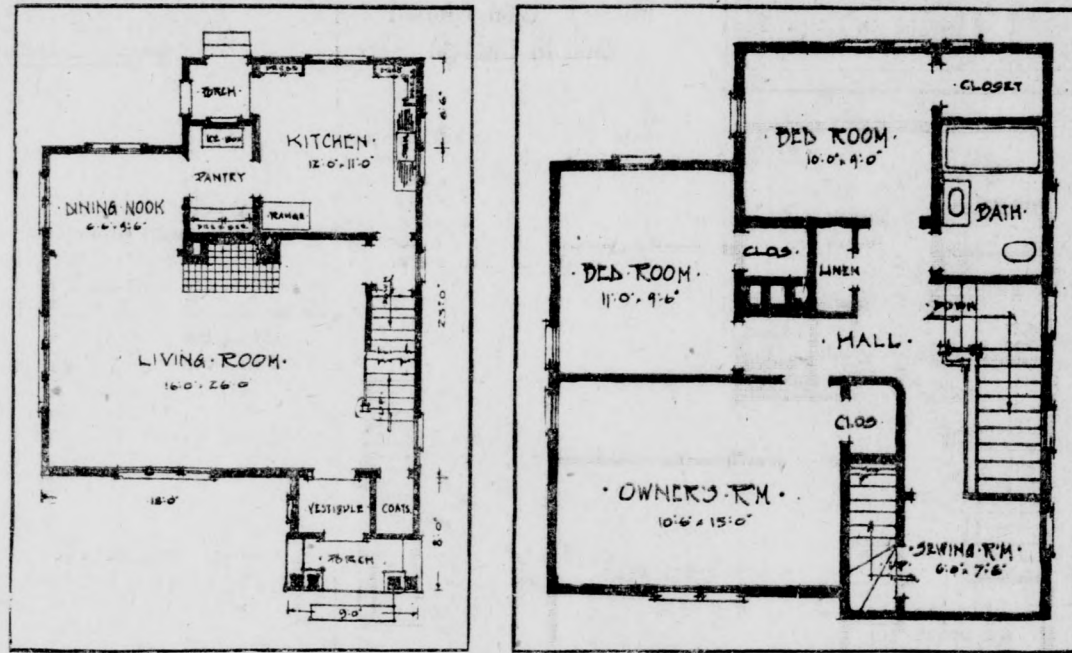

Its Distinctive Layout Makes This Small House Popular and a Wise Investment.

Those who prefer all their sleeping rooms upstairs will find this spacious small house most satisfactory. It is so well arranged that it can be used comfortably by a family of three or four. The stairs to the attic, which is provided with storage space, lead up from a small front room, arranged for a sewing room, but which could also be made into a small study.

There are four closets on this floor; one in each of the bedrooms, and a linen closet in the hall. The bathroom is so placed that it can be reached easily from all the bedrooms.

Downstairs the architect has achieved the spaciousness so difficult and desirable in the small house. He has done this by building the house around an unusually large living room with its cheerful fireplace and charming dining nook, and by having the stairs to the second floor lead up directly out of the living room. The design is carried out in such a way that the living room has light and air from four directions—from the interesting group of windows on the front and side, from the two double windows in the dining nook, and from the window at the foot of the stairs and the one half-way up.

The kitchen is very large for a house of this size. The sink is in the best possible place—right under the window, where the pleasant outlook relieves the monotony of dishwashing and the light and air prevent the harboring of germs. There are never any dark corners in the truly efficient

Ample closet space, a well planned kitchen, storage room in the attic and service rooms in the basement make this an unusually practicable plan for the housewife. Light and air as well as charming effect have been provided by the architect here.

ciently planned house. To make it simple, easy and as interesting as possible is an important achievement. In this particular kitchen there are presses for brooms and brushes and many things needed to lessen the burden of housework.

The exterior of the house is planned with a gentle curve to cover the entrance porch and vestibule, in order to give the exterior the low, sweeping appearance that adds so much to the small house. Delightful dormers are introduced to further this scheme.

The material suggested is stucco with a rough cast surface on metal lath.

Stucco in a soft ivory tint can be used with roofing of a rich, reddish brown or dull moss green. There are so many good roofing materials that the selection can be based safely on the amount you wish to spend. There is very little outside woodwork on this house, and if this is painted ivory white the house will be in one general tone which will not tend to make it look smaller than it really is.

This tiny house is only 27 feet wide by 37½ feet deep, and therefore would be an excellent design for a 50-foot lot. There would be a chance for a small garden in the bargain—and such a house as this should never be built on a lot

way exactly as shown this house would probably not go beyond the means of any who are contemplating building a home.

Since the prices of material and labor vary so materially in different localities we do not attempt to give a definite estimate as to cost, but suggest that you consult your local builder who can give you detailed information as to the costs of your exact needs to be installed in this design. For information as to the procuring of the building plans of this design No. 72, send stamped and self-addressed envelope to the House Plan Editor, care of this paper.

LACK OF HOUSES  
STUNTS GROWTH

Many Prospective Residents  
Lost Through Shortage,  
Says Realty Man

The influx of people into Glendale is causing that slogan "the fastest growing city in America" to bear fruit in excess of capacity to care for the current invasion, according to Mark A. Denman of the realty firm of Denman & Collier, 249 North Brand boulevard. "Worse yet," says Mr. Denman, "the tidal wave of those who would live here is far in advance of our social sense. When we write people to come to Glendale, and then shut the door on their faces and leave them sitting on the curb, what are they to think? "Hosts of fine people are coming here this winter. What is our attitude toward them? Is there no community sense of duty, simply fish for our fry, opportunity for plunder, real estate 'prospects,' and so on?"

**Accommodations Needed**  
"Every real estate office in Glendale is visited daily by home-seekers in this land of their dreams, looking for a spot to pitch their tent, a place to stay, whether it be apartment, flat, bungalow or room. Here we are, a city of 45,000 residents, and countless visitors, yet without a single hotel, a city that depends for its prosperity in no small measure upon our guests, newcomers, climate seekers, old friends from north, south, east, and yet we (some of us) are apparently so avaricious that we are destroying ourselves by high rent and real estate prices, with the result that scores of these prospective Glendadians are being turned away with a bitter taste in their mouths for this city."

"I have seen in the past week numerous of these prospective Glendale families turned away at night, after a day's futile search for a reasonable place to sleep. We have lost them; they will not come again till the grass and roses are growing about their home in some other Southern California city."

**Scarcity Cupidity**  
"I have witnessed the most astounding prices asked for rooms in private homes, the most despicable cupidity in rent and sale prices, simply because 'the season is on'—the 'sucker' season. Nothing will kill a market quicker, will damn and disgrace a city sooner and surer, than such ethics."

"In the present crisis, is it not the duty, even the privilege of every home-holder in Glendale to place every available spare living

Revenue Collectors  
Come for Conference

Los Angeles has been selected by Commissioner Blair for a conference of the collectors of internal revenue of Los Angeles, San Francisco, Nevada and Arizona, to be held on November 19 and 20.

Deputy Commissioner H. F. Mires and Supervisor G. Elmer Brown will arrive in Los Angeles on Saturday to represent Commissioner Blair at the conference, at which office procedure and many important problems which confront the internal revenue department will be discussed.

The conference, which is the first of a series to be held in western states, was arranged at the suggestion of Collector Rex Goodcell, who will preside at the meeting.

Other prominent treasury officials who will be present include Collector John P. McLaughlin, of San Francisco, Collector Louis A. Speller, of Reno, and Frank R. Stewart of Phoenix. Supervisor L. M. Dolde, who is in charge of the district composed of California, Nevada, Arizona and Hawaii, and Supervisors F. P. McReynolds and D. C. Bennington.

Each collector will be accompanied by his chief field deputy and chief office deputy.

This will be the first conference of collectors of internal revenue that has been held on the Pacific coast. The collectors will thoroughly inspect the Los Angeles Bureau, which is rated in revenue circles as a model office. Measures which will result in effective co-operation between the four collection units in California, Nevada and Arizona will be one of the chief subjects to come before the conference.

From Los Angeles, Deputy Commissioner Mires will go to Portland, where a conference of the collectors of Oregon and Washington will be held.

While here Deputy Commissioner Mires will inspect the new income tax filing system, which was originated by Chief Office Deputy Riley and recently installed in the local office and which will probably become standard equipment for all the revenue offices in the country.

## SMALL AREA RICH

The area from which Burma's famous rubies are obtained covers about 66 square miles, mines at present being worked in a region of 45 square miles.

space at the disposal of their real estate broker, for the newcomers? Ask your broker if you wish to sell your property, by listing it at a reasonable price. It will mean a bigger, better, happier Glendale—even if you do not get rich through one or two sales."

NAME 500 ROADS  
IN FREIGHT CASE

California Growers League  
Acts to Reduce Rates on  
Fruit Shipments

SAN FRANCISCO, Nov. 17.—Eastern consumers and California producers of fruit are alike interested in the proceedings brought by the California Growers and Shippers' Protective League against the transcontinental railroads for a reduction of rates. The case is to be heard next month by the Interstate Commerce Commission in San Francisco. Because of the importance to California interests the California Railroad Commission has petitioned for leave to intervene as a party to the case.

The action is directed against practically all rail carriers in the United States and names approximately 500 different carriers as defendants. It is alleged in the complaint that the transcontinental rates on fruits in effect are unjust, unreasonable and prejudicial. Prior to the war increases the rate on deciduous fruit from all Pacific Coast shipping points to practically all destination points within the United States was \$1.15 per 100 pounds. The first order of the Director General of Railroads, effective June 25, 1918, increased the rate to \$1.44 per 100 pounds, and on August 26, 1920, in compliance with the order of the Interstate Commerce Commission, which followed the passage by Congress of the Transportation act, the rate was increased to \$1.92 per 100 pounds. Effective January 1, 1922, the rate was reduced to \$1.73 per 100 pounds, which rate is in effect at the present time to designated points in the extreme Eastern territory. There is at the same time in effect a rate of \$1.62 per 100 pounds to points in the Middle Western territory.

The fruit shippers are endeavoring to have the rate re-established on the basis of \$1.44 per 100 pounds, which rate was in effect on June 25, 1918, and blanketed practically the entire United States.

La Crescentan Again  
Heads Farm Bureau

Following the annual meeting of the Los Angeles County Farm Bureau, held in the grandstand at the Los Angeles County Fair, Pomona, on Farm Bureau Day, Friday, the 19th, H. S. Bissell of La Crescenta was re-elected president of the organization for the coming year. This is the first time in the history of the organization that a president has been re-elected.

E. D. McSweeney of El Monte, second vice-president during the past year, was advanced to the position of first vice-president and chairman of the executive committee. Secretary W. S. Rosecrans of Gardena and Treasurer Ralph McNees of Whittier were returned to their respective positions. S. E. Goodall of Owensmouth was elected state director, succeeding Robert H. Neely of Covina.

The principal action taken at the annual meeting was the unanimous adoption of the new constitution and by-laws recommended to the membership by the board of directors. Under the new constitution a number of important changes will be made in the Farm Bureau organization, and it is expected that much of the coming year will be devoted to a reorganization of Farm Bureau Centers along commodity lines.

Frazier Reed Lauds  
State's Newspapers

In his farewell message to the California Real Estate Association, the retiring president, Frazier O. Reed, of San Jose, commended the work of the newspapers of California as follows:

"It would be impossible to complete my term of office and this letter without again commending the newspaper men and women of California for the excellent support they have rendered our association. Had they not been far-seeing individuals possessed of sound reasoning brains, our association would have failed. I cannot recall the name of a newspaper which did not support us. They even went so far as to write many enlightening editorials in favor of the amendments and commending our association for subjecting our amendments to such a rigid law for the benefit of the buying and selling public solely."

"The newspapers appreciate our weekly news service, for they are always eager to publish clean and reliable news. When you have some good state-wide news send it to Mr. Willaman, our secretary and editor of California Real Estate, and he will broadcast it in our weekly California News Service."

Avocado Growers Meet  
at Fullerton Today

The fall meeting of the California Avocado association, to be held at Fullerton, today, November 17, in the high school auditorium, will particularly feature the marketing of the avocado, stressing the conditions that have arisen with the present crop. A review of the situation will be given by George B. Hodgkin, general manager of the association, followed by a discussion by several principal shippers. In addition to the regular discussions on the program, a special meeting of shippers has been arranged for 3 o'clock, following the regular meeting.

New developments in investigations on vitamin content of the avocado will be presented by Professor M. E. Jaffe of the univer-

Issue 52,450 Licenses  
To Brokers In 1923

Real estate is one of California's principal businesses, according to the recent figures of the state real estate department, which show a total of more than 52,450 licenses issued in 1923 up to October 20 to brokers and salesmen in this state. This is a larger number of people licensed to sell real estate than in any three of the eastern states combined. Many of the new real es-

tate licenses are issued in California to the new applicants who arrive in this state one day, and shortly afterward are selling real estate after being duly licensed. A great number of inquiries are being made by realty brokers of 1923 as to their qualification test, which all must pass, in addition to giving the bond.

President Henry P. Barbour of the California Real Estate association has notified all the members of the state association, including more than 225 cities and towns, that they must not only comply with the qualification test submitted by the commission, but that they must post the office sign, "Licensed Real Estate Broker," as is required by law.

Fruit Men, Farmers  
To Meet at Santa Ana

The fifty-sixth annual state convention of fruit growers and farmers, held under the auspices of the state department of agriculture, is to be held this year at Santa Ana, December 6 and 7, according to an announcement received by Farm Adviser Hodgson. The program for the two days' session is now being prepared, and it is expected that important plans looking toward improvement of marketing conditions will be launched at this convention.

The annual meeting of the Horticultural Commissioners' association will occur in connection with the convention. Horticultural Commissioner Ryan is now working on the program for this meeting.

# Group of Attractive New Residences Draws More Attention to Flintridge

Upper left—Beautiful residence of Arthur Teweles on Beulah Drive. Upper right—New home of Mr. Cummings on Commonwealth Avenue. Inset—Colonial residence of Douglas Mitchell on Berkshire Avenue. Left center—English type home of Standish L. Mitchell on Berkshire Avenue. Right center—English farmhouse of Louis Cass on Berkshire Avenue. Lower left—Attractive residence of Arthur S. Greer on Woodleigh Lane. Lower right—Beautiful home of J. H. Nightingale on Woodleigh Lane.

One of the most ambitious plans ever made by a California city for its beautification is the one now being carried out by Pasadena for the improvement of the Arroyo Seco. The topographical work has been completed and several of the arroyo roads finished. The project includes walling in the river channel, building rustic bridges and winding boulevards, and laying out an eighteen-hole golf course, bridle paths, lawns and flower gardens. Arroyo Seco park promises soon to become one of California's distinctive show places.

The rapidity with which the arroyo beautification plans are being executed is bringing the famous Flintridge residence section into greater prominence than ever. The improvement of the arroyo will make the view from the Flintridge hills, already one of the most magnificent in the country, more splendid than ever. A network of new boulevards is now being completed at Flintridge on the Pasadena side of the Flintridge hills. When the development work is completed and the many proposed residences and villas in this region are constructed, Pasadena will have a residence section overlooking

Arroyo Seco park that will add greatly to the city's fame and charm.

**Great Development**

The most interesting development of the week in Pasadena has been the opening of this new Flintridge tract. This property lies within fifteen minutes from Brand boulevard, Glendale, and only thirty minutes from Broadway, Los Angeles. The view of the arroyo from these new sites at Flintridge makes apparent the wonderful possibilities of the proposed park and boulevard system.

Simultaneously with the opening of this new Flintridge tract, the Flintridge management announces the completion of the annual Flintridge model home. In keeping with the vogue of highland home sites, the model Flintridge house has this year been erected on a commanding elevation. Beginning today and continuing throughout the month, the house, completely furnished to the last detail, will be open daily and Sundays for public inspection.

**Wonderful View**

From the piazza and lawns of the home the visitor commands an amazing view of the famous La Canada valley with the great wall of the Sierra Madre mountains beyond. From this elevation the sightseer is tremendously impressed with the magnitude of the improvements and the extent of the building operations that have been pushed to completion in Flintridge during recent months. Among the notable homes now being finished are those of Louis Case, Standish Mitchell, Douglas Mitchell and Arthur S. Greer. The magnificent Flintridge boulevard system has been greatly extended. It is now possible for the motorist to drive over easy grades throughout the beautiful upland reaches of Flintridge with its famous live oaks and sycamores.

## Woodbury Heights

Has Been One of the Most Popular Residential Parks Ever Offered to the Public of Glendale

Although placed on the market but a few weeks ago, most of the lots have already been sold. However, there are a limited number of

## CHOICE HOMESITES

procurable, including several close-in hillside building sites fronting Verdugo Road, that have groups of oak trees on them.

These lots are immediately available for building, inasmuch as the street improvements are all in. They have sixty foot frontage on Verdugo Road and are well up on the hillside. These are especially attractive building sites.

To go there, go to Lexington Drive, then to Verdugo Road. Tract Office Open

## Glendale Highlands Several Very Attractive Lots Available for Reservation

- 4 on Mountain Street—65 to 73 feet wide and 180 feet deep
- 4 on Maryland Ave.—60 to 70 feet wide and 140 feet deep

These are all very slightly lots and within one block of Brand Boulevard

Subdivision plans for your inspection at our office

## Glendale Heights

A number of especially well located lots high up on the hill-side from which a splendid view of the city can be had. The street improvements are all in and the high pressure water system is now completed.

Our machine is at your disposal to show you these wonderful view lots

## T. W. Watson Co.

Subdividers and Sales Agents

708 E. Broadway, Glendale - - Phone: Glen. 329

## LOTS SELL FAST IN GRANDE VISTA

Corner Property and Some Other Choice Sites to Offer Purchasers

Only a few lots are left at Grande Vista, the slightly tract adjoining Brand's castle on the north side of Mountain street, reports H. N. Landon, owner and subdivider, 212 West Broadway. These few lots, a mere handful, he states, include corners and other choice pieces that in a few months will be held thousands of dollars higher than the prices now asked.

With costly homes rising right on the tract, among them a \$25,000 villa for E. A. Key, built by Roy E. Diem of Glendale, Grande Vista may be said to have passed the subdivision stage, according to Mr. Landon, and to be emerging into a highly restricted community.

Among the special features going in at Grande Vista are a tennis court, practice golf course and children's playground. All utilities, moreover, are being laid in underground cables and an ornamental lighting system and shrub-lined parkway will be other features tending to add to the exclusiveness of the tract.

## Glendale Heights Offers Many Bargains

(Continued from page 1)

are Will P. Hope, Har C. Hardin and Frank J. Weldon. Their office is located at the tract. All were formerly with the J. C. Nichols Investment Company of Kansas City. They chose Glendale as the seat of their future operations after looking all over Southern California.

Mr. Weldon is still with the Nichols company, his associates state, but will arrive in Glendale shortly after the first of the year. This company back in the mid-western city is noted for its artistic development of the Country Club tract, receiving write-ups in such national publications as the American Magazine, Ladies' Home Journal and House and Garden.

**Seek Distinction**

The Hope-Hardin-Weldon firm aim to bring to Glendale, through their artistic development of the Glendale Heights Extension and other tracts, the same measure of distinction enjoyed by Kansas City as the seat of the Nichols company's land operations.

Their tract is located just south of Glendale Heights, which sold out in record time a year ago, and where prices have since increased tremendously, according to Mr. Hope. With the road work being pushed through and grading practically completed, they are ready to offer sites for immediate building, he states, adding that prices range from a few hundred dollars up, the average being from \$1,000 to \$2,500 for sites of generous proportions, with reasonable terms and sure profits, the developers feel. These prices include paving, curbing, gas and water.

## WOODBURY LOTS ARE IN DEMAND

Contract for Street Work Will Be Let at Once It Is Announced

Bids are in for the grading of streets at Woodbury Heights and the contract will be let next week, reports T. W. Watson of the T. W. Watson Company, 708 E. Broadway, developers of this beautiful foothill tract lying along Verdugo road between Lexington drive and Monterey road.

So rapid has been the demand for these fine home sites, Mr. Watson declares, that in the few brief weeks the tract has been on the market twenty out of a total of ninety-three have been sold. A number of the lots are covered with live oaks twenty-five years old, he states, adding a charm to the property not to be found elsewhere in any section as close to the heart of Glendale as is Woodbury Heights.

## Immigration Problem Big in So. California

(Continued from page 1)

back was also critical. Through the untiring efforts of the City Council and other public spirited citizens, a contract for the construction of a sewer system has been entered into between Glendale and Los Angeles, and a bond election has been set for January 8, when every voter who is not an enemy of his city will vote the necessary bonds.

In ten years San Francisco will be hundreds of thousands, perhaps a million, behind Los Angeles in population, and reapportionment will have come by sheer weight of numbers, if not gained sooner by aggressive action. Ten years from now, what will be the population of Glendale? The answer to that question may be rosy indeed, if all residents of this city put their shoulders to the wheel for the things that Glendale needs, to grow great.

## REVENUE RETURNS REVEAL ACTIVITY

Many Lines Show Increases During October, Says Collector's Report

That an almost unprecedented activity prevails in virtually every line of business in Southern California was indicated by a report comparing internal revenue collections for October, 1923, with those of the corresponding month of 1922, which was sent to Washington yesterday by Collector Rex Goodcell.

The outstanding feature of the survey was an increase of 85 per cent in the sales of documentary stamps during October, and for the first four months of the fiscal year of 58 per cent. These stamps must be placed on all deeds for real estate, bonds, notes, debentures, and stock exchange transactions, and the marked increase in stamp sales reflects unusual business activity.

Receipts from the also tax increased 105 per cent for October, showing a production of 509,000 pounds.

**Truck Sales Advance**

Manufacturers' tax on auto trucks made here gained 19 per cent in October, and 67 per cent for the first four months of the fiscal year. The tax receipts increased 18 per cent for October, and 14 per cent for the four-months period.

Manufacturers' sales of \$1,958,000 for the four-months period.

Manufacturers' tax in candy increased 26 per cent in October and 17 per cent for the four months, indicating manufacturers' sales for the latter period of \$2,118,000.

Receipts from manufacturers' tax in purses and head bags increased 70 per cent.

Collections of tax on fountain syrups gained 15 per cent, while carbonic gas used in fountain drinks developed a tax gain of 53 per cent.

Collections of capital stock tax increased 286 per cent for the month.

**Amusement Taxes**

Admission taxes registered a gain of 33 per cent for October, indicating an amusement attendance of 14,400,000 and that \$3,600,000 was spent for amusements. The gain for the four-months' period was 31 per cent.

Dues and membership in social and athletic clubs showed a tax gain of 40 per cent for October and 38 per cent for the four-months' period.

Tax receipts from telephone and telegraph messages gained 30 per cent.

Taxes paid on retail sales of jewelry increased 77 per cent for the month, and the four-months' period showed a gain of 45 per cent. The tax paid represents sales of \$1,500,000 for the month, and \$4,750,000 for the four months.

Income tax receipts increased 18 per cent for October, and 14 per cent for the four-months period.

Total internal revenue collections for the four-months' period were \$13,727,549, a gain of \$1,844,661 or 15 per cent, while sales tax receipts as a whole showed a gain of 27 per cent.

## MELLON PLAN TO SLASH U. S. TAXES

Southern California District Revenue to Be Reduced \$8,225,000, Claim

Federal taxes in the Southern California internal revenue district will be reduced approximately \$8,225,000 annually, if the program suggested by Secretary of the Treasury Mellon is carried into effect, according to estimates prepared yesterday by Collector Rex Goodcell. This tax cut is in addition to the \$15,000,000 yearly reduction provided for by the new revenue act of 1921, making an estimated total decrease in taxes of \$23,275,000 a year.

Under Secretary Mellon's plan, the tax rate on incomes derived from salaries and wages would be reduced 25 per cent; normal tax of 4 per cent cut to 3 per cent; 8 per cent normal tax to 6 per cent; repeal of tax on telephone and telegraph messages and on theatre admissions, with a revision of the so-called jewelry tax. With this plan operative the reduction in Southern California's tax bill would be as follows:

Income (estimated)	\$4,750,000
Telegrams and messages (actual)	275,000
Theatre admissions (actual)	3,200,000
Estimated reduction	\$8,225,000
Tax Reduction Shown	
The estimated tax cut in South-	

## Convention of Club Winners Big Success

On his return from the annual convention of Agriculture Club winners held at the university farm, Davis, County Club Leader F. H. Ernst reports the most successful conference in the history of the club work in the state. More than five hundred boys and girls, winners in agriculture club contests in more than forty counties, were present at the convention and were entertained by the College of Agriculture with a two-day program.

Los Angeles county was well represented with fifteen boys and two girls, who made the trip in four automobiles under the supervision of Mr. Ernst.

ern California under the revenue act of 1921 already in effect follows:

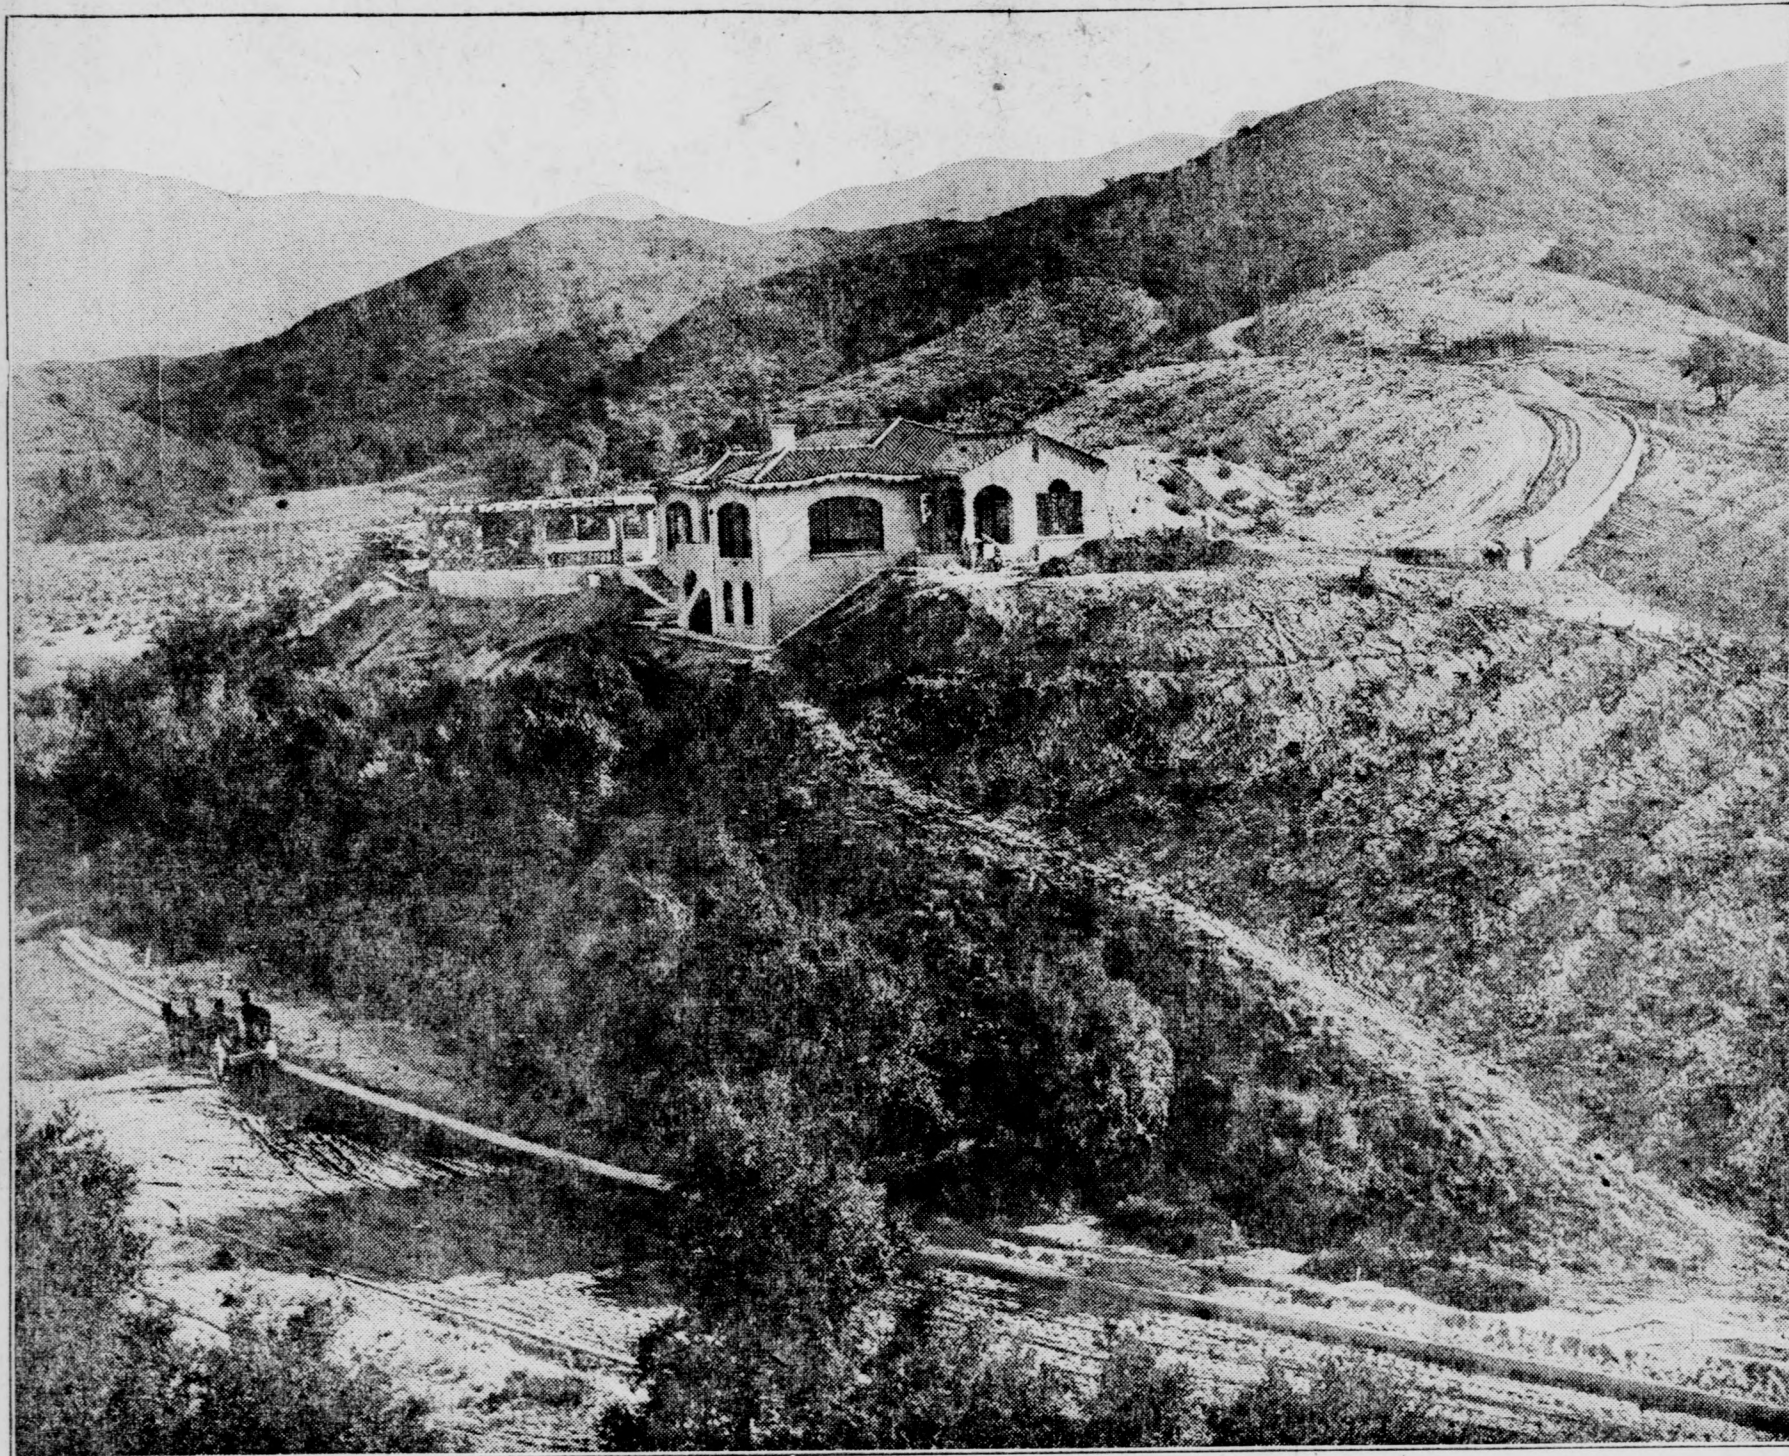

Income	\$7,000,000
Theatre admissions	600,000
Sales tax	850,000
Soda water, etc.	700,000
Transportation	6,000,000
Estimated reduction	\$15,150,000
Mellon's reduction	8,225,000
Total estimated reduction	\$23,375,000

Collector Goodcell said that the repeal of the theatre admission tax would mean that the motion picture theatre and other amusement attendance of approximately 200,000,000 a year, which is now paying an admission tax of ten per cent, would be tax-free.

Expansion in business was expected to furnish new taxes that would offset the decreases which would result from Secretary Mellon's plan, Collector Goodcell explained.

## Magnificent \$50,000 Estate Is Now Nearing Completion at Montecito Park

Magnificent \$50,000 estate of H. E. Barnum now nearing completion at Montecito Park, in the well-known Sparr Heights tract of the Barnum-Walters company, lying along Verdugo road at the north end of Glendale. The home alone, designed by A. F. Leicht, is being built at a cost of \$26,000. The road at the foot of the terrace, where workmen are seen, is Sparr boulevard, which runs from the southern extremity of Sparr Heights north to Flintridge road.

Dedicated less than a year ago to home-seekers of Southern California who demanded the best, Sparr Heights has enjoyed an unparalleled development, by reason of the vast mental, physical and financial resources poured into it without stint by its developers, the Barnum-Walters company, whose main office is now located in the 40,000 Community Center building they erected on the tract in fulfillment of their pledge to the public.

In that brief year now coming to a close, many other pledges have been fulfilled at Sparr Heights, points out M. Walters, one of the partners in the development. Miles of streets have been laid, together with curbs, sidewalks, gas, water, electricity, landscaping and innumerable details of tract-building that escape notice in the overwhelming mass of accomplishment seen on all sides.

Ocean View boulevard has been put through from Michigan boulevard on the north to Verdugo road on the south, making a new main artery of travel that will relieve the congestion on the section of Verdugo road now carrying all this traffic. Sparr boulevard has been created, running from the southern extremity of Sparr Heights north to Flintridge road, on the east side of the street, in Montecito Park. And Verdugo road has been paved on the west side from the corner of Montrose and Honolulu avenues on the north to Canada boulevard on the south, not only further serving to eliminate the traffic congestion but developing a very desirable business section, where stores are already up and more to follow.

With over \$2,000,000 of sales recorded during less than a year Sparr Heights has been on the market, and with cash expenditures of \$242,336 to date in developing the property, Mr. Bar-

num reports, it is seen that this beautiful valley, nestled in the green Verdugo hills has indeed been transformed. A total of forty-six homes are at the present time either completed or under construction, forty of these at an average of \$5,000 making a total of \$200,000, while six additional homes of the palatial type add another \$100,000 to the figure, bringing it up to \$300,000.

**Large Developments**  
A further \$125,000 has been spent in developing the grounds and building the charming English-type clubhouse of the Oakmont Country club, lying in Sparr Heights west of Verdugo road, states Mr. Walters, and this figure will be largely exceeded before the structure and its eighteen-hole golf course, swimming pool, tennis courts and other features are completed.

Literally scores of homes, more-

over, are about to start at Sparr Heights, according to plans made known by property owners there. At the end of another year, Mr. Walters feels, a large community will be in full swing, with every facility for its needs and desires right at hand.

"We do not believe that in all Southern California there is a peer to Sparr Heights," he says, "and swiftly Glendale, Hollywood, Los Angeles, Pasadena and other surrounding communities are coming to accept that view. In but a few brief years, Sparr Heights and its third unit, Montecito Park, are going to be as internationally known as Bar Harbor, Newport, Santa Barbara and Coronado—and when that time comes, buyers at the present low prices we are asking for this highly improved property are going to reap the full profit of their vision."

**Beautiful Homes**  
Mr. Walters reports that Unit 1, of 750 lots where the restric-

tions averaged \$3000, is sold out; that Unit 2, of 286 lots where the restrictions averaged \$4000, has but eleven residences and twenty-five business lots left; and that Unit 3, or Montecito Park, of 428 lots where the restrictions are a minimum of \$7500, is selling at the rate of \$12,000 a day.

The following beautiful homes are reported by Mr. Walters as now under construction at Montecito Park:

H. E. Barnum, home \$26,000, grounds \$22,000, architect, A. F. Leicht.  
Elgin Taylor, home \$17,000, grounds \$7500, architect A. F. Leicht.  
J. Bishop, home \$15,000, grounds \$4000, architect Robert Stacy Judd.  
George Giardini, home \$12,500, grounds \$4500, architect Robert Stacy Judd.  
W. Walters, home \$35,000, grounds \$25,000, architect A. F. Leicht.

## The Opening of the New FLINTRIDGE HIGHLANDS ROAD

The newest, most unusual scenic drive within easy distance of Los Angeles is today open to the public at Flintridge—commanding magnificent mountain panoramas and valley vistas.

## FLINTRIDGE

"A Community of Homes—Not a Subdivision"

You owe it to yourself to know the facts about this famous region where city and country meet—where you will find combined in a most unusual way all the conveniences of city homes along with the happy, healthful life of the suburbs.

The charm of Flintridge is in its maturity—it is not a subdivision to be lived in uncomfortably today in the hope of a better future. Flintridge is ready today for your enjoyment.

Investigate and learn that attractive sites are available in Flintridge at less than is being asked in most raw subdivisions. Restrictions range as low as \$3500.

We have just opened up several attractive hillside sections in Flintridge—matchless views, live oaks, winding boulevards. It will pay you to know about today's opportunities at Flintridge even if you are not yet ready to build. The increase in value of the lot bought today will go a long way toward financing your home later.

Motor out to Flintridge tomorrow via Verdugo Road, Montrose and Michigan Avenue. Take the new scenic drive—don't fail to visit the new Ideal Hillside Home, completely furnished, just completed.

## WONDERFUL VIEW IDEAL HOMESITES

Crestview Manor Proves to Be Popular; Range of Selection Is Wide

Crestview Manor, "the site for the home supreme," adjoining and overlooking Campbell Heights tract and fronting on Matilija road, is already one-fifth sold out, though on the market but one week, reports Frederick C. Wolter of the Wolter Realty Company, 203 North Brand boulevard, developers of the tract.

Offering a unique combination of view and accessibility, Crestview Manor has made its appeal straight to heart and to common sense, according to Mr. Wolter, who states that all who have come up and looked over the property have agreed there is nothing else like it in Glendale.

Many lots have been spoken for in addition to those actually sold, he states, urging all who contemplate buying in this choice residential section of Glendale to make their reservations before it is too late. With Pacific Electric buses now serving the Kenneth road section on a thirty-minute schedule, the last step in the development of this territory has been taken.

**Many Fine Homes**  
Everywhere around Crestview Manor costly homes are rising, and restrictions of \$10,000 on one-story homes and \$12,000 on two-story homes have been set, Mr. Wolter states, insuring construction here in keeping with the neighborhood. Architectural beauty will be paramount.

Prices range from \$2,900 to \$8,250 for sites from 60 to 200 feet frontage by 150 to 180 feet in depth, offering a wide range of selection, not only as to size but contour.

## Santa Fe To Have New Shops, Equipment

The Santa Fe has appropriated \$3,399,843 for shop extensions, new machinery and other equipment at San Bernardino, where the railroad system maintains the largest terminals on the coast.

Of this huge sum, \$938,211 is for a machine shop bay, 90 by 637 feet, which will replace the present building. This more than doubles the present capacity and will allow several hundred additional mechanics to be employed. The present boiler and tank shop with its various additions is to be removed and a new boiler shop erected, 163 feet in width and about 673 feet long. This item will cost \$852,794. A new transfer table, 120 feet wide by 555 feet long, will cost \$69,100. Other buildings, track work, sewer drainage system, grading, paving, etc., will add another \$627,997 to the aggregate. Machinery and tools will cost \$911,739 more.

This 1923-4 program and construction will begin on the several units just as quickly as the contracts can be closed. It had been previously announced that about \$1,750,000 would be used in enlarging the shops, covering a period of about one year. Due to the rapid growth of the company's business, it was decided to proceed with the larger program, as additional shop facilities are very necessary.

## ELECTRIC ROAD

An electric railroad has been built up the sides of some of the steepest mountains in Spain, near Madrid.

The Griffith park range in the foreground and the city of Glendale to the southeast, with the wide San Fernando valley stretching away to the southwest," says Mr. Wolter, "with the view magnificent and the air a tonic, it is no wonder that Crestview Manor has proved an immediate success."

## BROKERS ADHERE TO SIGN RULING

State Commissioner Keiser Praises State Realtors In Obeying Law

In the October issue of California Real Estate, State Real Estate Commissioner Edwin T. Keiser writes as follows to the editor:

"The inspectors of the State Real Estate Department report a desire upon the part of most licensed brokers to comply with the law in reference to the sign. However, many have not as yet provided themselves with signs for the reason that the sign painters are overworked and are away behind on their orders.

"There has been some question raised by the realtors as to the size of the letters used. No order has been issued specifying any particular size. The size, I think, should correspond with the surroundings and location under which the sign is displayed. John Doe, Realtor," or "John Doe, Licensed Real Estate Broker," will be sufficient, in my opinion, to meet the requirements of the law. I do not anticipate any serious trouble in securing the co-operation of the brokers in the state upon this matter. Practically all the brokers, with a few exceptions, express a desire to comply with the law when their attention is called to the matter.

"All persons filing bonds with personal sureties must see that the questionnaire of sureties is filled out in full. No deviation from this rule will be permitted. If the bond is sent in without being properly filled out, it simply means delay in receiving of license. A license will not be placed on the records as issued until the questionnaire and bond have both been filled out satisfactorily to the real estate commissioner.

"E. I. Bryant, Los Angeles real

## Tractor School Will Be Held in December

Farm Adviser Hodgson is arranging for the third annual one-week tractor school to be held the third week in December according to a report just received. For the past two years a one-week tractor school has been held early in January and both years the activity has been staged at Covina. At the present time it has not been determined whether the school will again be held at Covina or not. It is quite likely, however, that it will be held at some point in the San Gabriel Valley in order to meet the convenience of the greatest number of tractor owners and operators.

At both previous schools the enrollment has been heavy and those taking the course have unanimously testified to its value. An enrollment fee of \$2.00 per student is the only cost in connection with the course. The school is limited to tractor owners and operators. Those expecting to take the course are asked to enroll early sending in their names and enrollment fees to the Farm Adviser, 202 N. Broadway, Los Angeles.

Further announcements concerning the location for the school and the character of the instruction to be offered this year will be made in the near future.

## LANGUAGE RECORDS

Specimens of the languages of more than 200 nationalities have been made on phonograph records for a reference library in Germany.

estate broker, has appealed from the decision of the real estate commissioner revoking his license. Bryant has questioned the constitutionality of the act on the ground that it is in restraint of trade, class legislation, giving judicial authority to a non-judicial officer—in fact, questioning the constitutionality of every section of the act. The Los Angeles Realty Board has offered their counsel's services to the attorney general in fighting this case.

## TAX ON PROFITS TOTALS \$125,000

Sales of Real Estate Bring Notable Addition to Income Payments.

More than \$125,000 in taxes has been tendered the government by taxpayers who failed to report profits derived from the sale of real estate in their income returns for 1919, 1920 and 1921, according to a report made to Washington yesterday by Collector of Internal Revenue Rex Goodell.

Where the taxpayer voluntarily discloses the item of income he failed to report, and files an amended return and pays the tax, only nominal penalties are imposed, but where the investigations of a field deputy unearth the tax maximum penalties are asserted. Yesterday a well-known contractor called at the revenue office and, explaining that he had misinterpreted the law, filed an amended return which included real estate profits he had failed to report. He paid an additional tax of \$2,583.

Every real estate transfer recorded since 1919 will be checked against income returns filed in the district for these years. It is believed that during the investigation thousands of dollars of concealed tax will be developed.

"Don't wait for the field deputies to unearth real estate profits that have not been reported in your income returns," Collector Goodell advised.

"Voluntarily disclose the item you have failed to report, file an amended return and escape maximum penalties."

## MOTOR BUSES

Paris is experimenting with six-wheeled motor buses of large carrying capacity in a search for a solution of its transportation problem.

## Diet and Health

By Lulu Hunt Peters, M.D.  
Author of "Diet and Health, with Key to the Calories"

### ANSWERS TO CORRESPONDENTS

**A. A. K.:**—According to the average scale, your weight of 126 at 18 years of age and a height of five feet five inches is the average. You say your only trouble is your teeth, which are soft, and you have lost a few, and that the dentist has told you that you will have to wear false teeth in 10 years from now. I do not wonder it makes you shiver to think of it. You say you drink very little milk, but you eat lots of bread and quite a few cookies and fruit and vegetables. I presume you are eating white bread and cookies made of white flour. Your diet is wrong, dear girl. Continue your fruit and vegetables, change your white bread to whole wheat bread, and take a quart of milk a day. If you can't get milk, use a milk substitute. The time of the milk, if you do not take milk as a drink, take it in some other form, with your whole grain cereals, in cottage cheese, etc. The sooner you begin this regime, the better. Will you tell us about your improvement in a few months?

**Mr. H.:**—Read my advice to A. K. about the diet for growing girls. Your daughter who is stop shouldered, should have corrective exercises. Perhaps she could join a gymnasium for this or have a special teacher. Exercises on the hanging bar are especially good. Pay proper attention to her diet, see that she gets sufficient calories of the right kind of food, and some corrective exercises, and the other hygienic necessities. You need not worry that at 14 she has not begun to menstruate yet. Many healthy girls do not menstruate until 17, and sometimes later than that.

**Mrs. R. H.:**—Yes, the hot water treatment which you say your physician advises for an infected finger and which was so successful with you, will give splendid results in many cases. The method he told you to use is a very good one. That is, to put a dish of water with a little Lysol in it (1 teaspoonful to the quart is sufficient) on the stove and hold the hand in it until it is as hot as you can possibly stand it. It is the heat more than the Lysol or any other antiseptic that does the work. The treatment can be repeated if necessary, every three or four hours. It may cause a felon to abort sometimes.

If this home treatment does

not result in the swelling going down, then it would have to be lanced. It is wise to consult a physician, however, in cases of infection from stepping on nails or dirty splinters (especially in the streets or stable yards) or from gunpowder explosions, on account of the possibility of these things causing contamination by the tetanus or lockjaw germs. In this case an injection of anti-tetanus serum will prevent lockjaw.

**Mrs. B.:**—If your breast fed baby has a skin eruption, it is possible that some food that you are eating is disagreeing with her. Usually it is some form of protein (meat element in food) that is the offender. Most often eggs seem to cause the trouble. Fish, pork, oatmeal, strawberries and other foods may also disagree. Try leaving some of these things out of your diet and see what effect it has.

Are you feeding your baby regularly and not too often? Every four hours is often enough for the average baby at five months. Better consult a baby specialist. The protein tests are given in well equipped laboratories, and will determine just what it is in your diet that is disagreeing with the baby.

**Mr. A.:**—Your diet of white bread, meat and cereals, is too high in acid-forming foods. Include at least a pint of milk and considerable fruit and green leafy vegetables to offset this. We have an article on acidosis you may have by following the rules of the column.

**My Dear Followers:** When sending for material which we offer you, please remember to enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose 4 cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 25 words, and type them, if possible, legibly with ink. Please sign your name as evidence of good faith; will not use any other name. Remember, it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual replies. The questions you ask will be answered in the columns as soon as possible, if they are of general interest. If you expect me to send you the information I have offered.

## DAILY FASHION HINT

Prepared Especially for The Glendale Evening News

PICTORIAL REVIEW

FOR SMART WARDROBES

The diversity in theme is one of the charming features of the new season's blouses. Paris is fond of using pockets of lingerie linen on models of satin, crepe and velvet, as, for instance, in the blouse pictured to the left. Black, gray, cocoa, cinnamon or navy would be a fashionable color for this model, with the motif embroidered in bright silks. The skirt is of satin, laid in fine plaits. Medium size requires 3 1/2 yards 36-inch material for blouse and skirt.

Black velvet makes up the second model, which has a richness that is as emphatic in treatment as in material. A deep band of embroidery finishes the lower edge of the blouse, which is held in at either side with string-tie belts of self-material. The skirt is a two-piece model, closing at the left side. It has a narrow straight belt and, if preferred, inserted pockets may be added. Medium size requires 4 1/2 yards 40-inch velvet.

First Model: Pictorial Review, Blouse No. 1712. Sizes, 34 to 46 inches bust. Price, 35 cents. Skirt No. 12820. Transfer, blue or yellow, 25 cents. Skirt No. 1608. Sizes, 34 to 50 inches bust. Price 35 cents. Second Model: Blouse No. 1732. Sizes, 34 to 46 inches bust. Price, 35 cents. Embroidery No. 12816. Transfer, blue or yellow, 35 cents. Skirt No. 9308. Sizes, 34 to 40 inches waist. Price, 35 cents.

## Heart and Home Problems

By MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: I have always prided myself on being very generous, but lately I am beginning to think I am small instead. About six months ago I met a girl whom I liked very much. Her parents do not live in town and so I invited her to have a dinner with me. She seemed to have a very good time and my parents liked her as well as I did. From that time on she was a frequent visitor. I often invited her to dinner and I always made her feel welcome when she came without being invited.

The thing which makes me positively dislike this girl at times is the way she has of borrowing small sums of money. If we go

anywhere together she never has change to pay carfare and so I pay it. Besides this she will ask me if I can lend her change for the next day because she has nothing but a five-dollar bill. The last time we were together I had explained that I had spent too much money that week and wouldn't make my pay reach. Before we parted, in spite of what I had said, she asked to borrow a quarter.

The worst of it is I haven't character enough to object. I simply turn over money to her whenever she asks for it and then I am disgusted with myself for doing it. Please help me in regard to this girl. I enjoy her companionship very much, but I certainly do not like to be upset all the time because of the loss of ten cents or a quarter.

GERTRUDE H.

The fact that you are upset because your friend borrows small sums of money which she does not pay back is no sign you have a small nature. Even the most generous of people would be ruffled by such a thing. You show how generous you are or you would learn from an experience or two and after that you would refuse to be victimized.

The next time the girl wants to borrow you ought to tell her that you need your change as much as she does and since she never pays it back you prefer to hang onto it. You could tell her in a half-joking way which would not offend her. As a matter of fact the kind of person who accepts your hospitality and asks for more in the way of money lacks in sensitiveness and you would have a hard time offending her.

Make it a point to have the right change for carfare in your pocketbook all the time. Then when you get on a street car, pay your own fare and walk in. If your friend says it is necessary to have a bill changed if she pays

### BE PREPARED FOR COUGHS

Do not wait until an attack of "flu" is upon you. Take care of the little cough or cold and prevent the big one, or an attack of "flu." Bear in mind Foley's Honey and Tar, the safe and sure remedy for coughs, colds, bronchial and throat troubles and coughs resulting from "flu." Foley's Honey and Tar—the largest selling cough remedy in the world—free from opiates. Get the genuine—refuse substitutes. Glendale Pharmacy, 638 East Broadway; Hub Pharmacy, Glendale and Colorado; Acacia Pharmacy, 922 South Glendale Avenue.—Advertisement.

## BEAUTY CHATS

I have been collecting for some days a lot of letters which I can't answer. I think I'll quote bits of them here. Other readers may be more fitted to cope with them than I.

Betty and Peggy want to know how to "start a conversation interesting to young men." Now, what can one answer to that? I might be cynical and tell them to make the young men talk about themselves, but I realize that there are many young men too bashful, or even too disinterested, to find themselves an absorbing topic. Perhaps some young men would be good enough to tell me what subjects they do like most to be talked to about, when talking, that is, to a couple of charming young girls they have never seen before.

Here's another young girl who says her eyes are not clear and that she wants an eye wash to make them so. There are so many reasons for the eyes not being clear that I felt helpless when I tried to give her a list of them. Eyes can't be washed like linen. A similar letter comes from a young girl whose eyes are small, who wants to know a way to make them large. As far as I know it can't be done, though I have read tales of actresses who had their eyes slit at the ends, but it seems to me that this would only give them an unpleasant stare.

Here's another one from a woman who bought a house in a new neighborhood, and finds that the neighbors refuse to make friends with her. What can she do, she asks, for she hates to move, and feels desperately lonesome. I can think of nothing but to suggest selling the house and moving to an entirely different neighborhood where people might

be more sociable, for a bad beginning is an impossible handicap. She might, by joining a church or club in the neighborhood, make friends elsewhere.

B. S. M.: The oiliness of your skin over the shoulders will be relieved if you use bran or oatmeal in the water when washing. The best way to do this is to make small cheesecloth bags to use as wash cloths, and into each put a few tablespoonsful of the meal.

If the pores are enlarged add a pinch of powdered tincture of benzoin to each cupful of the meal, or rinse with water that has had a drop or two of benzoin added—just enough to give it a milky appearance.

One reason why the milk you have been taking so long has not fattened you is the fact that you took it while working during the day. Try taking the same amount heated and just before going to sleep at night, and add as much cream to it as you can, even to a half pint of cream to a pint of milk.

B. E. A.: The cream you mentioned is a trade preparation, and they article that you read must have been advertising it.

The best way to reduce is through the diet, and if you are interested to do it this way I will mail you such information about it, on receipt of a stamped, self-addressed envelope requesting it.

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker response is desired, a stamped envelope must be enclosed with the question.—The Editor

## With the Women of Today

By MRS. LILIAN CAMPELL

Miss Beatrice Brown is dean of Radcliffe college, and is thought to be the youngest woman to hold

inauguration as president of Dr. Ada Louise Comstock of Radcliffe.

### TEN-HOUR WORK DAY FOR THE CHINESE

Many of the worst evils of child and female labor in China will be abolished if the local governors carry out the provisions of a presidential decree establishing a ten-hour day in factories employing more than one hundred workers and under 17 years of age.

The government of the republic is unable to accept the principle of a weekly rest day, because traditions and custom in China are not the same as in the western countries. Nevertheless, rest periods of at least two days in the month for adult workers and of at least three days in the month for male workers under 17 years of age and for female workers under 18 years of age are provided.

### STEALS FROM CURIOSITY

A woman who pleaded guilty recently to shoplifting charges in New York city told the court that her predicament was due to curiosity to see what the inside of a prison looked like. She said her curiosity was aroused after viewing the motion picture war story, "Norma Talmage played the principal role."

### RAISES VEGETABLES NEAR ARCTIC CIRCLE

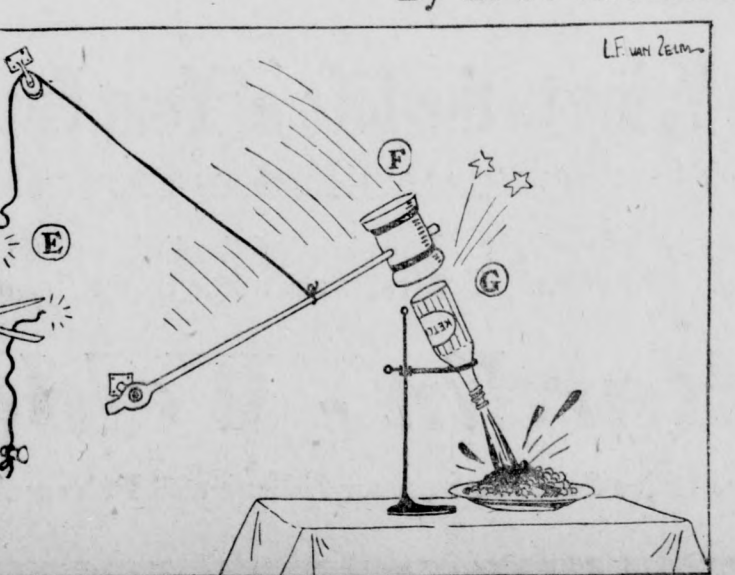

Within 100 miles of the Arctic circle, Cordelia M. Karshner has succeeded in raising as many as 350 bushels of potatoes to the acre. She has homesteaded a piece of property in Alaska in a valley containing hot springs, and it is due to the warmth given off by the springs that she is able to raise to maturity melons and tomatoes.

### REOPENS TOLSTOY SCHOOL

The famous Tolstoy school at Yasnaya Polyana, the old Tolstoy estate in Russia, which was started by Count Tolstoy, the famous Russian author, to carry out his experiments in educating the peasants and their children, and which grew into the first public schools in Russia, is again being operated by Countess Alexandra Lvovna Tolstoy, the count's daughter. She has the co-operation of the wife of Leonide, who is an official in the department of Education in Russia, and who admits that the countess' school "is setting an example for other schools in Russia."

Alligators are very fond of dog-meat.

**Who's Who in the Day's News**

**CHRISTIAN RAKOVSKY**  
As the new envoy to London of Soviet Republics (commonly referred to as Soviet Russia), Christian Rakovsky, leader of the Ukrainian workers and peasants, becomes one of the central Communist figures in Europe. He has just assumed his new duties, succeeding Leonid Krassin. The most important part of his new duties is the negotiating of commercial relations with Great Britain and other countries.

Rakovsky was born at Kotei, a small town in the Dobruja, now Romanian territory, but then belonging to Bulgaria. He left Bulgaria early, having already as a schoolboy incurred persecution for translating a work of Engels, and studied in various universities in Switzerland, Germany and France. He came during this period into contact with Plekhanoff, Alexrod and Zaslavitch, the leaders of Russian Social Democracy.

From 1900 on Rakovsky gave his best energies engineering the labor movement in Roumania. He was repeatedly imprisoned and driven from the country, but finally in 1907, a rising of the whole of the organized labor compelled the government to come to terms and to release him.

Rakovsky's connection with the Ukraine began with his protection of the Ukrainian crew of the Russian battleship "Potemkin," who mutinied in 1905 and were compelled to take refuge in Roumania. With Lenin and Trotsky he was among those chiefly responsible for calling the International Socialist Conference at Zimmerwald in 1915. He was again imprisoned in Roumania for his propaganda against the war, but was released by Russian soldiers when the Russian revolution broke out in March 1917. He at once went to Odessa and began a "stop the war" campaign. This was, however, stopped by the Kerensky government.

After the outbreak of the November revolution he was found at the head of the fight against counter-revolution both in Russia and in the Ukraine. In 1919 he became president of the Council of People's Commissaries in the newly-founded Ukrainian Soviet Republic.

The bulk of his energy has been devoted to the task of feeding the population of an area repeatedly devastated by civil war and invasion, and then stricken by famine and disease, and to the restoration of its agriculture and industry.

## "DREAM VALLEY"

I have lived in Los Angeles for a year, in a rented bungalow. In that time I have sought ceaselessly to choose from all this rioting beauty the homesite of my visions. One day recently a friend drove me five minutes north of Glendale, out the old Verdugo road. MY SEARCH WAS ENDED! What breath-taking beauty! What massive strength of land character! To me, Montecito Park in Sparr Heights was absolutely a revelation. I did not imagine that such an exquisite "dream valley" existed in the world as these purple-tinted acres between the high Sierra Madres, the placid San Rafaels and the green-clad Verdugo Hills. My family and I will be living in MONTECITO PARK within three months!—STATEMENT by recent buyer in Montecito Park in Sparr Heights.

Crash! Hustle! Roar!—the symphony of a city of a million souls, Los Angeles. Twenty minutes out—the same crescendo staccato blending of commercial throbbings, Glendale. Another five minutes out!—ah, here are slim peaks etched against the purple sky . . . slender trees, eager for the sun's caresses . . . brazen castles jutting from the hills . . . modest bungalows half-smothered in blooms of a thousand flaming tones . . . and over all the sheen of eternal summer! This is MONTECITO PARK.

MONTECITO PARK is the restricted hillside residential district of the famous new residential town, Sparr Heights. OAKMONT COUNTRY CLUB, nearly finished, is in the heart of Sparr Heights and every lot in MONTECITO PARK looks out over the club and golf course. That means values! We are spending hundreds of thousands in sidewalks, cement streets, curbs, water, gas, electricity, etc., in MONTECITO PARK. Two million dollars' worth of homesites sold already! Call at any office for information. . . .

### *Oakmont Country Club*

with its 18-hole golf course, swimming pool and tennis courts is nearly ready. Every lot in

## MONTECITO PARK

faces Oakmont Country Club. Homesites in the hills of Montecito Park gain value with every stroke of the carpenter's hammers on the Oakmont Country Club.

DRIVE out W. 1st St. to Glendale Blvd., thence into Glendale Ave., at Forest Lawn Cemetery, Glendale. North on Glendale Ave., into Verdugo Road, and thus on, 5 minutes to Sparr Heights Community Center Building.
